

GRAND TEN DAY CLEARANCE SALE!

WILL BEGIN

Monday Morning, January 14th., 1907.

After concluding the inventory of our store, we find it more than we expected, and as we have a rule not to carry goods over from one season to the other, we start this Grand Bargain Offering Sale. We will have everything marked in plain figures. As we cannot list our entire stock in this space, we will mention just a few of the

Don't Miss This Great Opportunity! COME TO OUR STORE RAIN OR SHINE.

THIS SALE WILL LAST TEN DAYS ONLY.

REMEMBER THE PLACE

B. & B. H. DAILY

EAGLE LAKE, TEXAS.

The Peterson Entertainers.
The Peterson Entertainers held the boards at the opera house two nights this week, Wednesday and Thursday. This decidedly the best show that has visited Eagle Lake this season. It is a good, clean show and was in every way deserving of the large audiences that greeted them each night. The house was well filled the first night and the second night it was crowded. A \$20 gold piece was given away on the second night and Mr. Meyer Nathan held the lucky ticket. All features of the entertainment were good, the magic feats were exceptionally clever and astonishing. The moving pictures were the best ever shown in Eagle Lake. The show as a whole was well worth the admission price and should the Peterson Entertainers ever visit Eagle Lake again there will be no doubt but that they will play to crowded houses.

Hive of Maccabees.
The Eagle Lake Hive of the Ladies of the Maccabees was duly installed on the 6th of December, 1906, by Deputy State Commander Mrs. F. M. Garrison of Bay City. The Hive closed its charter December 31st, with twenty-two members, and will represent about \$15,000 worth of insurance. Mrs. Garrison has been very successful with her work here, having secured the required number of members to close the charter. She left for her home in Bay City Tuesday but will visit the Hive here again in the near future, accompanied by the State Commander, Mrs. Laura B. Hart. The Eagle Lake Hive will be represented at the State convention which takes place on February 1st.

Protracted Meeting.
State Evangelist, W. A. Boggs, of Dallas, and Mrs. M. R. Cox, of New Castle, Pa., his singer, are to begin a protracted meeting at the Christian church in this city on the third Sunday in this month, January 20th. The singers of the various churches are earnestly solicited to assist in the music. Special music will be an attractive feature of these services. Mrs. Cox, who has conducted the music in meetings with several leading Evangelists in several states, has made a fine impression in several meetings in Texas. A cordial invitation is extended to the good people of Eagle Lake to attend and assist in every way they can to promote the cause of Christianity in Eagle Lake and vicinity. Everybody invited.

Arrested for Robbery.
Last Monday Deputy Sheriff Harvey Vineyard arrested Bishop Batterre, a negro, charged with robbing John Gay, another negro in this city last Sunday night. It is alleged that the robbery occurred in Alsie Thomas' house, a boarding house for colored people, in which Batterre was assigned a room with John Gay. The two retired for the night but upon awakening Gay found that his bed-fellow was missing, his coat, pants, purse, knife, shoes and about \$2.50 in cash. The negro was arrested at Simonton.

We are glad to learn through a letter recently received from Rev. J. W. Gates, purchased the Will. . . home in Weimar, which is one of the nicest homes in that progressive little city. Rev. Gates also stated that he would not fill his next appointment here as he had moving on hand.—El Campo Citizen.

Dr. Forrest's Sale.
As had been previously advertised in this paper, Dr. B. F. Forrest's public sale of live stock and farm implements took place in his farm near Chesterville last Thursday afternoon. A very large crowd was present. There was a lively bidding on most every article and the sale is considered a good success.

Wild Ducks Scarce.
There are very few wild ducks on the lake so far this winter, owing to the weather being too warm for them. The prairies, however, are covered with myriads of wild geese which are being killed by the local farmers in large numbers.

