I AM OPERATING IN THE COAST COUNTRY

With my headquarters at Eagle Lake, Colorado County, Texas.

For The purpose of Selling Farm Lands

If you have a good tract of land of any size that you wish to dispose of quick, list it with me and I will find you a cash buyer, no matter how many others have failed. I make the sale of south Texas lands a specialty. Have purchased the Drummers Home Cottage, have moved my family here to live because we like the place, people and surrounding country. Will do all I can for the upbuilding of this city and section of country. I make farm lands a specialty and do not have any side issues such as loans, cattle, insurance or anything. I have an organized force in the north working for me all the time bringing in purchasers. I know the power of price when it comes to the best advantage. My sales of south Texas land last year amount to, in round numbers, over one million dollars. About two years ago I subdivided and sold out and brought in new settlers for about thirty thousand acres of land in Colorado and Wharton Counties owned by Mr. John Linderholm. I have sold out of the King pasture in Nueces County, Texas, about forty thousand acres during the past four years and have placed settlers on these lands who are successful and they are my best friends today which will demonstrate that I can do business and at the same time treat my purchasers fairly. I do not want one cent of commission until I make the sale and give both the buyer and seller a square deal, with no third party mixed up in the trade to cover up profit. During the past two years I have furnished most of the purchasers for the lands, acreage and town lots for the Alamo Beach family health and pleasure resort. You will find my office opposite the Southern Pacific station in the Drummers Home Cottage. If you wish to list your land call on me or write me stating what you have and naming your very lowest price. I will go and look your property over and if I think I can sell it I will accept it for sale providing you will give me the exclusive sale of it in writing. Do not look for me on the streets but come direct to my office. I am subdividing and offering for sale in small tracts a Caney Valley plantation, the richest soil that I know of that does not overflow.

Mr. Francis Potter, Editor of the Herrington Kan. Sun, who made a trip South in January, says:

"One is agreeably disappointed in the sort of hard men that you meet down here. Not a man in this party has been annoyed for a minute by importunities to invest. Every question has been answered fully and courteously, every opportunity is given the intending investor to find out all he wishes to know, not from real estate men alone, but from the inhabitants and farmers themselves. Mr. Herbert D. Hurd, vice-president and manager of the Fidelity Immigration Company, a Texas corporation, with offices at Kansas City, Eagle Lake, Chasterville and Houston is a special example of this sort of handseller. He has been with our party nearly all the way and not only the writer, but every member of the party, is indebted to him for courtesies and kindnesses that have added very materially to our trip. It makes no difference whether you are an intending investor or just a tourist; his quiet courtesy is just the same. He never importunes you to buy land, but is always ready to show or tell you about his propositions if asked. We are told he closes more deals than any other man in this section of the country, so it appears that his plan works well."

The Protracted Meeting.

Much interest is being manifested in the protracted meeting being conducted at the Christian Church by Evangelists Spicer and Douthitt, and several have united by letter with that congregation. Bro. Spicer is preaching nightly to large and attentive audiences. He is an excellent preacher, ranking among the foremost evangelists of the Christian church. He is a fluent and forceful speaker.

There is a certain Western congressman whose bonifications, affability and habitual absent-mindedness have occasionally led him into absurd mistakes. One day, during his last campaign, as he stepped from the train at the station of his home town after an arduous two weeks of stumping and "glad handing," his little daughter rushed up to him and kissed him. The congressman beamed upon her with a proud and tender parental eye.

The Other Gentleman.

An old fishman who had recently recovered from severe sickness chanced to meet the parish priest who had been summoned during his illness to administer the rights of the church to the dying, as he was considered to be near death's door, and the following conversation took place:

"Ah, Pat, I see you are out again. We thought you were gone sure, you had a very serious time of it."

"Yes, yer reverence, indeed I had."

"When you were so near death's door were you not afraid to meet your God, your Maker?"

"No, indeed, yer reverence," replied Pat, "it was the other gentleman."

A father whose looks are not such to warrant the breaking up of all existing statues of Apollo, tells this on himself.

My little girl was sitting on my lap facing a mirror. After gazing intently at her reflection for some minutes she said: "Papa did God make you?"

Certainly, my dear I told her. And did He make me, too? taking another look in the mirror.

Certainly, dear. What makes you ask?

Oh, I don't know. Seems to me He's doing better work lately.

But Wait for Vacation.

A country clergyman, on his fold of visits, interviewed a youngster as to his acquaintance with Bible stories. "My lad," he said, "you have of course heard of the parables?"

"Yes, sir," shyly answered the boy whose mother had instructed him in sacred history. "Yes, sir."

"Good!" said the clergyman. "Now, which of them do you like best of all?"

The boy squirmed, but at last, heeding his mother's frown, he replied: "I guess I like that one where somebody loafs and fishes."
