Moving Picture Theater.

Eagle Lake is to have a moving picture theater. The new McCarty building on Main Street is being converted into a neat little theater to be known as the "Princess Theater." Mr. F. E. Moses, the genial manager, states that the doors will be opened to the public today, January 9th, at 2:30 p. m., presenting the latest and best moving pictures with illustrated songs. The establishment of moving picture theaters throughout the country has marked a new era in the amusement field. The first few were sneered at, but as they grew in numbers, those that sneered stopped to wonder. Today they are a firmly established institution. They fill a long felt want; they supply the people with an inexpensive, clean and moral means of enjoyment. They educate, elevate and amuse. Managers of this class of amusement realize that they must furnish a good show in order to retain their patrons. Mr. Moses assures us that the performance given at the "Princess Theater" will be up-to-date in every particular and no expense will be

spared in making his performance the very best that can be given. Moving pictures have become so popular in the past few years that there is scarcely a town of any size in this country but what support one or more moving picture theaters. Why then should Eagle Lake be an exception? Let us hope that all will turn out and give the "Princess Theater" their patronage.

Mr. Henry Carey spent last Sunday and Monday in Weimar, returning to Eagle Lake Tuesday afternoon accompanied by Mrs. Carey and Mrs. Von Lengerke, who will make this place their home in future. Mr. and Mrs. Carey, Mrs. Von Lengerke and Mr. Charlie Von Lengerke are occupying the former Moonsey residence, Mr. Mooney and family having moved into their handsome new home.

Much moving comes with the new year. Dr. Mrs. W. T. Beard and little Billy are at home in the cottage vacated by Mr. and Mrs. Paul Burger, who go to the old Huff place. Mr. and Mrs. Olva Davis are house-keeping in one of Mrs. Jenkins' cottages next door to the R. J. Putney home.

Mr. A. H. Keoncke and family spent the Christmas holidays on a large ranch with relatives in west Texas. Hunting is fine in that section of the state and Mr. Keoncke was fortunate enough to kill two large bucks and a number of wild turkeys while on the trip.

Messrs. A. S. Lowrey and Nick Blanchard have our thanks for renewal subscriptions handed in since last issue.

The Hardy Satsuma and Quamquat Oranges budded onto Citrus Trifoliata root, are receiving more serious consideration by a large number of people throughout the Coast Country than any other new industry that has come to this country.

Large groves are being planted in many localities by the old settlers. The Nurseryman and Horticulturist especially recommend our prairie soil with its rich, clay subsoil for this fruit. These trees are recommended to stand a freeze or temperature of 10 degrees above zero without receiving injury. The fruit is very choice. The trees are ornamental. Orange blossoms are nicer than roses. They add beauty, comfort and value to every city or farm house. Every family in the city or country who owns their own home, should have at least half a dozen of these fine fruit trees and one or two Ponderosa Lemon trees. I have a few Satsuma trees that I am offering for sale. Anyone interested should call at my house at once.

Among the lands offered for sale by our company, we call especial attention to the following:

It is time to begin making arrangements to plant shade trees. Nothing will improve a town more than shade trees and Eagle Lake is sorely in need of them. Make up your mind to put out a few shade trees around your premises.

Mr. Christian Cook and Miss Maud Wilkerson, both of Chesterville, drove to the home of Rev. Oscar Ferrell in this city after services Sunday night where they were united in matrimony. Rev. Which Texas daily will be first to follow this fine example?

We are pleased to note that Mrs. A. C. McClanahan, who has been critically ill with typhoid fever is improving nicely. Mrs. McClanahan has been dangerously ill since returning from her Christmas visit to Orange.

Probably the largest sale of Japan rice that has been made in this section for some time was made Monday when Mr. J. J. Whitley, manager of the Lake-side Rice Mill, purchased 7000 bags from the Southern Irrigation Company. The price paid per bag was not learned.

Mr. Chas. Moore, who has been working on the Enterprise at Mercedes, came in Tuesday night to spend a while here and at his old home in Schulenburg. He has not been in good health for some months and has come back to this country to recuperate. Charlie was connected with the HEADLIGHT for more than four years and is well known to the people of Eagle Lake.

Monday and Tuesday were the coldest days we have experienced in this section for four years or more. The thermometer went down as low as 17 during Monday night.