Dr. Foots Located Here.
Dr. G. A. Foots, who recently purchased Dr. Forrest's handsome home in this city, arrived from Rock Island Thursday. Mrs. Foots came in yesterday afternoon, and this estimable family will make Eagle Lake their future home. Dr. Foots will engage in the practice of his profession here. He is a fine doctor and an exemplary gentleman, and the Headlight in common with the people of our town, extends to Dr. and Mrs. Foots a hearty welcome.

Stockholders Meet.
The stockholders of the First National Bank met Wednesday and elected officers for the ensuing year as follows: Frank Stephens, president and general manager; B. L. Vineyard, vice president; Fox Stephens, secretary and treasurer. All the foregoing officers, together with A. M. Waugh, were chosen as directors for the company. The contract for the erection of a large brick warehouse was let to Contractor Geo. Keith.

May Go on Special Train.
The Eldridge case comes up in Bellville next Monday and a great many witnesses from here for both State and defense, will attend the trial. There is some talk of the witnesses chartering a special train and leaving here early Monday morning, otherwise the witnesses will have to leave here Sunday night in order to reach Bellville in time. Nothing definite has yet been done in regard to the special train.

Bank Officers Elected.
The stockholders of the First National Bank held a meeting Tuesday and elected the same officers with the exception of E. E. Walker, cashier, resigned. J. J. Whatley was chosen president, W. T. Eldridge vice-president, Fox Stephens cashier and F. W. Shugart assistant cashier. The stockholders authorized an increase in capital from \$25,000 to \$40,000.

Re-appointment Pleases.
Capt. Geo. S. Zeigler received notification this week of his re-appointment as postmaster of Eagle Lake. His re-appointment meets with general approval by all our people. Capt. Zeigler is an efficient and popular postmaster, and with his accommodating assistants, Messrs. Little and Davis, is giving us just as good service as we could wish.

Moved to San Antonio.
Mr. Lee Hughs and family left this week for San Antonio where he will take charge of the Seelye Mattress Company's work, Lee having resigned his position at Bonus as manager for Brown Bros. We regret to see this estimable family leave our vicinity but wish them the best of health and prosperity in their new city home.

Dr. Forrest's Sale.
As had been previously advertised in this paper, Dr. B. F. Forrest's public sale of live stock and farm implements took place in his farm near Chesterville last Thursday afternoon. A very large crowd was present. There was a lively bidding on most every article and the sale is considered a good success.

Wild Ducks Scarce.
There are very few wild ducks on the lake so far this winter, owing to the weather being too warm for them. The prairies, however, are covered with myriads of wild geese which are being killed by the local farmers in large numbers.

Cotton Still Coming In.
Cotton continues to come in town even this late in the season. Eighty-eight bales were noticed on wagons on the square at one time Tuesday morning. Nearly every cotton farmer in this vicinity made money the past year and most of them are now busy getting their land in shape for another crop.

Dr. A. Lampe, veterinary surgeon, from LaGrange, Texas, will be in Eagle Lake for two days, January 24th and 25th 1907. Bring your sick stock and have them treated at the Thatcher Livery Stable.

Thought He Was at Home.
A report from Kansas says that an old citizen died in that state and went to the bad place. The evil one put him in a caldron and put the cover on. Knowing he was from Kansas, he built an extra hot fire and left him longer than usual "After" he thought his body had been reduced to ashes, he took the cover off and to his great surprise the Kansas man poked up his head and said: "Howdy, did the hot wind hurt the corn?"

Pay Your Taxes Now
And save extra costs. We have a list of all taxes in this precinct and can pay taxes for anybody in the county. Taxes paid for our customers without extra charge.

