**W.A. Dallas & Co.**

On next Thursday night, April 20th, "Our Jim," a four-act comedy-drama will be presented by local talent at the opera house for the benefit of the Eagle Lake fire company. This is a piece that abounds in wit and comedy, with a bit of quiet pathos, the characters true to every day life and every one good. A clean, wholesome play that everybody should see. The churning scene and the old fashioned square dance in the barn are side splitters. Each person is particularly adapted to the part assigned, all taking a very great interest in the rehearsals every night. Patrons of the opera house will have the pleasure of witnessing an excellent local talent production in "Our Jim," and the management promises that there will be no long, tiresome waits between the acts, a happening

never out of work. The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, languor into energy, brain-fog into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. Only 25c at Calvert's Drug Store.

Mr. William Barrow, while assisting in the work of tearing down the old school building, fell from a scaffold, about twenty-five feet, and was painfully hurt yesterday morning. In falling, Mr. Barrow managed to catch hold of a rope with his left hand, and but for this the accident might have been a serious one. Mr. Barrow's foot struck somewhere in falling, completely

He says this is proof enough that he was "going some." Some of the spaller bones of the ankle were broken in the fall and he is considerably bruised up, but we are all glad the accident is no worse, and hope that Mr. Barrow will soon be up and about again.

**Greater Eagle Lake.**

The HEADLIGHT believes that great good can be accomplished in the welfare of the town, will offer some suggestions for city improvements. Therefore we are going to ask every citizen who feels an interest in his home town to write an article for this paper giving his opinion of some instance wherein the town can be beautified, made cleaner or improved in some manner. If we can get an article suggestive of improvements for Eagle Lake from a great many of our citizens, we believe they will eventually be the means of accomplishing much good in this city. We want every citizen who feels an interest in Eagle Lake to write an article of any "suggested improvement" which he may choose to write on. We hope that none of the articles will be more than a column in length, and in order to avoid errors we will ask that all copy be furnished us in typewritten form. All articles must be sent in by April 25th and we will begin printing them under the heading of "A Greater Eagle Lake" in issue of that week. We want all the articles in before we commence printing them so there will be no vein of similarity noticeable among them. Every progressive citizen should be willing to offer some suggestions for the building up and improving of Eagle Lake, but of course we expect some to be "so busy they just couldn't get around to it," but this class of citizens don't take much interest in their home town anyway. About all they take any interest in is "raking in the almighty dollar."

Editor Lou Davis of the Sealy News was a pleasant caller at the HEADLIGHT office while in the city Tuesday morning. Mr. Davis gets out a live local newspaper in his home town, and his ideas for running a country weekly are very much in accordance with our own, in that he believes in omitting the "heavy" editorials and giving his readers all the local news of the community.

Two petitions addressed to the Galveston, Harrisburg and San Antonio Railway company have been circulated and signed by the citizens of this neighborhood, requesting the railway company to stop the west bound passenger train No. 9 at that place. The other petition requested the railway company to remove the fences which now enclose the depot and right of way.

**Decidedly the crowning social**

last night given by Miss Myra Grace Walker in compliment to pretty and popular guest, Miss Gillifred Macy. At nine-thirty o'clock the grand march was begun, led by Mr. John Beard and the guest of honor, Miss Macy, during which the neat and attractive programs, done in bronze brown, were given out. Delicious fruit punch was served during the entire evening. Misses Esther Westmoreland and Eloise Frazer presiding at the punch bowl. At eleven-thirty o'clock the tempting refreshments of brick ice cream and angel's food cake were served. The dance floor was fine and the music by our splendid home orchestra just simply could not have been improved upon. The dancing continued until the "we sma' hours" when the guests departed for their homes, thanking the charming hostess for a most delightfully spent evening.
