TEXAS.

Texas is one big garden where the roses bloom at one end while the boreal waves sweep the other; where the cool nights make life's sweet repose a glorious reality, while on the other end the inhabitants roll and tumble in a humid atmosphere fanned only by the wings of southern born mosquitoes, while the cowboys of the west end gallop across the dry plain his neighbor in the east is gathering fruits and melons to send him by fast express. Texas is big enough, broad enough and good enough to take care of twenty millions of people, each doing something to add to his own prosperity and at the same time bestow a blessing upon his neighbor just 700 miles across the field. She has climates, conditions, circumstances and scenery to suit every taste, and why everybody doesn't move here is more than we can understand.—McGregor Mirror.

HON. J. C. KINDRED made us a fine representative in the last legislature. He voted for what he considered was right and just on every subject, and we believe the people of Colorado county will honor for it him by a re-election.

A Square Deal

It is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition, a much better agent is used—both for preserving and extracting the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses invaluable therapeutic properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, long-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not to be used for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Bryan's Commoner Ommitted Looney.

Austin, Tex., July 15.—The Commoner, Col. William J. Bryan's paper, containing a report of the proceeding of the national convention, reached the capitol today, and more comment was created about the mishaps of the Texas delegation, for even the Commoner's failed to show that Texas or Senator B. F. Looney of Texas made a speech seconding Col. Bryan's nomination. There were sly winks cast over the capitol, the same as when other things happened to the band of Texans at Denver.

MRS. GROVER CLEVELAND is worth fully $250,000, yet the question of settling a heavy pension upon her is being agitated already, and at the next session of Congress the pension will doubtless be granted. There is almost strong sentiment in the country in favor of settling a large pension upon ex-president. A man who drags a salary of $50,000 and living expenses for four years will never need a pension unless he is a spendthrift, and even if he should, it's no disgrace for an American citizen to earn his living no matter how high an office he may have held. Let us steer clear of every form of snobbery.—Honey Grove Signal.

THE HEADLIGHT wants to inform its readers that there are plenty of business houses in Eagle Lake—but you never could tell it by looking through our business columns.—Headlight.

To judge by the advertising, one would think Timpson a crossroad village instead of a town with four long rows of one and two-story brick stores, not to mention the frame buildings and numerous commercial interests. But listen; the outside world believes the advertising story rather than the editorial. As a rule, the world believes only what it sees.—Timpson Times.

How quickly you can tell a live town from a dead one by simply looking over its newspaper. A poor skim-milk sort of a town with a few small advertisements, and those looking as though they were run at half price, betokens a dead town just as sure as a corpse indicates a funeral, while a good, lively, well printed newspaper, filled with good, fresh ads and displayed locals, shows that the town is prospering and thriving. It never fails.—Nordheim View.

THERE are three constitutional amendments to be voted on at the coming general election. One is to permit school districts to levy additional tax, another is to increase the governor's salary to $8000 per year and that of the lieutenant governor to $2500 per year, while the third provides for dividing counties into commissioners precincts.

THERE are five hundred pounds of candidates on the republican ticket: Taft weighs three hundred pounds and Sherman two hundred.—Palestine Herald.

The country has had enough of republican meat. What it wants now is democratic brains.—Pittsburg Gazette.

DICK WYNNE will be feeling pretty blue when the primary returns reach him Saturday night, but he's been defeated for office so often before he'll doubtless be able to stand the disappointment.

ROBERT VANCE DAVIDSON has made a clean campaign for re-election to the office of Attorney General—but what about Dick Wynne?

THE Deyville Bee in its last issue says: What happened to the Texas delegation at Denver showed that the junior senator was lucky in getting such a severe case of throat trouble up at the Waldorf-Astoria he couldn't attend. What happened to Brooks would have happened to Bailey. That man Haskell who blue-penciled Texas off the platform committee, lives just across Red river in Oklahoma. He was too close to Texas to not know what the late ruction was about and not to have a few convictions in the premises.

AN EPIDEMIC that is either typhoid or malarial fever, so we learn from the Matagordo Messenger, is prevailing in and a round Bay City and steps are being taken by the health department and a general clean-up crusade will be started. There are a great many cases of the fever, but no deaths have been reported.

WILLIAMS for Governor will get quite a number of votes in Eagle Lake. There are a great many good democrats all over the state who don't care a continental whether it is Bob Williams or Tom Campbell.

ARE "true blue" democrats going to vote for Dick Wynne against Davidson when Wynne's campaign has been only a campaign of slander?

IF Davidson is defeated for Attorney General it will bring joy to the heart of every trust master in Texas.

DAVIDSON stands for re-election to the office of Attorney General on his merit as an efficiente officer. Wynne has done nothing during his campaign but slander his opponent.

Go to the polls today and vote for R. V. Davidson. He's the best Attorney General Texas has ever had, and she's had some good ones, too.

IF YOU favor turning Texas over to the trusts then vote for Dick Wynne against R. V. Davidson for Attorney General.

YOUR ORDERS FOR

JOB PRINTING

When The Headlight is prepared to and can print them right here at home for you at the same price and in many instances even for less money.

ALL THINGS BEING EQUAL, DON'T YOU THINK YOUR HOME PAPER SHOULD GET A PREFERENCE?

In point of equipment the Headlight's job printing department is second to none in this section, and we can print any kind of a job that you may want printed, and we will guarantee every job that leaves this office.

SURELY THIS IS FAIR ENOUGH!

And, Mr. Business Man, stop and reflect just one moment! Do you realize that the printing orders sent out of Eagle Lake every year are sufficient to pay the running expenses of a good local newspaper for a year? Think of it! Scarcely a week passes but there is a representative of some of the city printing houses in Eagle Lake soliciting printing orders; and they usually get the orders, too. If they didn't they would not continue to pay traveling expenses and hotel bills in order to make this place. If you've been in the habit of sending off your printing orders, let The Headlight figure with you on your next order.
