EVERYBODY IS GOING ON THE TRADE EXCURSIONS

Continued From First Page

leaving there at 11:00 a. m. and will arrive at Garwood at 12:15 p. m. They will remain in Garwood two hours and fifteen minutes, leaving there at 2:30 for Nada, where they will arrive at 3:00 and will remain forty-five minutes. Leaving Nada at 3:45 the party will arrive at Eldridge at 4:30 p. m. Will leave Eldridge at 4:45 p. m. and arrive at Matthews at 5:00 p. m. The excursionists will remain at Matthews fifteen minutes and leave for Calhoun, arriving there at 5:30. Will remain at Calhoun thirty minutes and leave at six o'clock for Eagle Lake. Schedules of the other two days' trips will be printed at later dates, and all members of the party of excursionists are requested to cut out this schedule for the first day's trip and keep it for reference.

WOULDN'T SPIT ON BAIT; DIDN'T CATCH ANY FISH

Mr. W. Y. Westmoreland has turned in an account of $3.80 against this paper, which account has been flatly "turned down." On last Friday evening Mr. Westmoreland read in this paper where fish were biting splendidly on the lake. So bright and early Saturday morning he was out on the water fishing away. Well, to make a long story short he caught but four little perch. He contends that the paper gave him a "bum" tip, and that through the influence of that article he is out just $3.80, the amount his fishing trip cost him. We've turned the account down for the fact we can prove by his own brothers that he couldn't catch fish even if they were biting so briskly that one would have to hide his bait until he got to his proper location on the lake and one other fact on which we base our contention of his account, and which is going to be a strong arguement before the jury when the matter is in court, is that he never once "spit" on his bait.

"NATIONAL HERO SERIES NO. 1"

Bismarck—the "Greatest of the Germans"

BISMARCK, like all Germans, prized Personal Liberty as the breath of life—a NATURAL RIGHT to be guarded and defended at any cost. Among our millions of law-abiding German-American citizens there is not a man who does not consider it insolent tyranny of the most odious kind for any legislation to issue this command: "Thou shalt NOT eat this—thou shalt NOT drink that." Germans know that there is no evil in the light wines and beers of their fathers. EVIL ONLY IS IN THE MAN WHO MISUSES THEM. Fifty-seven years ago ANHEUSER-BUSCH founded their great institution upon the tenets of the Constitution of the United States. During these fifty-seven years they have honestly brewed an honest beer—the kind that has added to the temperance of nations. Their great brand—BUDWEISER—is demanded throughout the world. Its sales exceed any other beer by millions of bottles, proving it to be in a class by itself.

FRIDAY AND THIRTEENTH ARE BUGABOOS TO HIM

City Marshal H. S. Vineyard is superstitions. So much so, that when the newly elected city officers were taking the oath of office on last Friday afternoon, Mr. Vineyard suddenly realized that the day was Friday, belived by many to be an unlucky day, so he was not sworn in as city marshal until the following day. On Monday when the city council was busy moving its office from the Norris building, to the new firemen's building, which will be the city council's meeting room, in the future, Mr. Vineyard said the day was the "13th," and tried to get the councilmen to put off moving one day. But the moving was done on the "13th," and the city marshal says if any bad luck comes to the city counll, they will know the reason.

There will be services as follows at the Methodist church next Sunday: At the eleven o'clock morning hour there will be a sermon for the "Junior Church." Sunday School at 9:45. Junior League at 2:30 p. m.., and evening services at 8 o'clock. The public is invited to attend these services and especially the morning service.

The Christian Aid Society will meet Tuesday 21st, with Mrs. A. C. McClanahan.

NO DISCOMFORT FROM DODSON'S LIVER TONE

Violent Purgatives Need No Longer Be Used for Constipation, so Why Run Risks of Their Disagreeable After-Effects.

To overcome constipation and sluggish liver pleasantly, easily and safely, Dodson's Liver Tone is guaranteed by Calvert's Drug Store, who will cheerfully refund purchase price (50c.) at once if you are not entirely satisfied with it.

Dodson's Liver Tone is made to take the place of calomel and other strong purgatives. It has none of the disagreeable and often dangerous after-effects of calomel, which is in fact a poison, a mineral, a form of deadly mercury.

Dodson's Liver Tone is a strictly vegetable liquid, containing nothing harmful. It not only leaves no bad effects, but works easily and naturally, without pain or gripe and without interfering at all with your regular habits, diet or occupation. A trial may benefit you greatly, why not see about it today?

Mr. H. Lee Johnson and family, who have been living in the former Methodist parsonage on State Street, have moved to the fromer A. C. McClanahan home on Prairie Avenue. The house vacated by the Johnson family is for rent. Interested parties will see Mr. W. H. Lenhart at the First National Bank for particulars.

CONTRACTS LET FOR REBUILDING THE THREE DAMAGED COUNTY BRIDGES

Commissioners' Court Has Let Contracts for Re-Building the Three Bridges Damaged by Overflow; Work at Altair Will Begin First.

BY JUDGE J. J. MANSFIELD

The Commissioners' Court last Thursday let the contracts for rebuilding all of the river bridges that were partially destroyed by the flood of last November. In all of the contracts the steel on a pier is discarded, and all foundations are to be of solid concrete well reinforced, and to extend to a depth far below any possible action of the water. Piers are also to be connected by reinforced concrete web to prevent the lodging of any drift, and except in the Altair bridge, no wooden trestle approaches will be used.

The Altair bridge is to have a new steel span 217 feet long with 16 foot roadway, which will admit the passing of vehicles, which was not the case with the other bridge. It will have wooden approach of 292 feet, a five hundred foot earth fill, and an additional trestle of sixty feet crossing a slough, the trestle and approach to be constructed of heavy cypress timbers on hand which were saved from the wreck, and which are considered far better than any new timbers that might be purchased. The contract for this bridge was let to Austin Bros. for $7,800 and work will begin in ten days. It will be the first of the bridges to be completed as the company has the span ready for immediate shipment.

