I AM OPERATING IN THE COAST COUNTRY

With my headquarters at Eagle Lake, Colorado County, Texas,
For The purpose of Selling Farm Lands

If you have a good tract of land of any size that you wish to dispose of quick, list it with me and I will find you a cash buyer, no matter how many others have failed. I make the sale of south Texas lands a specialty. Have purchased the Drummers Home Cottage, have moved my family here to live because we like the place, people and surrounding country. Will do all I can for the upbuilding of this city and section of country. I make farm lands a specialty and do not have any side issues such as loans, cattle, insurance, or anything. I have an organized force of men who will go all the time looking for good land. I have sold land last year amount to, in round numbers, over one million dollars. About two years ago I subdivided and sold out and brought in new settlers for about thirty thousand acres of land in Colorado and Wharton Counties owned by Mr. John Linderholm. I have sold out of the King pasture in Nueces County, Texas, about forty thousand acres during the past four years and have placed settlers on these lands who are successful and they are my best friends today which will demonstrate that I can do business and at the same time treat my purchasers fairly. I do not want one cent of commission until I make the sale and give both the buyer and seller a square deal, with no third party mixed up in the trade to cover up profit. During the past two years I have furnished most of the purchasers for the lands, acreage and town lots for the Alamo Beach family health and pleasure resort. You will find my office opposite the Southern Pacific station in the Drummers Home Cottage. If you wish to list your land call on me or write me stating what you have and naming your very lowest price. I will go and look your property over and if I think I can sell it I will accept it for sale providing you will give me the exclusive sale of it in writing. Do not look for me on the streets but come direct to my office. I am subdividing and offering for sale in small tracts a Caney Valley plantation, the richest soil that I know of that does not overflow.

Mr. Francis Potter, Editor of the Herrington Kan. Sun, who made a trip South in January, says:

"One is agreeably disappointed in the sort of land men that you meet down here. Not a man in this party has been annoyed for a minute by importunities to invest. Every question has been answered fully and courteously, every opportunity is given, the intending investor to find out all he wishes to know, not from real estate men alone, but from the inhabitants and farmers themselves. Mr. Herbert D. Hurd, vice-president and manager of the Fidelity Immigration Company, a Texas corporation, with offices at Kansas City, Eagle Lake, Chesterville and Houston is a special example of this sort of land seller. He has been with our party nearly all the way and not only the writer, but every member of the party, is indebted to him for courtesies and kindnesses that have added very materially to our trip. It makes no difference whether you are an intending investor or just a tourist; his quiet courtesy is just the same. He never importunes you to buy land, but is always ready to show or tell you about his propositions if asked. We are told he closes more deals than any other man in this section of the country, so it appears that his plan works well."

Dr. F. O. Norris was a business visitor to Weimar Wednesday.

Mrs. W. A. Dallas returned yesterday from a visit of several weeks to friends in Byers.

Wednesday of last week Rev. Oscar Ferrell closed a very successful revival meeting at the Hebrew church, near Yorktown. Great interest was manifested in the meeting and thirty additions were added to that congregation.

A wholesale jail delivery took place in this city last Sunday morning when over twenty prisoners escaped from the calaboose. City Marshal Vineyard had been paying 15 cents each for dogs brought to him on which taxes had not been paid, and the calaboose was well filled with them. He went to the city jail to feed his prisoners Sunday morning and to his astonishment not a dog was there. He is offering \$5.00 reward to find out who aided his prisoners in making their escape.

The youngest gentleman in the village put in his royal appearance at the home of J. Winston Stafford and wife last Saturday, and has been the centre of attraction ever since. We now know why Joe broke so many telephone wires when he pergrinated to assemble his scattered ideas—Colorado Citizen.

The ice cream social at Mrs. J. U. Frazier's Wednesday night was quite a nice affair. The cake and cream, according to promise couldn't be beat, chocolate peach, banana, pineapple and vanilla creams and several varieties of delicious cake. It is not possible to run in that old joke about one oyster in a gallon of stew for a church supper, for on this occasion the saucers were piled high and whole cakes were on the table and every one ate all he (or mostly she) wanted. Miss McCulla opened the program with two songs, "Dear Heart" and "Love Me and the World is Mine," with Mrs. M. E. Guyan as accompanist. Mrs. Peterson recited in a charming manner "A Colonial Romance." Miss Skelton gave two brilliant sessions on the piano, "Qu'Vive Gallop and the Moonlight Sonata." About \$12.00 was the financial result.

When a man whose life is insured dies his heirs or beneficiaries of his policy collect the money. When a home or a building or a stock of merchandise is destroyed the fire insurance adjuster comes around, ascertains the loss, and the company pays the money. When a ship at sea goes to the bottom and is covered by insurance, her owners lose no sleep over the loss, but are reimbursed in due course. These things occur in all civilized countries, and attract no attention. A bank closed its doors the other day. Its deposits were insured, and the depositors got their money on the spot. This happened in Oklahoma, and is attracting a good deal of attention. Why should it attract any more attention than a case of life insurance or fire insurance or marine insurance? Because, by some singular psychological trick, money is the only thing that has been forgotten or overlooked in the general application of the insurance idea, and Oklahoma is the only state that seems to have thought of it.—Galveston News.

A FAITHFUL FRIEND.
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1874 and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend." Says W. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak for it. For sale by all druggists.

His Preference.
A little boy was sitting on "one of the benches in Central Park, New York, watching the people ride the donkeys. An exceedingly fat woman hired a donkey and was about to mount when she saw the small boy and said to him: "Little boy, don't you want to hire a donkey, too?" "No, thank you. I'd rather sit here and laugh."

FOR SORE FEET.
"I have found Bucklen's Arnica Salve to be the proper thing for bunions, sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. It is the proper thing for all sores. Try it! Sold under guarantee at Calvert's drug store, 25c.

A Smart Englishman.
A tall, practical Englishman went over to "the states," the other day from London. He took lodgings at an inn in a small village, which shall be nameless.

He had dinner, and among those who sat at the table with him was the waiting maid, whom he designated as a "servant," but he received an indignant correction from the landlady.

"We call our servants, sir, 'helps.' They are not oppressed; they are not Russian serfs."

"All right," said the Britisher; "I shall remember."

And he did, for in the morning he awoke the whole house by calling out at the top of his voice, which was like the tearing of a strong rag:

"Help, help! Water, water!"

In an instant every person equal to the task rushed into his room with a pail of water.

"I am much obliged to you, I am sure," he said, but I don't want so much water, you know. I only want enough to shave with."

"Shave with!" said the landlady. What did you mean by calling: 'Help! Water?' We thought the house was afire."

"You told me to call the servant 'help' and I did. Did you think I would cry 'Water!' when I meant fire?"

The explanation, it would seem, was satisfactory, and he can call the servants "servants" as much as he likes at that place now.

CHRONIC DIARRHOEA RELIEVED.
Mr. Edward K. Henry, with the United States Express Co., Chicago, writes: "Our General Superintendent, Mr. Quirk, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack of the old chronic diarrhoea. I have used it since that time and cured many of our trains who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment, and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale by all druggists.

Keep Juice in Pies.
To the housewife who has trouble with the juice of her pies running over into the oven, the following suggestion will prove helpful. Always place the sugar on the bottom crust before placing the fruit into the pie, and the trouble will be avoided.
