This has been a week of sales in Eagle Lake and the special prices offered by our dry goods store have attracted a great many people to town during the week. The sale prices will continue through next week.

The people of Eagle Lake are beginning to agitate the question of having a big free barbecue here on July 4th. A committee will be around to see you on the subject during next week and we hope to be able to announce in our next issue that the big barbecue is an assured thing.

I AM OPERATING IN THE COAST COUNTRY

With my headquarters at Eagle Lake, Colorado County, Texas,

For The purpose of Selling Farm Lands

If you have a good tract of land of any size that you wish to dispose of quick, list it with me and I will find you a cash buyer, no matter how many others have failed. I make the sale of south Texas lands a specialty. Have purchased the Drummers Home Cottage, have moved my family here to live because we like the place, people and surrounding country. Will do all I can for the upbuilding of this city and section of country. I make farm lands a specialty and do not have any side issues such as loans, cattle, insurance or anything. I have an organized force in the north working for me all the time bringing in business. I know the power of printers ink, when, how and where to use it to the best advantage. My sales of south Texas land last year amount to, in round numbers, over one million dollars. About two years ago I subdivided and sold out and brought in new settlers for about thirty thousand acres of land in Colorado and Wharton Counties owned by Mr. John Lindbergh. I have sold out of the King pasture in Nueces County, Texas, about forty thousand acres during the past four years and have placed settlers on these lands who are successful and they are my best friends today which will demonstrate that I can do business and at the same time treat my purchasers fairly. I do not want any commission until I make the sale and give both the buyer and seller a square deal, with no third party mixed up in the trade to cover up profits. During the past two years I have furnished most of the purchasers for the lands, acreage and town lots for the Alamo Beach family health and pleasure resort. You will find my office opposite the Southern Pacific station in the Drummers Home Cottage. If you wish to list your land call on me or write me stating what you have and naming your very lowest price. I will go and look your property over and if I think I can sell it I will accept it for sale providing you will give me the exclusive sale of it in writing. Do not look for me on the streets but come direct to my office. I am subdividing and offering for sale in small tracts a Caney Valley plantation, the richest soil that I know of that does not overflow.

HERBERT D. HURD, Manager,
Fidelity Immigration Company.

Mr. Francis Potter, Editor of the Herrington Kan. Sun, who made a trip South in January, says:

"One is agreeably disappointed in the sort of land men that you meet down here. Not a man in this party has been engaged for a minute by importunities to invest. Every question has been answered fully and courteously, every opportunity is given the intending investor to find out all he wishes to know, not from real estate men alone, but from the inhabitants and farmers themselves. Mr. Herbert D. Hurd, vice president and manager of the Fidelity Immigration Company, a Texas corporation, with offices at Kansas City, Eagle Lake, Chester, Tex. and Houston is a special example of this sort of land seller. He has been with our party nearly all the way and not only the writer, but every member of the party, is indebted to him for courtesies and kindnesses that have added very materially to our trip. It makes no difference whether you are an intending investor or just a tourist; his quiet courtesy is just the same. He never importunes you to buy land, but is always ready to show or tell you about his propositions if asked. We are told he closes more deals than any other man in this section of the country, so it appears that his plan works well."

Miss Blanche Howard of Garwood is spending the week in the city with Miss Irene Brown.

Mrs. J. B. Harris left Wednesday for her home in Yukon after a pleasant visit to Mrs. W. A. Dallas.

You can save money on lumber, shingles, millwork, etc., by sending us your house or barn bill for our estimate.
