Mr. W. McBride was in the city on business Wednesday from the Bernardo section, and called at the HEADLIGHT office and handed us a new subscription, that of Mr. Rudolph Uhlig of Cat Springs. During the past year this paper has added quite a number of names of people of the Cat Springs section to its subscription list and now we are mailing quite a bunch of papers to that office every week.

ROCK ISLAND RIPPLES.

W. P. Johnson is on the sick list this week.

J. A. Chaudoin came in Friday from Floresville.

S. H. Lundy went to Columbus on business Tuesday.

Chas. Herndon of Eagle Lake spent a few hours here Saturday.

W. A. Wheelers is moving on the Yell farm east of town this week.

The farmers are busy plowing and doing other farm work these days.

F. M. Miller spent a few days the first of the week in Eagle Lake.

Dr. G. A. Foote and wife of Eagle Lake spent a day here this week.

Col. A. D. Rust has built an addition to his residence on Charity and Twenty-second street.

Mrs. Peyton Lundy and daughter of Eagle Lake are visiting Miss Kate Shrader this week.

Chas. Broadage has just completed an addition to his residence in the southern part of town.

Dr. W. J. Roberts of Garwood was called here to see Grandma Fisk. She is reported better at this writing.

There are a good many Northern home seekers here. They are well pleased with the country and some of them have bought homes.

Peter Gould sold his farm south of town for \$75 per acre, and L. D. Tacey has also sold his improved farm east of town for \$50 per acre.

THE LEADERS in GROWING THE FRANK STEPHENS Co.

CHESTERVILLE CULLINGS.

Mrs. Wright is on the sick list this week.

Mrs. Catein Mautby is suffering from a very severe cold.

Mr. Westcott has moved to the Malquist farm south of town.

Miss Omi Brigham visited friends in Eagle Lake Saturday and Sunday.

Mr. Grif Thomas has contracted to put in thirty-one wells here and at Lissie, and there are a number of farmers that are putting down their own wells.

The mild winter has been very favorable for the rice farmers and the majority of them are through with their plowing. There will be an increase of about 1000 acres of rice in Chesterville and Lissie territory over last year. This increase seems to be in about the same proportion throughout the rice belt. With increased acreage, the farmers' thoughts turn to the matter of price and the only thing we can look to, to help us out, is the Rice Growers' Association. Every rice farmer should consider it his duty to become a member of the Association, to help cheapen the production and maintain the price.

Mr. George McLain, who is representing the Austin gasoline engine in this territory, has just received a car load of engines. He is supplying a number of our Kansas "new comers" with pumping plants. Gasoline engines are as thick as flies around a syrup jar these days. Mr. Marlin, with the Fairbanks Morse Co., makes frequent trips here from Houston; Mr. Shepherd, with the Fairbanks Co., visits between here and Eagle

Lake; an unknown, with Foss Co., is here semi-occasionally; Mr. Teetzen, our hardware merchant representing the International gas engine, and Mr. McJain, with the Walter Tins Co., are always with us. If our rice farmers are not amply supplied with gasoline engines it will be their own fault.

Mr. Kindred has been placed on the following standing committees: Forestry, irrigation, municipal corporations, public debt, penitentiaries, stock and stock raising. — Weimar Mercury.

Marion Lewis, the dashing young leading lady of the Si Plunkard company, is a clever artist and an excellent vocalist. She has in the past four seasons successfully played the role of "Dora" with the original Si Plunkard company which will be at Frazer's opera house Tuesday night, February 5th.

The attention of our readers is called to the remarkable growth of the Eagle Lake State Bank as shown by the above statement, deposits being nearly \$104,000.00 after sixty-nine actual business days. The progress it has made indicates most clearly the popularity of its officers, directors and large list of stockholders and the confidence the people as a whole feel in the bank and those connected with it. Several contractors are now figuring on the cost of their bank building, plans of which have been in the hands of the board for some time and it is thought that the contract will be let during the coming week.

The Leap Year Ball. One of the finest affairs of the season and one of the most enjoyable to all present was the dance Tuesday evening given by the young ladies and their chaperones at Frazer's opera house. The hall was most tastefully decorated.

evergreens. Refreshing punch was served throughout the evening. One of the many pleasing features of the dance was the music which was most inspiring and furnished by the "Nobody's Band" of Houston. The programs were also in keeping with this very delightful occasion, on which were heads by C. Albert Gilbert. Thirty couples participated in the grand march which was very artistically led by Miss Betty Lewis and Mr. John York.

Among the dances we noticed the following pretty costumes: Miss Letty Lewis, lavender tissue over pink taffeta, with violet trimmings.

Santa Fe is Ready to Build.

Superintendent Oliver Snyder of the Santa Fe railroad company, was here from Galveston last Saturday on business connected with the Santa Fe's proposed new depot. Mr. Snyder says the railroad is ready to begin work on the depot but there seems to be some trouble about the fire limit line. The proposed depot site is situated on the line of the city's fire district and eighteen feet of the depot will be within the fire limits, and owing to this we learn that the city council wants the railroad to erect a brick building and the company does not want to put up a brick. Mr. Snyder says the depot the railroad proposes to build will be a much nicer one than either of the other two and that it will cost in the neighborhood of \$5,000.

"Si Plunkard" Tuesday Night.

The next attraction, a rural comedy, entitled "Si Plunkard" will be at Frazer's opera house Tuesday night, February 5th.

This is one of the most laughable plays ever put upon the stage but at the same time it has an interesting plot. It is presented by an excellent cast with the famous character comedian J. C. Lewis in the title role. The piece is the production of a clever comedian who knows the public wants and has set himself at work to meet the demand. The result is a rural comedy drama full of queer situations and quaint characters and enlivened by that indefinable snap and go, which is the life and soul of a rural comedy drama. Get your tickets now before the best seats are gone. Seats on sale at Burger Bros' store.

Another Two Story Brick.

Mr. Will Hermann of Brenham, of the firm of G. Hermann of this city, spent several days here the first of the week and closed a deal with Mr. J. R. Westmoreland for his lot on Main street on the corner opposite the Vineyard, Walker & Co. bank, and will begin the erection of a 40x50 two story brick building, to be used as his furniture house, just as soon as the contract can be let and the material placed on the ground. This handsome new two story brick building on that corner so long vacant will be a great improvement to the town. The Eagle Lake State Bank will soon begin work on their new brick quarters also. Eagle Lake has never experienced any building boom but the old town is gradually growing all the time, and all the improvements made in the last few years are substantial ones.
