Every Girl is Entitled to one
Sweetheart.

Every girl is entitled to a
sweetheart. Ma and pa may en-
ter a dissenting opinion, but the
courts have decided it. Judge
DeLacy, of the juvenile court in
Washington, knows the law, and
knows even more about girls and
boys. And with the legal points
in his decisions he mixes a few
drops of common sense with the
extract of Blackstone and the
essence of the Revised Statutes.
Miss Effie has honored Anacostia
with her presence for sixteen
sunny years. And sweet sixteen
finds the world full of interest,
amusement and novelty. It is
hard to convince any girl of six-
teen that she is "too young to
love," because she knows that a
pretty young girl or a handsome
boy takes to love as naturally as
a duck does to water. They may
escape the measles and fever,
but Cupid can't miss 'em. When
a girl begins to look sad and pen-
sive and to live off pickles and
preserves, when a boy takes to
roaching his hair, pressing his
trousers and shining his shoes, it

is a sign that "love has come."
Nothing else will do it. Pa and
ma may storm and fret and may
call it "puppy love," and sister
may laugh; but the two parties
involved know that it is love's
young dream, and they don't
want to be waked up. They know
that they have reserved seats on
the big sofa, a standing engage-
ment at the ice cream stand, and
a mortgage on the moonlight.
Certainly every girl is entitled
to a sweetheart. And every boy
is entitled to a girl. Pa and ma
might as well make up their
minds to it and adopt Danny Cu-
pid as a member of the family.
He's going to roost around the
house anyhow, and you might as
well take him in and make him a
household pet. Though it isn't
yet known to the Declaration of
Independence, one of the inalien-
able rights of youth is the right
to love, courtship and the pursuit
of happiness. — Baltimore Sun.

Misery in Stomach.

Why not start now—today, and
forever rid yourself of Stomach
trouble and Indigestion? A di-
eted stomach gets the blues and
grumbles. Give it a good eat,
then take Pape's Diapiesin to
start the digestive juices work-
ing. There will be no dyspepsia
or belching of Gas or eructations
of undigested food; no feeling
like a lump of lead in the stom-
ach or heartburn, sick headache
or Dizziness, and your food will
not ferment and poison your
breath with nauseous odors.

Pape's Diapiesin costs only
50 cents for a large case at any
drug store here, and will relieve
the most obstinate case of Indi-
gestion and Upset Stomach in
five minutes.

There is nothing else better to
take Gas from Stomach and
cleanses the stomach and intes-
tines, and besides, one triangle
will digest and prepare for as-
similation into the blood all your
food the same as a sound, healthy
stomach would do it.

When Diapiesin works your
stomach rests—gets itself in or-
der, cleans up—and then you feel
like eating when you come to the
table, and what you eat will
do you good.

Absolute relief from all Stomach
Misery is waiting for you
as soon as you decide to begin
taking Diapiesin. Tell your druggist
that you want Pape's Diapiesin,
because you want to be
thoroughly-cured of Indigestion.

That eccentric paper, the Abi-
lene Farmers' Journal, is now
advocating old age pensions. Of
all legislation that would tend to
destroy thrift and economy and
promote shiftlessness, idleness,
extravagance and intemperance
it is old age pensions. In these
days any man is able by exert-
ing the proper industry and
economy to save enough to do
him in his old age, without be-
coming a government charge or
pensioner. Besides there are
insurance companies which will,
for a small weekly, monthly or
yearly premium during early
life, pay an annuity during old
age. Government insurance
along this line would possibly be
all right, but government old age
pensions is against the genius of
any free and independent people.

All pensioning business is de-
moralizing anyway. It is not
right to tax an industrious and
economical man for the support
of a lazy and improvident man.

—Exchange.

Speaking of teaching practical
studies in the schools, here is
one I heard from the Brownell
school. The teacher asked: "If
it takes one woman two hours to
clear a room, how long will it
take two women?" "Four
hours," answered a little girl.
"Wrong," said the teacher. "It
would only take one hour."
"Oh," answered the observing
little miss. "I didn't know you
was talking about ladies who
wasn't on speaking terms with
each other."

Do You Open Your Mouth

Like a young bird and gulp down what-
ever food or medicine may be offered you?
Or do you want to know something of the
composition and character of that which
you take into your stomach whether as
food or medicine?

Most intelligent and sensible people
now-a-days insist on knowing what they
employ whether as food or as medicine.
Dr. Pierce believes they have a perfect
right to insist upon such knowledge. So he
publishes "head-and-on each bottle-
wrapper," what his medicines are made of
and what they do for the body. This he feels
he can well afford to do because the more
the ingredients of which his medicines
are made are studied and understood the
more will their superior curative virtues
be appreciated.

