SATURDAY, AUGUST 16, 1913.

Men like to talk as well as women do, but they want pay for it.

What has become of The Business League? Is it dead or only sleeping?

The next fellow that asks you "Is it hot enough for you?" hit him—you'll be justified.

Many a man's cordial handshake is due to the fact that he needs that dollar in your pocket.

Henry Lane Wilson does not seem to have been doing a great deal of talking this week—but he made a first-class jaysack of himself when he did.

If some of the weeds which have grown up along the sidewalks of the town were cut, the walks and the town generally would present a much better appearance.

Now is a mighty good time to fix up some of those streets in Eagle Lake that the rains made impassible last winter. The same thing is going to happen again next winter.

There's some consolation is this dry weather the Eagle Lake people are experiencing. Just think of the muddy and sloppy condition of our streets along about last Christmas!

A party composed of Kunetka, Kokakovsky, Mergenthaler, Wunderlich and Pustejovsky made a flying trip to Hallettsville Sunday via the auto route.—Shiner Enterprise.

Well, that auto had a load—a load of names, at any rate.

It is getting to be common now to see in the daily papers where a woman—a follower of fashion—has been arrested for not having on sufficient clothing within the bounds of law. Verily, we are getting back into the days of the fig leaf.

It is a rare instance these days when you can pick up a daily newspaper but what you see an account of an automobile accident. Will people never learn that automobiles were not intended to run more than about ninety-seven miles an hour?

In a recent issue of the Houston Post, in Judd Mortimer Lewis' "Tampering With Trifles" column, appeared the following:

"I have been asked if I cannot do something to keep girls from wearing the extremely and disgracefully tight garments that so many girls now wear. I can not. This column is not a dress reform column. My better half and myself will see that our girls never wear such garments, and if other fathers and mothers will do as much the problem will be solved."

Lest you forget—Eagle Lake needs a good sewer system, and we need it badly. Eagle Lake, situated as it is in a flat country, should by all means have a sewer system. And, when we get it, if ever we do, you will see the health situation on the improve.

A colored citizen of Weimar took a shot at another with a pistol Tuesday night, but due to bad markmanship the only damage was a puncture in the atmosphere.—Weimar Mercury.

"Dey" don't take "no" chances down here with a pistol—"dey" carves 'em up about every week with a razor or a butcher knife.

Fall dresses for women will be made longer and fuller. Well, it is time that fashion should call for "more goods." It could hardly have gone in the other direction much further—it had to be more—for fashion had reached that point it made shadowgraphs of them on the streets and showed the color of their garters when they attempted to cross their feet.

The best people everywhere are drawing tighter the ban on the turkey trot add other suggestive dances. These new dances are doomed to return to the places where they originated—the best people of all communities refuse to stand for them. Our people still believe in modesty and decency now just as much as in the days of old, and it will not be long before these vulgar dances will be numbered among the things that were.

The Eagle Lake people are proud of their fire company. They are liberal toward the fire boys with financial assistance. But that's not all the fire boys want. They want the co-operation of the business men. They want more of the business men to enlist as volunteer firemen, to attend their meetings and by their presence and through their membership, put more enthusiasm in the fire company. In a nut shell, the firemen want more of the business men to join the company.

Why not arrange in some way or other to get more benches for the park, so that when people go out to the band concerts on Tuesday nights they may be able to sit and enjoy the music. Eagle Lake has a good band and the people enjoy its sweet music at the concerts, but to stand during the entire evening, for lack of seats in the park to accommodate the crowd, is a tiresome proposition. There should be more seats in the park, but it is useless to place them there if they are to be used for anything else and be broken up in hauling them from place to place, as they have been done in the past.

When some of the newspapers of Texas quit complaining through their columns of their poverty and put more business into their work, there will be better times for that class of newspaper men. Nobody cares to patronize a firm or institution on the brink of bankruptcy, but somehow or other some newspaper men are always keeping the fact before their readers that their plant is on the ragged edge of the bow wows. Newspapers should conduct their affairs on business principles. We make a fair profit on every job we turn out. If we can't do that we don't want the job. All we ask is that our patrons pay our accounts on presentation of statements.

James L. Storey of Lockhart is being endorsed as a possible candidate for governor by the volunteer fire companies in a number of towns of this section of the state. Many have expressed a willingness to be governor. In fact the woods are full of them and they are now beginning to put out their "feelers." According to our way of thinking, Will H. Mayes, the present lieutenant-governor is the logical man for the office. We would like to see a South Texas man occupying the governor's chair, but we don't believe Judge Storey stands any more chance to be elected governor of Texas than a snow ball does in the lower region.

