SATURDAY, AUGUST 17, 1907.

We give below an extract from the Austin Tribune's writeup of the recent Confederate reunion at Driftwood:

"A part of the first day's budget, sent by your reporter, was, from some cause left out, and one part of it, in particular, which referred to the speech of Judge Oldham, formerly a lawyer of Houston, but who has of late been engaged in farming and stock raising a few miles above Austin, must not be omitted. Judge Oldham is an old Confederate soldier and his speech was, in consequence more highly appreciated by the other old soldiers than any other. Judge Oldham said:

"I will depart from the custom and style of the ordinary speaker, who addresses ex-Confederates. I will suppose that a stranger, one who has never heard of our great civil war, is passing along the road in front of this tabernacle and seeing this immense throng he asks what brought them together. In reply he is told it is a few old Confederate soldiers come together in annual reunion and a host of their children and grand children have met with them to wait upon and honor them and to assist in every conceivable way to make them late a good time. This stranger friend would ask, what is a Confederate soldier? and what did he fight for? Explain it all to me.' And then I would tell him of the formation of United States goverment, of the rights delegated to the states, of the small amount of authority vested in the central government, of slavery and who introduced it, of secession and the war which followed." And then Judge Oldham very eloquently recounted the history of the war, as he and so many others present knew it and saw it and lived it. The frequent applause from the old soldiers showed that he was touching a responsive chord, as each incident was related. To the veterans present it was no doubt the most real picture they have had painted for many years. All next day one could hear them say one to another, referring to the different battles, marches, etc: "Wasn't that true." "Just like I saw it," etc.

These old soldiers, of course, appreciate and enjoy the honor accorded them by their sons and daughters, the splendid tributes paid to them in the utterances of the younger men, but a speech by an old comrade as he recounts the battles they fought together, the privations and hardships of camp life, interspersed here and there with funny little incidents, the home coming at the close—in some cases joyous, in others so fraught with pain that the sufferings of war are nothing in comparison, seems to touch them in a spot never reached by anyone else and in preparing programs for reunions this fact should be kept in mind, and as many old soldiers as are possible, should be put on the program."

Capt. Oldham, at the opening of the war was a college boy of eighteen, at Soule University, Chappell Hill, Texas. His father, Judge W. S. Oldham was in Montgomery, Ala., a member of the provisional Confederate congress. The war fever was sweeping over our land, so the boy wrote to his father of his desire to join the army, telling him that if he did receive a letter forbidding his enlisting, he would consider that he had his permission to go with the Terry Rangers. However, he took no risk for he didn't give time for the letter to arrive. He entered as private and at the close was Capt. on the staff of General Kirby Smith. He is a brother of Mrs. J. W. McCarty of our town.

The HEADLIGHT's deepest sympathy goes out to Editor and Mrs. John H. Brooks of the Weimar Mercury in the accidental death of their little two-year-old baby boy, which occurred in Weimar last Saturday. The little fellow was in the best of health and while playing and in boyish glee got hold of some gasoline which had been accidentally left within his reach. The funeral took place from the family residence Sunday afternoon.

Mayor W. S. Strickland has appointed a committee to investigate the putting in of a sewerage system for Eagle Lake. After thoroughly investigating the matter, if this committee finds that it will not cost the city too much to put in a good system, Mr. Strickland will order a special election to determine whether the majority of tax payers favor the move or not.

Mr. Dan Buffington, who has been chief dispatcher on the United States Battleship Baltimore handling wireless telegraphy for the past four years, returned home Tuesday afternoon. Dan enlisted for four years' service, his time having expired he received his discharge in San Francisco. During his four years' service Dan has been all over the world and has visited almost every country on the globe. After being constantly on the ship for four years he still has that old sailor swing to his walk and says he hasn't fully gotten use to walking on land again.

The HEADLIGHT is in receipt of the following beautifully engraved invitation: "Mr. and Mrs. Harry Boon request your presence at the marriage of their daughter, Gertrude, to Mr. Eugene Louis Schubeck on the evening of Wednesday, the twenty-first of August, One thousand nine hundred and seven, at half after eight o'clock, at the Methodist Episcopal Church, Hume, Illinois." Our heartiest congratulations are extended in advance.