The Columbus north bridge is to have three new steel spans of 180 feet in length, which when completed will make one continuous steel bridge 878 feet long without any wood work except the flooring, and that will be laid upon steel stringers. The foundations provided for are considered as good as engineering skill can contrive, and the trusses are to be of the campbell back style. This contract was let to the Missouri Bridge and Iron Co., for $17,200.

The Columbus east bridge is to have one new steel span 160 feet long, the east end to be elevated four and one half feet higher than the present bridge. Four of the forty foot spans now in the east bridge are to be taken down and used in other sections of the county. This contract was let to the

YOU CAN BE STRONG, TOO!

As the season advances, you'll be outdoors more and more. First thing you know, your muscles will be sore and lame. Then you'll need a good liniment. Here's where NYAL'S LINIMENT comes to the rescue.

NYAL'S LINIMENT is absorbed by every pore and is taken up into the system. In this way all the soreness and stiffness is quickly removed, with lasting results. Painful swellings and bruises are given the greatest relief on short notice.

After an hour's work in the garden, "playing catch," or a ramble and one forkful of exercise, you are sure to be lame and stiff if you don't apply NYAL'S LINIMENT. And you, my dear lady, after a day's work housecleaning or other work around the house, are liable to be sore in the muscles and joints if you don't rub in NYAL'S LINIMENT.

NYAL'S LINIMENT costs only 25 and 50 cents the bottle. Certainly cheap in price for the results it brings.

We handle a complete line of NYAL FAMILY REMEDIES. We recommend them, too.

EAGLE LAKE DEFEATED EL CAMPO HERE SUNDAY

Glazier's Home Run in First Inning Took All Ginger Out of The El Campo Boys.

The El Campo baseball team came to Eagle Lake last Sunday afternoon in autos for a game same afternoon on the grounds here with the Eagle Lake team. The game was a victory for Eagle Lake in a score of 6 to 5.

El Campo took the field, and Glazier was first man up for Eagle Lake. The very first ball pitched to him resulted disastrously for El Campo's twirler. Glazier rapped it out to deep left for the cleanest home run we have ever seen made. The next man up made one strike and then got four balls in succession, taking a walk to first. 'Twas then that "Ellie's" twirler threw up the sponge with a record of having thrown five balls, which gave the home team a base on balls and a home run. We've been trying to get that pitcher's name, but found no one who knew it—he didn't hold his position long enough for us to get acquainted with him. "Ellie's" ginger was all gone when a new pitcher relieved him, and Eagle Lake scored two more runs in that inning. From that time on El Campo never had a chance to win, and at no time during the game did the Eagle Lake boys really try to play ball. They saw they had the game won in the very first inning and just "toyed" along with "Ellie" after that.

In the sixth inning Will Craft for the locals got a clean three bagger to left field. Will Beakes for the visitors—we called him "Buck Shot" when he was a little kid and lived here—played a good game, and showed out about the best player on the visiting team. Taking a long drive in right he "beaned" it down to third, tagging the second man at that bag.

The largest crowd witnessed the game that has been seen at a ball game in Eagle Lake for several seasons past. El Campo's team was light, and had they been able to interest the home team, a good game would have been the result. After their awful first inning, the visitors got together and played better ball, but they were out-classed all the way through the game.

Battery for Eagle Lake: Chouteau and Waddell, Chouteau getting thirteen strike-outs to his credit. T. J. Balhorn umpired the game and his decisions gave satisfaction to both sides. Score by innings:

El Campo	1	0	0	1	0	0	2	1	—5
Eagle Lake	3	0	0	1	0	1	0	1	x—6

Mr. J. M. Callison, who has had such a hard time at the Temple Sanitarium, writes the Headlight that he will be home in a few days, and that he is getting along all right, and on his return will be able to look after the duties of his office, and his candidacy for re-election.

Mr. and Mrs. Sam Davidson, little Miss Irene Davidson, Misses Lucy Hart, Florence Smith and Sophie Daily spent Sunday visiting in Stmonton.

TUESDAY, APRIL 28, EAGLE LAKE'S BIG CLEAN-UP DAY

Mayor and City Council Urge Every Person To Enter the Movement With the Spirit that Will Make Eagle Lake the Cleanest Town in Texas.

BY R. E. WALKER AND H. E. CAREY.

The Mayor and Board of Aldermen are much pleased with the success that seems assured for the Clean-Up Day, on next Tuesday, April 28th. Already a great many citizens have begun the work and when all the back yards in town are cleaned up thoroughly, we expect to see our city looking beautiful indeed. Don't forget the front yard and the sidewalks. The curb and sidewalks have become overgrown with weeds and grass in a great many places, and at the last meeting of the city council it was decided to use the city wagons in hauling off any grass that will be cut and piled in the street, not in the ditch. Be sure to have all rubbish and trash piled in the street in front of your house so that the city wagons can get it without difficulty.

With the co-operation of our enterprising citizens, Eagle Lake could easily be made the most beautiful town in this part of the State. Let everybody do a little work and the result will be surprising. Clean up and keep clean and the flies and mosquitoes will not stay here. Get rid of filth and flies, and you have made a big start towards better health and a better town.

Let us all pull together to make Eagle Lake the "City Beautiful."

Mr. E. Middleton, manager of the Schumacher Company, was a business visitor to Houston last Friday afternoon.

Mrs. W. S. Perdue of Rosenberg is visiting in the city the guest of her daughter, Mrs. J. A. Donley.
