In Dr. Norris' Brick Building on Main Street, next to the Eagle Lake Drug Company.

Beard-Balnora.

Quite a surprise wedding occurred here last Sunday afternoon, the contracting parties being Dr. Will Beard and Miss Edna Balnora. Both of this city; who drove to the Methodist parsonage, where, in the presence of a few friends who had gathered previous to their arrival, they were made man and wife. Rev. Morgan, the popular Methodist minister officiating.

The groom is one of our most popular young men, having just finished his course in dentistry in the Atlanta Dental schools, and has since established an office in the thriving little town of Glen Flora. The bride is one of Eagle Lake's sweetest and most popular young ladies, and is a universal favorite in the community. The HEADLIGHT joins the large circle of friends of this most estimable young couple in wishing them a long life of happiness and prosperity.

J. D. Russell, president of the Alma Railway Construction and Irrigation company, arrived home yesterday from an extended trip east. Mr. Russell was accompanied by his cousin, Miss Lizzie Mayers of Adairville, Ky., who will reside in the future with Mr. and Mrs. Russell at their home, 127 West Evergreen street, San Antonio Light.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advance stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. Eagle Lake Drug Co.

White Wolf Stock Food

Mixed Feeds. The advantage of feeding Mixed Feeds is readily appreciated by the intelligent feeder. A feed of value must contain the proper elements that make fat, bone and muscle.

When properly mixed you have a balanced ration that not only produces fat, bone and muscle, but it gives new life and vigor, very perceptible in the new, glossy coat of your stock, the look of the eye and the quickness of their tread.

Our White Wolf Stock Food contains all the elements of a pure, concentrated food, being composed principally of Corn, Alfalfa, Wheat, Barley, and is properly proportioned. We guarantee it to give one third more feed value than Corn or Oats. TRY IT.
