The little daughter of the house closely watched the young man who had just returned from college and who had called to see her parents, and finally sat down beside him and began to draw on her skirt.

"What are you doing?" asked the youth.

"I'm making your picture," said the child.

The young man sat very still, and the child worked away earnestly. Then she stopped and compared her work with the original and shook her head.

"I don't like it much," she said. "Tipt a great deal like you. I think I'll put a tail on it and call it a dog."

BORN IN IOWA.
Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy made at Des Moines for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narrows, Tex., and have introduced the remedy here. It has proved very successful and is constantly growing in favor. EXHIBIT BROS. This remedy is for sale by all druggists.

Just Like a Boy.

A boy placed an apple on a doorstep and then retired some distance. "My lad," remarked a gentleman who had observed the act, "do you know that you are doing wrong in placing that apple on those steps? Some poor fellow might be tempted to steal it."

"That's what I want him to do," was the reply.
"Because I've hollowed the inside out and filled it with mustard!"

NO NEED OF SUFFERING FROM RHEUMATISM.
It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not wait until you have given it a trial. For sale by all druggists.

A Coming Diplomat.

"And how are the children doing?" asked Uncle Tom.
"All well but Johnny. I can't make him out. Do you know said the anxious mother, "he is continually getting his brothers into rows, and then running away and leaving them to fight it out alone."

Uncle looked relieved.
"Have no fear for John," said he. "It is clear the boy is destined to become a great diplomat."

STOMACH TROUBLES.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. Samples free at all druggists.

The showery weather of the past two weeks has caused cotton to shed badly and grow too much wood. Grass is growing rapidly and most of the fields are getting very foul. Until a few days ago, boll weevils were doing secretly any damage, but with the continued showers many complaints of their work can now be heard. From the fine prospects of two weeks ago of possibly half a bale to the acre, it is generally conceded by the best posted farmers that one-fourth of a bale will be a good crop, and should the rains continue another week cotton will possibly average one bale to ten acres. The rains, however, are just what the rice farmers need and many of them have been able to close down their pumps on account of having plenty of water.

Last Monday just after the noon hour during a heavy rain and electrical storm, lightning killed two horses, owned by the Lakeside Sugar Refining Company, and knocked down and badly shocked three men near Bonas, eleven miles below this place. The men were convict guards and were riding in from the fields when lightning struck, instantly killing the horses from under two of the riders and badly shocking the men. One man was quite badly burned about the neck and shoulders, but none was seriously injured. A squad of convicts was marching ahead of the guards and a number of them were slightly shocked.

The Literary and Civic Club met with Mrs. J. E. Roberts the first Thursday in this month. There were five new members added: Mrs. Ross, Mrs. Bruce, Mrs. Horace McKee, Miss Mildred Thatcher and Miss Nell Green. After a pleasant talk and some good advice from the president, Mrs. Carothers, the literary part of the program was carried out in full: Reading, "Ancient Mexico," Mrs. Roberts; Paper, "Life of President Diaz," Mrs. Callison; Recitation, Mrs. Northington. The hostess assisted by her sister, Mrs. Trousdale of Smithville, served delicious gold and white cake and cream, which, with the bougainvilleas of gold and white lanterns and maiden hair fern, carried out the club colors. On account of lateness of the hour just week, very little was said of the delightful afternoon spent with Mrs. Matthews and the interesting paper on "The City of Mexico" read by Miss Flowers. The next meeting will be with Miss Cora Brown.
