Judge Kennon Holds that New Liquor Law Does Not Affect Action on Bond Under Old Law.

Columbus, Texas, Sept. 10.—District Court convened here yesterday. After organizing and charging the Grand Jury, the rest of the day was taken up by the Court in the case of Johanna Fahrenthold vs. Henry Birkmann et al. This was a suit on liquor dealers bond, brought under the old law. Messrs. Adkins & Green, attorneys for the defendant, contended that the new law of 1907 repealed all suits on liquor dealers bonds under the old laws. In this contention they were in accord with the opinion handed down by Hon. Claude Pollard, Assistant Attorney General. Messrs. Brown, Carothers & Brown, in opposition to said position, and to said opinion of the Attorney General, urged the contention that the suit brought under the old law could have been brought under the new law as well, and that, as there was no conflict in the old and new law, there was no repeal, so far as suit on bonds was concerned.

After argument on both sides, consuming over four hours, the Court adjourned, taking the matter under consideration, and this morning handed down the opinion holding that the old law and the new law were not inconsistent, that suits on bonds given under the old law can be prosecuted to effect under the new law, and that the old law is not repealed by the new law, so far as bonds of liquor dealers are concerned.

For Trespass.

For years we have submitted to the action of hunters who, in violation of the game laws, have entered our pastures wherever and whenever it pleased them, leaving gates open and tearing down fences. We now give notice to all persons, friends and strangers, that a watch will be kept for violators, and any one found hunting in any pasture under our control will be prosecuted to the full extent of the law. A reward of $5.00 will be paid on conviction of any person violating the game law on said premises, or for trespassing.

Mr. Chas. Dutcher of Nottawa was a visitor in the city Monday and gave the HEADLIGHT a financial lift. Mr. Dutcher stated that he had just received returns from the sale of thirty-five acres of Honduras rice which made him the neat sum of $1587.46. Mr. Dutcher says that he has yet about forty acres of Japan rice to be threshed which will bring him considerably more money than the Honduras did.

Atlanta, Ga., Sept. 6.—Under a strict construction of the prohibition law which goes into effect in Georgia on January 1, 1908, it is said it will be unlawful to administer wine at the communion table. This feature of the law is causing a protest, and grand juries throughout the state have adopted the following: "After January 1, 1908, every minister who hands sacramental wine to his members will subject himself to as many indictments as there are members. Every deacon who hands the sacramental wine to the members of the church will [illegible] indictments as there are members. We petition the general assembly of Georgia to make such amendments to the law as will allow the Christian people of this state to worship God according to the dictates of their own conscience without violating the laws of the state."

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble, as it corrects irregularities and prevents Bright's disease and diabetes. Sold by Eagle Lake Drug Co.

The Herald has been informed by a reliable source that the Sapsis soon to have six new coaches and two new baggage cars, and after their arrival the old ones will be sent into the shop for repairs. This order also includes nine new and up-to-date engines. The road has certainly been doing a good business.—Yoakum Herald.

Mrs. Geo. S. Ziegler, who has for more than a week been confined to her bed by rheumatism, left [illegible] Ark., accompanied by her daughter, Mrs. W. A. Dallas. Mrs. Ella Guynn went as far as Houston with them. She will remain there a while with Mrs. Chas. Boedecker.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overtoxy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition or at any period of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine the "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

M. F. Shannon, who has been holding down a chair in H. J. Wright's barber shop for the past year, has resigned his position and has gone to Eagle Lake where he has bought a shop. What your Tailor?

THE style, fit and quality of a man's clothes often mark his standing in the business and social world, and this can only be achieved by having your clothes made for you.

You owe it to yourself, your business and your friends to dress well. That means more than the selection of goods, either made up or in bulk. If your clothes are not made right, fine fabrics will not avail.

Ed. V. Price & Co., whom we represent, make clothes expressly for you that are rightly built over your form after we have carefully measured you for them.

The care and skill they bestow in the making means clothes that wear and hold shape as long as they are used, and this is the beginning and end of good clothes making.

Come in now while the line of Fall woolens is complete—don't put it off for even a day.

What He Asked For.

The following prayer is written on the flyleaf of a Texas preacher's Bible: "Lord, help me as a preacher, to be conciliatory, but not servile; winning, but not fawning; timely, but not time-serving; simple, but not commonplace; plain but not labored; interesting, but not sensational; direct, but not blunt; positive, but not dogmatic; bold, but not blustering; earnest, but not declamatory; audible, but not vociferous; animated, but not boisterous; dignified, but not stilted; affectionable, but not sentimental; tender, but not lachrymose; persuasive, but not sophistic; orderly, but not mechanical; precise, but not prim; pointed, but not harsh; and unctuous, but not canting. Amen."

Fattening hogs with molasses is a new wrinkle in this section but in other sections has been tried successfully for a number of years. Messrs. W. Z. and D. O. Rigby and John Harding of Sarco have received each a car of cheap molasses to feed to their hogs and think it's the cheapest thing they can get at this time. They were hauling the fluid out last week in barrels, and the result of their experiment will be watched with interest. If the hog had the least semblance of humanity in him, he would call for several thousand loaves of bread to go with the lasses, but being just a common hog, he will consume the sweet juice of the cane and grunt for more. In this connection, it seems to this scribe that hogs fattened on molasses ought to produce fine sugar cured hams.—Goliad Guard.

Comets.

Those of us fortunate enough to live three years or so longer may expect to see a comet with which our present visitant is scarcely worth mentioning. This coming wonder of the skies is "Halley's Comet," which, after its mighty circuit through the realms of space, has for centuries paid us regular visits at intervals of about 25 years. On its last appearance its brilliant disc and flaming tail, spanning the heavens like an arch of fire, created the greatest excitement.—Ex.

I am never without it." Sold by Eagle Lake Drug Co.

The Lakeside Rice Mill this week purchased the Honduras rice of Ad. Adams, Jr., and that of Mr. C. P. Hoyo. Both lots of rice classed very high. Rice buyers are out after all the rice they can get in this vicinity. Mr. John Guynn, buyer for the Pritchard Rice Mill of Houston, has purchased several nice lots and the Eagle Lake Rice Mill has also bought considerable rice.

An Ounce of Prevention

is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by Eagle Lake Drug Co.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Sold by Eagle Lake Drug Co.

The city council has had signs placed all over town which read: "$5.00 fine to hitch to posts along this street." You had better be a little careful where you hitch your horse—unless you want to donate a few of your surplus five dollar bills to the city. This is a good law and should be inforced.

Manager J. C. Sempréz, of the Water, Light & Gin Company, informs the HEADLIGHT that the lights in the band stand were not cut out by any order from the city council, but that they were cut out four different times during last month, by some person unscrewing the globes, presumably to darken the band stand for a sleeping apartment.
