A Different Bird.

A Philadelphia school teacher was having a class in reading, and the subject was how an eagle had carried a small baby out of its cradle and taken it away to its nest on the mountains.

As the story seemed to impress the children, she tried to explain to them that it was only a story—that eagles do not carry off little children.

Just then a little hand was raised and a small boy remarked, "Please, teacher, the stork does that."

JUST EXACTLY RIGHT.

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Fellows, of Hendersville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c. at druggists everywhere.

A Sherwood girl, who recently returned from a visit back east, related the following experience: She attended a party one evening where chocolate bonbons were a part of the refreshments. She spied a nice plump one on the side of the dish, which she tried to take but which seemed to be stuck to the dish. After the second attempt the negro waiter, who was passing the dish remarked: "Beg pardon, Miss, but dat's mah thumb."

THE REMEDY THAT DOES.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Center, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved temporarily. New Discovery is doing so so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This honored cough and cold remedy and throat and lung healer is sold at Calvert's drug store. 50c. and $1.00. Trial bottle free.

Not Needed.

A teacher who had asked a girl to purchase a grammar, received the following note from the little girl's mother:

"I do not desire that Mattie shall engage in grammar, as I prefer her to engage in more yousful studies, and I can learn her to speak and rite grammar proper myself. I went through two grammars and I can't say as they did me no good. I prefer Mattie to engage in Jerman and drawing and vokal music on the piano."

HELP FOR THOSE WHO HAVE STOMACH TROUBLE.

After doctoring for eight twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—SAMUEL HOUCK, Folsom, Iowa. This medicine is for sale by all druggists. Samples free.

Efficacious.

"Doctor, I want to thank you for your valuable medicine."

"It helped you, did it?" asked the doctor, very much pleased.

"It helped me wonderfully."

"How many bottles did you find it necessary to take?"

"Oh, don't take any of it. My uncle took one bottle, and I am his sole heir."

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY WOULD HAVE SAVED HIM $100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Parrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similiar attack, and took Chamberlain's Colic, Cholera Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believed it would have saved me a hundred dollars doctor's bill." Sold by all druggists.

New Bank for Weimar.

Weimar, Tex., July 9.—Mr. B. H. Walker, cashier of the Farmers State Bank of Shiner, is here today organizing a bank. The bank will be known as the First State Bank of Weimar and will have a paid capital of $25,000. Subscriptions to the capital stock have advanced sufficiently to assure the organization of the bank. The stock is being taken by some of the leading business men, cattle men, and farmers.

The bank will open for business by Aug. 1, and it is believed that the institution will be a success from the beginning, as Weimar, with the fine country tributary to it, is conceded to be a splendid field for a second institution of this kind.

For the benefit of the voter in the primary in July we give the following ruling from the Attorney General. He says: "We beg to advise that a person moving to Texas in March 1907 with the the intention of making it his home will be entitled to vote in the election this year, without the payment of a poll tax in this state. No person is subject to a poll tax in this state who does not reside in it on the 1st day of January, of the year for which it is levied. The person mentioned by you having been a resident of Oklahoma on the 1st day of January, 1907, he is not subject to a poll tax in this state for that year."

Columbus, Texas, July 10.—Yesterday afternoon the body of Anton Walsel was found hanging from a rafter of his home on the farm of Charles Gilthero, seven miles south of Columbus. He had shaved, dressed in his best clothes, tied a silk handkerchief about his neck to prevent the rope from coming in direct contact with the flesh, climbed a stool which he kicked from under him, and was found with his toes barely touching the floor. He was an Austrian, about 50 years of age, and had lately had family troubles. Not long since his wife was placed on the county farm, insane, and his children have since deserted him. He left a note requesting that he be buried in a cemetery. He leaves three brothers at Beasley, Fort Bend county.

Paper Making From Sugar Cane.

The claim of a sugar planter on the island of Trinidad that he has discovered a practical method of making paper from the stalks of sugar cane, after the juice has been extracted, has attracted attention. The claims of the inventor are set forth in a report to this government by General Consul General Richard Guestner of Frankfort, Germany.

The increasing scarcity of spruce which is the wood most used for paper making, is well known. Active search is being made in many parts of the world for materials to take the place of pulpwood. Enormous quantities of ground sugar cane go to waste at the sugar factories. Some of it is used for fuel under the boilers, but a very large part is left to rot.

From time to time experiments have been made to convert the bagasse, or cane refuse, into paper, but with limited success, commercially, unless the Trinidad planter's claim is well founded. He is confident that he has made a valuable discovery, and has built an $85,000 paper mill as an adjunct to his sugar factory. He has turned out paper worth $21 a ton, according to Consul General Guentier. About a ton and a quarter of cane makes a ton of paper. It is reported that the process of manufacture is comparatively inexpensive. The planter claims that it will pay to grow cane for paper alone, leaving the sugar as clear profit.—Rice Industry.

Utilizing Telephone Service.

A story illustrating the many impossible requests made of telephone girls is one told by the local "hello" girls, where a woman going to church on Sunday, put her baby to sleep in its carriage, and taking the telephone receiver, placed it beside the the sleeping child. Then in her sweetest voice she notified "Central" of the arrangement and asked her to sing to the baby if it woke up and cried. The girls say this one occurence was novel and interesting but since they are to work all day they are a little uneasy lest the practice becomes general.—Brownwood Bulletin.

A Hint to Housekeepers.

Bridget, who was a new arrival, reported that she had finished cleaning the windows.

Her mistress was amazed to find that they had been cleaned on the inside only.

She inquired the reason, thinking that perhaps the girl was afraid to sit outside.

Bridget replied with fine unconcern: "I cleaned 'em inside so's we could see out, maybe, but I left the dirt on the outside so the people couldn't look in."

A Cordial Invitation.

"Come and dine with us tomorrow," said the old fellow, who had made his money, and wanted to push his way into society.

"Sorry," replied the elegant man, "I can't. I'm going to see Hamlet."

"That's all right," said the hospitable old gentleman, "bring him with you."