First National Bank.
ROCK ISLAND RIPPLES.
Beft Butschle left the early part of the week for Galveston.
Mrs. Wm. Small has returned from a week's visit to her son in Houston.
John Cosby, living four miles south of here, has moved his family to town.
Dr. G. A. Foote and wife left this week for Eagle Lake to make it their future home. Their many friends here regret to have them leave Rock Island.
Sam Paschal of Eagle Lake was in town on business the first of the week.
Thos. Bell, one of Rock Island's popular merchants, paid Eagle Lake a business visit the first of the week.
Mr. Price of San Antonio was here Saturday to make arrangements for the farmers to grow cucumbers for his pickle factory. The farmers here will put out 100 acres and Mr. Price will erect salting sheds here.
John White left for Eagle Lake Tuesday to work for Contractor Jackson.
Mrs. Chance and son left Tuesday for St. Louis where they will make their future home.
Mrs. Ella Small of Childers is visiting the family of W. A. Small.
Mr. Seymour, the popular lumber dealer of Columbus, was in town on business Tuesday.
Henry Laas, tax assessor, was here the first of the week assessing the people of Rock Island and vicinity.
James Bench went to Vox Populi Wednesday to see the town.
Mr. Kaywood has sold his 600 acre farm to a Kansas man.
Dr. P. T. Gordon, the popular dentist at Eagle Lake, was here the first of the week doing dental work.

The Eagle Lake State Bank has the assessment roll for State and County Taxes. Call at our Bank and pay your taxes and receive receipt.

WILLIAM R. HINDALE OF ORANGE, N. J., WHO HAS DISCOVERED THE LOCATION OF THE "OLD SPANISH TUNNEL" IN THE SHAWANGUNK MOUNTAINS, IS TO LAY OUT A PARK THERE, ACCORDING TO THE NEW YORK WORLD.
Tradition said that from the tunnel ran a stream of living water, and Prof. Mathew, state geologist of Ohio, who investigated, accepted the theory that the work was done by Spaniards who formed a part of the Ponce de Leon expedition. After failing to find the fountain of youth in Florida, and following their leader's dying injunction to continue the search, they are thought to have made the journey northward.
When they came to a stream larger than a man's arm rushing out of solid rock, with no visible source of supply, they halted and began to tunnel to locate the pool whence it came. This was in the sixteenth century. The tunnel was known till recently only by an old legend.
Hinsdale, finding a stream that never varied in its flow or temperature, employed a force of men, and uncovered an accumulation of debris. Then he located the mouth of the tunnel itself. It is perfectly formed and the stream gushes from a fissure at the extreme end.
The tunnel is 600 feet long, six feet high, four feet wide and straight as an arrow, with only a rise of seven feet in its entire length.
Hinsdale purchased the entire tract of land, put in a narrow-gauge railroad, built an electric plant and placed the water in a five-cent pump.
A company is being organized to bottle the water, which, on account of its purity and historical associations, is expected to meet with ready sale.
"I don't like to hear that sportsmen's back for ear after they done said good-by," remarked Brother Dickey. "It sorter make you think dat dey was disappointed in what was waitin' for 'em up yander, dat's de way it look ter me."
"You ain't never seen none—has you?"
"Not me! I has hear 'em come back from de water, but I never see no!"—Atlanta Constitution.

DRIVING IT HOME.
Cokely—Hj, ha! That's a good story. "Here comes dat English friend of mine; I'll tell it to him."
Jokely—Oh, don't be foolish. Cokely—Why? The story's worth repeating.
Jokely—Yes, but is it worth retreating?

A NATURAL RESULT.
"What was the fruit of Senator Graffer's agreement with the senator on the other side of the question?"
"They agreed to make a pair, and get some plums."

TRUE TO PRINCIPLE.
"Is Smyth going to have Robynson arrested for assaulting him?"
"No, Smyth is nothing if not polite, so he is going to institute a civil suit."—Baltimore American.

FIRST ARMORED SHIPS.
The first account we have of an armored ship is in 1530. It was one of the fleet of the Knights of St. John, entirely sheathed with lead, and it is said to have successfully resisted all the shot of that day. At the siege of Gibraltar, in 1782, the French and Spaniards employed eight iron bomb-proofing over their decks. The first practical use of wrought-iron plates as a defense for the sides of vessels was by the French in the Crimean war, in 1853, to be used against the Russian forts in the Baltic.

A POLICEMAN'S QUESTION.
"This man, ma'am, is reserved for women and children."
"Well, I'm a woman."
"Yes, but where are your children?"
