Cause of Her Illness.

A gentleman riding in a rail road train was impressed with two passengers, one a pretty, delicately appearing young lady, and the other a plain faced maid. When the mistress was at dinner the gentleman remarked to the maid in a tone of great sympathy: "Your lady seems very ill."

"Yes, sir, she suffers sadly."

"Consumption, I should fear?"

"No, sir, I am sorry to say it is of the heart."

"Dear me! Aneurism?"

"Oh, no, sir! It is only a lieutenant in the navy."

LAME BACK.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by all druggists.

I AM OPERATING IN THE COAST COUNTRY

With my headquarters at Eagle Lake, Colorado County, Texas,
For The purpose of Selling Farm Lands

If you have a good tract of land of any size that you wish to dispose of quick, list it with me and I will find you a cash buyer, no matter how many others have failed. I make the sale of south Texas lands a specialty. Have purchased the Drummers Home Cottage, have moved my family here to live because we like the place, people and surrounding country. Will do all I can for the upbuilding of this city and section of country. I make farm lands a specialty and do not have any side issues such as loans, cattle, insurance or banking. I have an organized force in the north working for me all the time bringing in purchasers. I know the power of printers ink, when, how and where to use it to the best advantage. My sales of south Texas land last year amount to, in round numbers, over one million dollars. About two years ago I subdivided and sold out and brought in new settlers for about thirty thousand acres of land in Colorado and Wharton Counties owned by Mr. John Linderholm. I have sold out of the King pasture in Nueces County, Texas, about forty thousand acres during the past four years and have placed settlers on these lands who are successful and they are my best friends today which will demonstrate that I can do business and at the same time treat my purchasers fairly. I do not want one cent of commission until I make the sale and give both the buyer and seller a square deal, with no third party mixed up in the trade to cover up profit. During the past two years I have furnished most of the purchasers for the lands, acreage and town lots for the Alamo Beach family, health and measure resort. You will find my office opposite the Southern Pacific station in the Drummers Home Cottage. If you wish to list your land call on me or write me stating what you have and naming your very lowest price. I will go and look your property over and if I think I can sell it I will accept it for sale providing you will give me the exclusive sale of it in writing. Do not look for me on the streets but come direct to my office. I am subdividing and offering for sale in small tracts a Canby Valley plantation, the richest soil that I know of that does not overflow.

Fidelity Immigration Company.

Mr. Francis Potter, Editor of the Herrington Kan. Sun, who made a trip South in January, says

"One is agreeably disappointed in the sort of land men that you meet down here. Not a man in this party has been annoyed for a minute by importunities to invest. Every question has been answered fully and courteously, every opportunity is given the intending investor to find out all he wishes to know, not from real estate men alone, but from the inhabitants and farmers themselves. Mr. Herbert D. Hurd, vice-president and manager of the Fidelity Immigration Company, a Texas corporation, with offices at Kansas City, Eagle Lake, Chisterville and Houston is a special example of this sort of land seller. He has been with our party nearly all the way and not only the writer, but every member of the party, is indebted to him for courtesies and kindnesses that have added very materially to our trip. It makes no difference whether you are an intending investor or just a tourist; his quiet courtesy is just the same. He never importunes you to buy land, but is always ready to show or tell you about his propositions if asked. We are told he closes more deals than any other man in this section of the country, so it appears that his plan works well."

HAD A CLOSE CALL.

Mrs. Ada L. Croom, the widely known proprietor of the Croom Hotel, Vaughn, Mich., says: "For several months I suffered with a severe cough, and consumption seemed to have, its grip on me, when a friend recommended Dr. King's New Discovery. I began taking it, and three bottles effected a complete cure." The fame of this life-saving cough-and-cold-remedy, and lung and throat healer is world wide. Sold at Calvert's drug store, 50c. and \$1.00. Trial bottle free.

AN EXCHANGE SAYS: "School pupils will have to buy a new Pennybacker's Texas history. The only change in it is the addition of five pages telling that Tom Campbell is governor, and a few things about his administration. If every pupil in the state has one of these books it must be exchanged. The exchange price is 32 cents. There are 914,000 schoolchildren in Texas, and the cost to the school children being taught that Tom Campbell is governor will be, in round numbers, about \$397,000."

A HEALTHY FAMILY. "Our whole family has enjoyed good health since we began using Dr. King's New Life Pills, three years ago," says L. A. Bartlett, of Rural Route 1, Guilford, Maine. They cleanse and tone the system in a gentle way that does you good. 35c. at Calvert's drug store.

AS STATED elsewhere, Hon. Cullen F. Thomas of Waco may go East within a few days to aid in the fight for Bryan and Democracy. If he does he will prove himself an orator worthy of Texas and the record he will make will be enviable. Waco Tribune.

A great many wrongs are committed in the name of "good business."

The Value of Self-Control.

The habit of self-control which surely prevents the waste of time and energy is what has made many naturally high-tempered men successful in war, politics, professions and trade. Washington, Napoleon, Wellington and Grant were by nature passionate and impetuous, but they schooled themselves to an almost impassiveness of disposition which prevented them from wasting their energies when the time for action came.

FOR CHAPPED SKIN.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequalled for sore nipples, burns and scalds. For sale by all druggists.

Not long since a friend asked us if we did not have a time getting stuff to fill the paper. The easiest job we have is to fill the paper, and with a good running typewriter we can keep two printers busy all the week. It's no trouble to fill the paper and it's no trouble to get plenty to fill it, but sometime we have a hard job keeping things out of the paper. In fact, it takes more real courage and judgment to keep things out of the paper than it does to put them in. Things that are wrong, things that are not true, things that reflect on someone, unjustly, things that might bring blush or shame to the cheeks of some reader. Things like this ought not to be put in the paper, but if they close watch to keep them out.

Lakeside Sugar Mill Starts.

The Lakeside Sugar Refining Company at Lakeside started up its sugar mill at six o'clock Monday morning for the season's run. The mill had sixty-four cars of cane on the tracks in its yards when it started. The cane crop in this section is exceedingly fine this year, and the acreage having been increased, will give the mill a long and successful run this season unless this country's experiences and early and killing freeze. Clear weather is almost essential for a few weeks like this ought not to be put in the paper, but if they close watch to keep them out.
