D. Harrington & Son have a full line of picture frame mouldings.

There's always something missing without I. W. Harper whiskey. It's so old and so extensively used everywhere that we should find it hard to get along without it. Sold by W. E. Welford.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough, when everything else failed." Dr. King's New Discovery not only reaches the cough spot, it heals the sore spots and weak parts in throats, lungs and chest. Sold under guarantee at Calvert's drug store. 50c. and $1.00. Trial bottle free.

Rat-a-tat-tat! The old soldier stood on the door step and listened.

"Washing day," he exclaimed; "no luck here, that's pretty sure."

"I expect it's only another blothering beggar—drat them!" muttered the sharp-faced woman within, as she hastily snatched her hands out of the streaming water tub and marched grimly forward to meet the base disturber of washing day's rites and ceremonies.

"If ye please, mum," said the ancient hero, "I've lost my leg—"

"Well, I ain't got it!" snapped the woman. And the door closed with an awful bang.

BAD ATTACK OF DYSENTERY CURED.—"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told I had it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by all druggists.

A young man of Boston, who had failed to pay his laundry bill, endeavored to turn his Chinaman aside from inquiry by an attack upon the Celestial's manner of speech.

"Why do you say 'Fliday', John?"

"Slay Fliday, 'cause I mean Fliday," replied John stoutly. "No say Fliday and mean may be wlock after nex,' like Mehican man."

WHOOPING COUGH.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by all druggists.

For Hog Cholera.

A writer in the Southern Agriculturist recommends arsenic for cholera in hogs. As most cholera in Texas, however, is caused by worms, it might not work on the disease in Texas. But here is what he says about it:

For two seasons I had lost hogs with cholera and had tried almost every remedy without success. I had a bunch of sixteen six-pound shoats very sick with cholera, and by this treatment I saved every one. I also cured three weeks-old pigs by giving the treatment to the sow.

To each shoat give three grains of arsenic and five grains to each aged hog. Any druggist can dose a sample. Make dough of three parts meal and one part flour, mix with water and bake half done. Make balls of this the size of marbles, open the ball with the small blade of a knife insert the required dose and close securely. Give one ball to each hog. Treatment should be given twice per week until cured. Give occasionally as a preventive.

If a hog should get more than the required dose it will not hurt, only make the hog vomit. This remedy was given me by a well known physician of this place, and of many years' experience. The arsenic should be kept in a well corked bottle and great care should be used in handling arsenic, being a deadly poison.

Bread dropped by hogs while eating should be picked up and burned. It is useless to give in slops, as it is heavy and sinks and hogs cannot get it.

THE WOMAN'S BEST CHARMS is not entirely freedom from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier, the antidote for every form of debility, weakness, nervousness, and insomnia. Sold under guarantee at Calvert's drug store. Price 50c.

The first dress suit that ever came to Kansas came with the "aid" from Boston during the dry summer of 1860. Some rich man in the East contributed it, having outgrown it, and a farmer named Paswell in Kapioma township in the county, ploughed corn in it all summer.—Atchison Globe.