J. M. ARNOLD, A.M., M.D.

Greatest Living Specialist for the Treatment and Cure of all Long-Standing and Difficult Chronic Diseases and Diseases of the Blood and Nervous System. Consulting Surgeon at Maplewood Sanitarium.

Will, by special request, visit his many patients in this county every month for the next year, and examine all afflicted free. Office, Houston, Texas.

This greatest living specialist and Cure of difficult Chronic Diseases, has consented to visit this County and see his many patients and friends and give ALL AFFLICTED an opportunity to consult him **Free of Charge** and secure the latest and most approved treatment for such diseases as the regular family physician is not prepared to treat.

Dr. Arnold will revisit this County twice a year and save the trouble and expense of visiting the city. And he is the only physician in this County who carries his own Diagrams to illustrate and make plain to all afflicted the cause and nature of their disease. He positively visits this town every four weeks and will no longer time as long as God spares him to the afflicted.

CHRONIC CASES

The Doctor treats **no acute diseases**, but makes a specialty of chronic and long-standing diseases. Cases given up by other doctors and pronounced incurable, he most desires to see. **Dr. Arnold** has treated over 12,000 cases in Texas in the last few years, many of which had been given up as **incurable**, some to be Blind, others Deaf, and a Large Number to be Invalids for Life. Not many fail even on the high road to Health.

The Doctor is surrounded with a fine collection of instruments for examining and treating all chronic diseases, such as Throat, Nose, Ear, Lungs, Heart, Lungs, Stomach, Liver, Kidneys, Bladder, Skin, Brain and Nervous System, Cancers, Tumors, Piles, Swellings, Old Sores, Fits, Paralysis, Neuralgia, Rheumatism, Dropsy, Gout, Sick Headache, Debility, Depression of Spirits, Diseases of Children, Hereditary Diseases, etc., and in fact, all **long-standing and chronic diseases.** All surgical operations performed.

EXAMINATIONS FREE TO ALL

He adopted the following plan, which is peculiar to the large hospitals, and is not and never has been the practice of country doctors, viz: he carefully notes the symptoms of the patient, and ascertains the condition of the internal organs, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease in its stage. Whenever people consult him he readily tells them whether he can cure or help them, or whether they are beyond hope.

HIS IMPROVED METHODS OF TREATMENT

Are mild and pleasant, agree perfectly with the most delicate Lady or Child; do not require strength; can be used with a little or no time at work, and give the greatest possible benefit in the shortest possible time. Patients can consult him or consultate with him as often as they choose, during the whole time required for the cure, without regard to where they may be, and without extra charge, thus rendering the treatment as successful and satisfactory as though they were living next door to each other.

MANHOOD PERFECTLY RESTORED

Quick, painless and certain cure for Impotence, Lost Manhood, Spermatorrhea, Losses, Weakness and Nervous Debility, also for Prostitis, Varicocele, and all private diseases, whether from imprudent habits of youth or sexual excesses in mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. **Consultation free and strictly confidential.** Absolute cures guaranteed in cases curable. No risk incurred.

DISEASES OF WOMEN

Such as have baffled the skill of other physicians and remedies, **Dr. Arnold** quickly cures Cancers, Tumors, Fibroid and Bony Growths cured without the use of the knife. No cutting, no pain, no danger.

A LIFE OF EXPERIENCE

The Doctor has had **a whole life** of study and experience in his profession, and enjoys advantages which fill to the **full** the **age of four**. After attending his full course in the Medical Colleges, and **graduating** with the **highest honors**, he was not content to stop there, but has since attended other Colleges, and several times reviewed the whole profession; has also travelled extensively for the purpose of improvement, having visited the best Medical Colleges, Hospitals, Dispensaries, and other Medical and Surgical Institutions.