For the cure of woman's peculiar weak-
nesses, irregularities and derangements,
giving rise to frequent headaches, back-
ache, dragging-down pain or distress in
lower abdominal or pelvic region, accom-
panied, oftentimes, with a debilitating,
pelvic, catarrhal drain and kindred symp-
toms of weakness, Dr. Pierce's Favorite
Prescription is a most efficient remedy.
It is equally effective in curing painful
periods, in giving strength to nursing
mothers and in preparing the system of
the expectant mother for baby's coming.
It is a refreshing, child-life and com-
parative painless. The Favorite Prescrip-
tion is a most potent, strengthening
tonic to the general system and to the
organs distinctly feminine in particular.
It is also a soothing and a sedative,
nervine and cures nervous exhaustion,
nervous prostration, neuralgia, hysteria,
spasms, chorea or St. Vitus's dance, and
other distressing nervous symptoms at-
tendant upon functional and organic dis-
eases of the distinctly feminine organs.
A host of medical authorities of all the
several schools of practice, recommend
each of the several ingredients of which
"Favorite Prescription" is made for the
cure of the diseases for which it is claimed
to be a cure. You may read what these
say for yourself by sending a postal card
request for a free booklet of extracts
from the leading medical authorities, Dr. J. C.
Pierce, Lowell, Mass. and Surgical In-
stitute, Buffalo, N. Y., and it will come to
you by return post.

A Lesson From Japan.

The state punishes, but it does
not forgive. Japan, in adopting
various features of civilization,
introduced the jail and other pe-
nal institutions. This system in
the Occident shuts a man behind
the bars, degrades him for the
time of his incarceration, and
frequently turns him on the
world again worse than when he
entered the prison, for he is
branded with a mark that makes
him feel perpetually a criminal.
He has no voice in the affairs of
the nation; he is shunned by so-
ciety. Japan has amended its
penal code by providing that
punishment shall be full expia-
tion, and when a convict has
served his term of confinement
his offense is wiped out. No one
is to refer to his crime to bring
reproach upon him or his fam-
ily. Herein Japan has set Chris-
tian nations an example, for she
has incorporated in her law in
this regard the Christian spirit.

Witty, But Rude.

Some time ago two Irish pre-
lates were on a pleasure trip in
America, and one of them be-
came eloquently enthusiastic on
the subject of certain architec-
tural beauties, which he pointed
out to his companion. The other
who was not so interested in
architecture, said:
"It is all very fine, no doubt,
but I should tell you that a rich
field, fragrant with the odor of
newly-mown hay, would please
me better."

"That may be so," replied the
first; "and there is not a donkey
in the whole of America that
would not agree with you."

Random Shots.
I shot an arrow into the air; it
fell in the distance. I knew not
where, till a neighbor said that
it killed his calf, and I had to
pay him six and a half (\$6.50).
I bought some poison to slay
some cats, and a neighbor swore
it killed his cats; and, rather
than argue across the fence, I
paid him four dollars and fifty
cents (\$4.50). One night I set
sailing a toy balloon, and hoped
it would soar until it reached
the moon, but the candle fell out
on a farmer's straw, and he said
I must settle or go to law. And
that is the way with the random
shot—it never hits in the proper
spot; and the joke you spring,
that you think so smart, may
leave a wound in some fellow's
heart.—Walt Mason, in the Em-
poria (Kan.) Gazette.

Asks Us to Print.
To relieve the worst forms of
Rheumatism, take a teaspoonful
of the following mixture after
each meal and at bedtime:
Fluid Extract Dandelion, one-
half ounce; Compound Kargon,
one ounce; Compound Syrup Sara-
parilla, three ounces.
These harmless ingredients
can be obtained from our home
druggists, and are easily mixed
by shaking them well in a bottle.
Relief is generally felt from the
first few doses.
This prescription forces the
clogged up, inactive kidneys to
filter and strain from the blood
the poisonous waste matter and
uric acid, which caused Rheu-
matism.
As Rheumatism is not only the
most painful and torturous dis-
ease, but dangerous to life, this
simple recipe will no doubt be

greatly valued by many suffer-
ers here at home, who should at
once prepare the mixture to get
this relief.
It is said that a person who
would take this prescription regu-
larly, a dose or two daily, or
even a few times a week, would
never have serious Kidney or
Urinary disorders or Rheuma-
tism.
Cut this out and preserve it.
Good Rheumatism prescriptions,
which really relieve are scarce,
indeed, and when you want it,
you need it badly.

Saw No Hope.
A doctor came up to a patient
in an insane asylum, slapped him
on the back, and said: "Well,
old man, you're all right. You
can run along and write your
folks that you'll be home in two
weeks as good as new."

Love!
Love is the only bow on life's
dark cloud. It is the morning
and evening star. It shines on
the babe, and sheds its radiance
on the quiet tomb. It is the
mother-of-art; the inspirer of
poet, patriot and philosopher. It
is the air and light of every
heart; builder of every home;
kindler of every fire on the
hearth; it was the first dress of
immortality. It fills the world
with melody, for music is the
voice of love. Love is the ma-
gician, the enchanter that
changes worthless things to joy,
and makes right royal queens
and kings of common clay. It
is the perfume of that wonder-
ful flower, the heart, and with-
out that sacred passion, that di-
vine boon, we are less than
beasts; but with it—earth is

heaven and we are gods.—Inger-
soll.
