The Howett Musette Company held the boards at the opera house last night and will also give another entertainment tonight. This is the first show at the local opera house this season. This is an exceptionally good entertainment and well worth the money. Not a complaint was heard from any one who attended and most everyone that was present last night will attend again tonight. The entertainment last night was full of good lessons, splendid cornet playing and good music, and had a sufficient amount of fun to make it spicy.

Traylor guarantees every article--satisfaction or money back.

A crowd of the young people spent a most pleasant evening at the home of Mrs. Flowers Tuesday. Those present were Misses Kate Griffin, Minnie and Lona Skelton, Fannie Williamson and Willie Dobbins, and Messrs. Terry Loughridge, George Vick, Oliver and Morgan Flowers. Refreshments of delightful fruit punch, cake and fruit were served.

DENTIST--Dr. P. T. Gordon, Dentist, upstairs Norris building. All kinds of dental work and all work guaranteed.

Mr. W. T. Foote of Rock Island was in the city on business yesterday. He gave our office a pleasant call while here and got a good look at the "type lice."

Garden Hose, complete, or by the foot or yard, for sale by the Water, Light & Gin Co.

The HEADLIGHT received a pleasant call yesterday from its old friend and former townsman, Mr. James B. Stafford of Uvalde. Mr. Stafford was here on a short business trip and left for a visit to the lower country. He has just returned from a trip to Washington and the Pacific coast and contemplates moving his family to Dallas, Washington, sometime during the coming spring. Mr. Stafford says he and his family are enjoying the best of health. His many Eagle Lake friends were indeed glad to see him. Mr. Stafford says that in the last three years that he

secretly recognizes the place as the Eagle Lake of three years ago.

The HEADLIGHT is very short this week on local news, but owing to some large advertisements which you will find elsewhere in the paper and on account of an overflow in the job printing department, we were forced to neglect the local news columns. As it is so very seldom that this paper is short on the local happenings of the community we feel sure that our readers will overlook our shortcomings in this issue.

FOR SALE--Several high, dry, residence lots in a desirable part of the city. Apply to **DR. J. S. BRUCE.**

The many friends of Mrs. J. H. Meyer were glad to see her Wednesday at the Drummers' Home where she stopped over till the night train. She was en route to Columbus where she will remain a few days and will then accompany Mr. Meyer to Mississippi where he has a number of building contracts.

Traylor will give you your money's worth in tailoring--latest styles and better goods.

We learn that Mr. and Mrs. Allen Dugut will assume charge of the McDow Hotel on the first of the month. They will commence the work of improving the house in the way of an addition of eight rooms. This improvement will be made in order to meet the growing business demands of this popular hotel.

Have your measure scientifically taken by Traylor the Tailor--something snappier that the rest--fit, style and workmanship guaranteed.

Aohler Taylor, a brakeman on the Whangdoodie, had his right hand severely mashed at Eldridge last Friday. In throwing a switch he lost his footing and fell on the track, the car wheels passing over his hand. Amputation of the thumb was necessary, but only one other bone in the hand was broken and it is not thought that he will entirely use the use of that hand.

Be sure and look up Mrs. B. Hamburger's millinery advertisement which will be found in this issue.

The attention of our readers is called to the page advertisement of Mr. H. Nussbaum, who announces his grand opening of fall and winter goods which will commence at his store next Monday, September 30th. Mr. Nussbaum has his store packed full of the season's latest merchandise and invites the people of Eagle Lake and vicinity to pay his store a call on the date above mentioned and take advantage of the opening prices.

Order your Fall clothes from Traylor--he knows the styles and quality of goods. You can't go wrong.

Contractor Geo. Keith asks the HEADLIGHT to instruct the parents of the children of the town to keep their boys off of the rice elevators now under construction. Mr. Keith says the little boys are making a habit of climbing to the top and playing on the elevators, and if one of them should accidentally fall off there wouldn't be enough left of him to have a good size funeral.

IS THE PRICE OF LUMBER TOO HIGH?

If you'll study the above picture carefully, and do a little figuring, you can't help seeing that lumber is no higher, relatively, than farm products, labor and merchandise of all kinds.

Would you like to go back to the hard times of 1897, just so you could buy lumber cheaper? You were probably kicking then because prices were so low. Now that prices are up, and YOU can get decent prices for what YOU have to sell, do you want another year of 1907? Do you want to strike the lumber business? BECAUSE WHEN THEY DO, THEY'LL CATCH YOU, TOO.

You can build just as economically today as you ever could, or ever can, because when lumber prices go down, you can bet your last nickel that WE'LL ALL GO DOWN TOGETHER. So don't foolishly put off building till you can buy lumber cheaper, but go ahead and build. You'll not save a cent by waiting. Let us make you an estimate on that bill.