LATEST DISCOVERIES AND IMPROVEMENTS

Dr. Arnold has received the most approved instruction in Analytical and Microscopical Chemistry and the Urine, and which gives him a considerable advantage in correct diagnosis of many diseases. There are many diseases which physicians in common practice do not usually treat, and are, therefore, seldom prepared with necessary and costly outfit to examine correctly, or treat with success such cases, therefore, would do well to call at once and learn their true condition, and whether the doors of Hope are yet open, or forever closed against them.

FACTS FOR MEN OF ALL AGES

By reason of **false modesty** the youth of our land are kept in ignorance of the ruinous results which produce solitary indulgence, or indirect practices produce. These vices when persisted in eventually undermine the constitution inducing nervous debility and premature decay. **Dr. Arnold** has for many years enjoyed the distinction of being **the most successful and celebrated specialist** for the treatment and cure of these affections. You may consult him with complete confidence. Of all the maladies that afflict mankind there is probably none about which physicians in general practice know so little.

DELAYS DANGEROUS

Many diseases are so deceptive that hundreds of persons have them before they even suspect it. They know they are not well, but are perfectly ignorant of the deadly foes which are fastening upon them, and must, sooner or later, certainly destroy them, unless rescued by a skillful hand. **Are you afflicted?** Your case may now be perfectly curable, but **Remember**, every moment of neglect brings you nearer its incurable stages; when, perhaps, the most skillful physician can render you no assistance. The present is ours, the future may be **Too Late.**

Epilepsy or fits scientifically treated and cured by a never-failing method. **Free Examination of the Urine.**—Each person applying for medical treatment, should send or bring 2 to 4 ounces of urine, which will receive a careful chemical and microscopical examination. **Persons unskillfully** treated by **ignorant pretenders** who keep trifling with them month after month, giving poisonous and injurious compounds, should call and see the Doctor.

☞ Cases and correspondence confidential. Treatment sent C. O. D. to any part of the United States. Correspondence with invalids solicited. All letters with stamps enclosed answered free.

Call and be examined and at least learn the cause of your diseases, and if it can be cured. **Tape Worms** removed in from three to five hours without a narcotic. The remedies for the whole course of treatment are furnished from the Office all at one cost to the month.

CONSULTATION, EXAMINATION AND ADVICE FREE TO ALL AT THE

DRUMMERS' HOME HOTEL

Nursing Mothers and Over-burdened Women

In all stations of life whose vigor and vitality may have been undermined and broken down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant flow of nourishment for the child. Expectant mothers too will find it a priceless boon, for it prepares the system for baby's coming and renders the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular menstruation, painful menstruation, leucorrhœa, dizziness, nervous prostration, dizzy or faint spells, the imaginary specks or spots floating before eyes, have disagreeable pelvic catarrhal drain, prolapsus, ulceration or retroversion of other displacements of woman's organism, and consequent pain with weakness, may expect that many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his remedy, knowing that it will be found to comprise only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his *free* booklet treating of same.

You can't afford to accept as a substitute for this remedy *of known composition* a secret nostrum *of unknown composition.* Don't do it.

There are some people who are skillful in their business or profession and some who are not. This applies to all businesses and all professions, and farming certainly can not be counted as an exception. It should certainly be the aim of every farmer who follows farming for a living to acquire the skill that will make him a master of his profession. Whether prices are high or low the skillful man always comes out ahead of the unskillful one. When times are hard he still manages to turn a small profit at the end of the year, and when times are good he rolls up wealth with double the rapidity of his unskillful competitor. These differences between the skillful and the unskillful will always remain under all forms of government, but the young should be trained to acquire skill or as much skill as they are capable. Skillfulness in one direction may be accompanied with unskillfulness in some other direction. Manual dexterity is one form of skillfulness and a valuable one, but when it is combined with the mental dexterity it is capable of vastly greater things.—Farm and Ranch.

The HEADLIGHT's special edition is meeting with approval of the business men of Eagle Lake. While we have not yet completed our canvass for advertising contracts, every business man with whom we have talked has contracted for liberal advertising space in the edition. More than forty half-tone cuts are now being made and the special illustrated souvenir edition promises to be a success.

