A Freak Chicken.
Emma Mitchell, a colored woman who lives near the Eagle Lake Rice Mill, was exhibiting a freak chicken on the streets here Thursday. The chicken had just been hatched out and, like all ordinary chickens, had two legs, and projecting from one side was a well developed hand. Of course the hand did not resemble a human hand very much, but had that appearance the five fingers being visible.

To check a cold quickly, get from your druggist some little Candy Cold Tablets called Preventics. Druggists everywhere are now dispensing Preventics, for they are not only safe, but decidedly certain and prompt. Preventics contain no Quinine, no Laxative, nothing harsh nor sickening. Taken at the "sneeze stage" Preventics will prevent Pneumonia, Bronchitis, La Grippe, etc., hence the name Preventics. Good for feverish children. 48 Preventics 25 cents. Trial boxes 5 cents. Mr. Wm. Smith went to Cuero this week and took in the whole country around that place in search of his horse which was recently stolen from here and was said to have been sold at that place. He did not find the horse there, but learned that same had been sold to parties living at Edna. He at once communicated with the officers at Edna and was told that the horse was there, and as soon as a car could be gotten the animal would be shipped to him.
