NEW MEAT MARKET.

IT CAN'T BE BEAT.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at Calvert's drug store. 50c.

What to Call Him.

[illegible] the side of a rather deaf maiden lady [illegible] the latter in a simpering manner remarked:

"[illegible] or Mr. Spears?"

The medico is rather irascible so he replied:

"Call me what you like, madam. Some of my friends call me an old fool."

[illegible] the astonishing innocently rejoined:

"Ah, but those are people who know you intimately."

THE REMEDY THAT DOES.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn, Centre, Pa. "It is curing me of throat and lung trouble of long standing that other treatments relieved temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at Calvert's drug store. 50c. and $1.00. Trial bottle free.

The Cat's Baptism.

A little boy, whose parents were Baptists, attended a very successful protracted meeting that was being held in the neighborhood. He had heard some very able sermons delivered on the subject of baptism, especially baptism by immersion. He also had witnessed the baptism of a great many persons who had been converted at the meeting, among whom were the cook and hired man of the family. One day when he was at home by himself it occurred to him that the holy rite should be administered to the cat and kittens. Securing a tub he filled it with water for the occasion. The kittens received the ordinance without any great protest. But when it came to putting the cat under water, she scratched his hands and face so severely that he threw her down in disgust, saying: "Well, dog on you, be a Methodist, if you want to."

HELP FOR THOSE WHO HAVE STOMACH TROUBLE.

After doctoring for about twelve years for a bad stomach trouble and spending nearly five hundred dollars for medicine and doctors' fee, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before. SAMUEL ROYER, Tipton, Iowa. This medicine is for sale by all druggists. Samples free.

There is one thing that will never succeed if it is allowed to lie down and take a rest too often, and that is your business affairs. —Laredo Times.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

HAS SAVED HIM $100 OF.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believed it would have saved me a hundred dollars doctor's bill." Sold by all druggists.

Last Saturday was an unusually quiet day in business circles, very few people being in town. This, we suppose, is due to the fact that most of the people from the country made their purchases while here on barbecue day.

While tearing down the barn at the Waugh place Tuesday, a portion of the building fell, striking Mr. W. O. Prewitt on the foot and breaking two of his toes. Mr. J. W. Thatcher, who recent purchased the Waugh place is having the house moved to face his own home and same will be occupied by his daughter, Mrs. Wilson who now resides in Big Springs.

Mr. J. P. Anderson who is one of the best and most conservative planters in the county, says the cotton crop in this section this season is going to be the shortest since 1900. Some fields, he says, will make possibly a quarter of a bale to the acre while many fields will not pay the owners to have them picked. The rains caused cotton to grow to stalk and made the boll weevils very numerous. Of course hot, dry weather from now on will help matters considerably but it will not kill out the boll weevil for the large stalks afford too much shade and shelter for them.

A nobby line of hats, the latest shapes and styles, just received at Traylor's.

Mrs. Herbert D. Hurd, Miss Vera Hurd and Miss Bessie McCullar spent Sunday in Galveston.

Mr. J. F. Ahlers left Sunday for Thompson's Switch near Richmond, where he will run a pump on the farm of H. Kemper of Galveston, during the remainder of the pumping season.

Mr. J. B. Scott left Sunday for Galveston; from where, he sailed on Tuesday for Cuba to spend a few weeks. From Cuba Mr. Scott will sail for New York and from there he will go to the White Mountains where he will spend the remainder of the hot weather.

D. P. Reordan bought the holding of the Reordan Fish & Oyster Co., last Saturday and will continue the business with the exception of handling fish, which the company intends to do in order to give more time to the oyster trade. He is making preparations for the opening of the season, September 1st.—Matagorda Messenger.

On Tuesday night, August 4th, in the Methodist church, an entertainment of great merit and interest will be given by Prof. G. K. Malof and Miss Malof, who are real natives of the Holy land, being born near Damascus in Palestine. The entertainment will be entitled "A Trip to The Holy land," in which the Professor and his sister will give music in their native tongue, a description of the beautiful Mt. Lebanon, and show illustrated pictures of the places and people of that interesting country. They will also appear in their native costume and by personal demonstration show and explain the ways and customs of the people of the Holy Land. The entertainment is one that is very educational and helpful in character and it appeals to and interests the children as well as the grown people. It is being given for the benefit of the Woman's Home Mission Society and no one should miss the opportunity of seeing and hearing it.

A letter from Mr. Kindred.

Weimar, Texas, July 19, '08.

To All Voters July Primary.

Recalling the Ayars-Kindred campaign of 1906, many of you will remember the reports circulated just a few days before the primary for the purpose of injury to my candidacy. It was too late for me to reply, but, though it lost me some votes, it failed of success. The same thing is being done now, the same reports circulated, with the same object in view, will the voters believe such report, twice repeated, when falsehood has marked its slimy trail from its incipiency? Those who have read the county papers know my record on all issues as published over my signature from time to time; those who have taken the trouble to examine the House Journal of the 30th legislature, are well acquainted with my votes on all the laws enacted. They have found my votes were cast, on final passage, for all bills tending to carry out the demands of the people made at the Dallas convention of 1906; among them, the [illegible] bill, the anti-free pass, the anti-nepotism, the [illegible] and all other platform demands. Such laws the people had demanded for many years, but had failed to elect a legislature, until 1906, which heeded their demands, for twenty years past. Will the people vote for legislative candidates who favor the demolition of all these laws without giving them a fair trial? In my opinion, the "fewer and better laws" racket, if successful, will totally wipe out all you have gained in your victory of 1906. It means the destruction of the anti-free pass, the anti-nepotism, the anti-bucket-shop, the Hogg laws, the Robertson Insurance law, the anti-gambling law and all other laws you have heretofore demanded and received at the hands of the 30th, the people's legislature. The farmers, the federation of labor unions and the common people got what they asked for; are they now willing to admit that the old system of conventions and free passes is the best? If so, vote for those who cry "fewer laws and better laws," without telling you what they would suggest in place of what we now have. "Fewer and better laws," means to wipe out those that stand for the people and enact others which will tax the railroads, trusts, combines and corporations—in other words, "turn Texas loose" and the people be damned." Will you be gulled and take a step backward or make good your victory which has cost you so many years and hard fighting to win? There are those who condemn the 30th legislature for amending the Terrell election law so that the people may vote at the primaries, on special issues. Are not the people the government; is this not a government of, by and for the people? Who dares to attempt to thwart the will of the people as expressed at the ballot box? Beware of those who do it. They are here with us and some of them are aspirants for legislative honors. My enemies in the campaign of 1906 circulated a report that I was a prohibitionist, believing that report, uncontradicted, would cause my defeat this year they have repeated that and added another to the effect that I voted against the bucket-shop bill. The first is for the saloon people and the latter for the farmers. My record in the 30th legislature, shows just the reverse. My party five years experience as a farmer and a longer period as a party democrat should brand the reports as attempts to rape. It is true that I do not "set up the drinks" for votes, and if that is the requirement as a test of loyalty and fealty to the anti cause, I must plead guilty to the non-performance of the act. Some advise that it is necessary in order to win. I do not believe it is. I won the battle in 1906, without doing so—will win in 1908 on July 25th. The people of Colorado Co. do not demand it.

Respectfully,

J. C. KINDRED,
Rep. Colo. Co. for re-election.