To Manage Lane City Mill.

Mr. Parker White has gone to Lane City, Texas, where he will have charge of the Lane City rice mill during the coming season. Considerable improvements are being made in the rice mill at that place, and he will remain there for the next two months while same are being made. Mr. White was with the Eagle Lake Rice Milling company last season and made a great many friends during his stay in Eagle Lake.—Rice Industry.

The above wears the wrong brand. It had origin in the Eagle Lake HEADLIGHT.

If you need any wheat bran, you ought to try Landa's, you can buy it for less.

Boll Weevils Object to Pole Cat.

Paris, Aug.—A farmer of this county, L. J. Bankhead, claims that he has driven the boll weevils out of his cotton fields by dragging the skin of a pole cat through his fields attached to a singletree dragged by a team of horses.—Exchange.

If a bad smell is the chief ingredient in a boll weevil remedy, Mr. John Matthews and Dr. Norris might use their automobiles for the good of their country. Spin through the cotton fields every morning in their "red devils" and the gasoline smell will do the trick.

Remember the HEADLIGHT's special illustrated souvenir edition which will be issued in the next few weeks. Now is the time to contract for advertising space so as to get a good position and good display. This edition will be the finest advertising proposition ever put before the business men of Eagle Lake.

Some little girls at Marion, Kan., were boasting of their respective families. They had passed from clothes to personal appearance, and finally came to parental dignity. The minister's little girl boasted, "Every package that comes for my papa is marked D. D." "And every package that comes for my papa is marked M. D," retorted the daughter of the physician. Then followed a look of contempt from the younger of the party. "Huh!" she exclaimed, "every package that comes to our house has three zeros on it—C. O. D."

An Atchison expert in lifting says that when you take hold of a girl's hand and she doesn't say anything, but gets that cold, steel gray look in her eyes as if she had sick headache you had better let loose and run. But if the girl grabs her hand away and says: "Now you stop!" the expert says keep right on, its all right.—Atchison (Kan.) Globe.

Will some kind, single man try this and report results? We are interested in the subject, but are handicapped by gray hairs and other things.—Fairfax Facts.

If he is a gentleman he will not report, and if he is not you wouldn't believe what he said, so there you are.—Ex.

For Trespass.

For years we have submitted to the action of hunters who, in violation of the game laws, have entered our pastures wherever and whenever it pleased them, leaving gates open and tearing down fences. We now give notice to all persons, friends and strangers, that a watch will be kept for violators, and any one found hunting in any pasture under our control will be prosecuted to the full extent of the law. A reward of $5.00 will be paid on conviction of any person violating the game law on said premises, or for trespassing.

L. TILLOTSON,
H. B. ENGLISH,
OTTO RECHTACHR,
S. L. STONE.

A. BERKLEY, Cal., professor tells us that there is more nutriment in 10c worth of peanuts than in a porterhouse steak. If it is like some of the steak we get occasionally, we don't doubt it.—Weimar Mercury.

Ought to try Eagle Lake steak. Haven't chewed on a tough piece in many moons. Don't know why. But there has been a vast improvement in the matter of beef.

Mr. James Clark, chief engineer on the Sunset, spent a few hours in the city Tuesday. Mr. Clark is an uncle of Earl Clark who has been so low at the hospital in Houston. He informed the HEADLIGHT that Earl was now improving rapidly, but that amputation of his leg was found necessary and his left leg had to be taken off close to the thigh.

Mr. Max Schindler celebrated his fifty-eighth anniversary at home about twelve miles north of town last Sunday. Quite a number of Mr. Schindler's old friends were present. Elegant refreshments were served and the occasion was greatly enjoyed. The HEADLIGHT wishes its old friend many happy returns of the day.

Stimulation Without Irritation

That is the watchword. That is what Orino Laxative Fruit Syrup does. Cleanses and stimulates the bowels without irritation in any form. Sold by Eagle Lake Drug Co.