QUAIL TO BE NUMEROUS THIS HUNTING SEASON.

Quail are said to be very numerous this season. On account of the dryness during the entire season the nests and young ones have not been drowned out by the heavy rains which generally fall here during the spring months. It is said to be numerous over this section of the country and shooting will be good when the season for quail is on. These birds should be protected and out-of-season hunting should not be permitted. We are informed that a reward is going to be offered here for the arrest and conviction of people killing quail before the season opens. It has also come to the ear of the reporter that people will be placed secretly on the watch out for those hunting quail before the season opens. This is as it should be, for if all wait until the season opens, then all hunters would be given an equal chance. We understand that an effort is going to be made here this year to prevent anyone from killing quail until the season opens.

Mr. Louis Adams of Kingsville is visiting his mother, Mrs. Fred Hillebrand, near Eagle Lake.

EAGLE LAKE MFG. CO. MAKING IMPROVEMENTS.

The Eagle Lake Manufacturing Company is increasing its capacity for making ice and also adding more storage rooms. Mr. Koennecke, the company's hustling manager, is always on the improve down at his plant, and if he continues to improve the plant in the future, as he has been doing in the past, he will soon have a plant to his own liking. Mr. Koennecke is certainly one of the most pleasant and strictly business men of Eagle Lake, and this paper is always more than glad to note his improvements and prosperity.

A Talk on Tailoring

There's a great satisfaction in having your clothes made to order.

The style fabric will be exactly as you want it. The fit will be perfect because it will be made to fit YOUR BODY—not a model.

There will be a drape to your suit, a distinctive hang and cut that say as plainly as words

"Tailor-Made"

GEO. REDFORD,
Merchant Tailor.

11-tf)

Mr. and Mrs. W. S. Strickland and two little daughters, Misses Annie and Lena, spent Sunday visiting in Galveston.

We have four barbers at work all the time; we will certainly appreciate your patronage. Call and give us a chance to please you.

Civil Engineer G. R. Abney has purchased an Overland runabout to be used in his civil engineering work.

Minister Praises this Laxative

Rev. H. Stubenvoll of Allison, Ia., in praising Dr. King's New Life Pills for constipation, writes:—"Dr. King's New Life Pills are such perfect pills no home should be without them." No better regulator for the liver and bowels. Being all guaranteed. Try them. Price 25c at all druggists.

BOOKING GOOD SHOWS FOR COMING SEASON.

Manager J. N. Frazar has already booked a large number of good attractions for the Eagle Lake opera house during the coming season. He is now in communication with a number of other attractions and the largest number of bookings will be done during the next two months. He proposes to give Eagle Lake more and better theatrical entertainments this season than the town has ever had before. If we want to get good shows here, we must give the opera house a good patronage. The quality of our attractions depends largely upon the patronage the opera house gets. Let's make Eagle Lake's opera house a success this coming season and see some good shows here.

PAINT AND NOT

Paint was never before so high as last year, about $3.50 a gallon. Devoe and a lot cost more for trash.

What is trash?

It looks like paint and pretends to be paint, but isn't worth painting. It costs a painter's day's work to put on a gallon of paint, good or bad; and a painter's day's work is $3 or $4.

Add that to the price of a gallon. That is the cost of a gallon. Devoe is $5 or $6 a gallon; and trash a half dollar less.

But Devoe is all paint, and more too; you add oil to it; a gallon is 5 or 6 quarts of perfect paint for the painter's pot. But trash is three-quarters two-thirds or half paint; you pay a half-dollar less for nobody-knows-what-it-is.

10 gallons Devoe is enough for the average job; it takes 15 to 20 gallons of trash. And the wear same way. Unfortunately, they look alike when first put on.

E. A. TOLIVER — DEVOE — sells it.

J. Nathan & Sons Special Sale
—on—

HIGH GRADE CLOTHING

These are the celebrated Spero, Michael & Sons and the Benjamin lines—none better.

Men's $25 suits, special sale price	$16.95
Men's $22.50 suits, " " "	14.95

EAGLE LAKE FIRE BOYS GET $50.00 DONATIONS.

The Eagle Lake Fire boys are in receipt of $25.00 donated to them by Mrs. J. W. McCarty and $25.00 by Mr. J. A. Harbert and take this opportunity to thank both for the donations. It is such tokens of appreciation from the citizens that make the fire boys feel that they are not waisting thier energies and their time in the discharge of their duties as firemen for non appreciative people.

THE FIRE BOYS.

Suffered Eczema Fifty Years. —Now Well.

Seems a time to endure the awful burning, itching, smarting, skin disease known as "tetter" another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure.

Mrs. D. L. Kenny writes:—"I can not sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail, 50c.
