ABOUT THAT BOND ISSUE.

The following relative to the bond issue was received through the mail yesterday by this paper: Editor of Eagle Lake Headlight.

Eagle Lake, Texas. Dear Sir: We, the undersigned Commissioners of Colorado County, wish to correct the mistaken idea as regards the distribution of bonds.

We are unanimously in favor that the said fund shall be equally divided among the several Commission-ers' precincts, also it is our desire and we hope that the farmers' labor and teams shall be used as far as possible as the roads will be built solely in the interest and for the advantage of the citizens of each precinct.

Sincerely yours, W. S. Griffiths, Com. Prec. 1. Arthur J. Ratcliff, Com. Prec. 2. J. J. Brod, Com. Prec. 3. T. J. Roberts, Com. Prec. 4.

Referring to the above subject, the proposed bond issue, we are of the opinion that the majority of the people in this section of the county are unaware that an election for such an issue has been ordered, as nothing concerning the ordering of the election has been published, or even posted, in these parts and surely the people of this section—especially the country people who

live in their local parts, for information on such subjects should be treated with this much consideration. When is this election called for? The people in this end of the county want to know. Such an important step as this, where the peoples' money is concerned, should be published in every paper in the county that the people in all parts of the county could get themselves had become aware of the fact this election, which if it carries, will raise their tax rate 15 cents on every \$100, has been ordered. This question should be made so public that every farmer in every part of the county can get familiar with the subject so every voter in the county could turn out and vote, and let the result of the election be the will of the whole people of the county. We learn that the elec-

If this election carries the amount of that bonds will increase the county tax rate 15 cents on every \$100 valuation of taxable property in the county. The object of this article is that the paper wants every reader to give this matter careful consideration, then ask yourself if you are willing to place a further tax of 15 cents on the \$100 valuation in order to have the roads made better. If in your mind, or what ever your business is, justify it. Good roads are a fine thing. That's an undisputed fact, but the question that confronts us is this: Considering the fact that we are in the first year in

The Greatest Sale of UNDERMUSLINS

COMMENCES AT H. NUSSBAUM'S

MONDAY, FEBRUARY 6th and Ends Saturday, February 11th.

Those who come to the store early, will without a doubt get the best values and service. Come on the first day of the sale if you can.

THE event announced herewith is expected awaited with keen interest by all. Our white sales have been distinctive and unrivaled events for many years. They have had no equal in character or in values.

But we announce this sale with especial enthusiasm because of unusual conditions that make it without question the greatest merchandising event of the kind that has ever occurred.

There are more Undermuslins than we ever had before—probably the greatest quantity ever assembled at one time by any one store in town.

There are finer Undermuslins than ever before. Styles and workmanship and materials have been bettered. There is not a single garment even among the least priced, that will fail to please a refined and discriminating taste.

And on this magnificent stock there are LOW PRICES THAT ARE MARVELOUS. In many cases they are less than the cost of the materials. They have never been equaled outside this store.

Our regular preparation for this sale was most complete and exhaustive. It involved the sacrifice of profits by makers and ourselves—such sacrifice by makers as only a most important and favored customer could secure, and the greatest sacrifice of our own profits we ever made. But in addition to the vast stock gathered in this way, the trade conditions of the past weeks have brought us for the first time in years the chance to take our picks from some of the finest stocks in the country at practically our own prices. We have rejected much. We have chosen the best. We have added an immense stock to a stock already most beautiful. The result justifies all our enthusiasm.

Don't fail to take advantage of this great sale of Undermuslins. Nothing like it ever before held in Eagle Lake. Visit the other departments of our store, it will pay you. The latest New York fashions will be displayed in our store during this sale.

H. NUSSBAUM,

SUCCESSOR TO J. NATHAN & SON.

EAGLE LAKE, TEXAS.
