WEDNESDAY, MAY 6, 1914.

The city has cleaned up and hauled off all the tin cans and rubbish, the accumulation of several years at that dumping ground near the standpipe, which adds a hundred percent to the looks of things to say nothing of the sanitary condition. The cleaning up of this eye-sore is one of the biggest improvements for the amount of money expended that the city has ever made. In order to keep all unfenced and vacant lots from becoming an eye-sore, the city council has passed an ordinance making it a penalty to the owner where such lots are allowed to become littered up with trash and rubbish.

Among the number who have already announced as candidates for commissioner at the next election are D. A. Paulus of Hallettsville and Bob Barker of San Antonio. Bro. Lane, the present incumbent, is finding it difficult to

the voters will charitably relieve him of his troubles, responsibilities and emoluments at the first opportunity.—Northern View.

Chronic and hungry office seekers are always ready to take advantage of every opportunity to further their own cause. But if there is to be an improvement made over Mr. Lane at the next election, that candidate is yet to announce.

The Headlight for side paper in this district expects to eliminate from its columns all complimentary boasts and puffing for congressmen, state senators, district judges and district attorneys who ignore the requirements of the newspapers of this district. What say you, brother editor in this district.—Eagle Lake Headlight.

Ditto, Amen and Selah.—Northern View.

For a long time we have followed the practice advocated by the HEADLIGHT, one of the reasons therefor being that, for three of the places spoken of, there has been only one candidate running for quite a long time; another reason is that we do not believe in free puffs. In this connection, however, it is thought well to say that the Times makes its charges on a descending rather than an ascending scale as the

## A Reader Cures His Constipation—Try It Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?"

Dr. Caldwell's SYPAP Pepsin is the best medicine for diseases of the stomach, liver and bowels, has looked the whole field over, has practiced the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's SYPAP Pepsin has the best claim to attention from constipated people.

Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong

grade of place sought goes up. This it has done for six years. The reason therefore is obvious.—Bellville Times.

Eagle Lake has certainly got more tobacco chewers and spitters than any town we know of. This city has the best sidewalks of any place of its size in this section of the state. In fact we do not know of a town around here anywhere that has as good uniform concrete sidewalks, and it does look like a pity to have them always decorated with tobacco

juice. If you have a car, there is a city ordinance against spitting on the sidewalks or shop, but if there isn't there should be and it should be strictly enforced. If every tobacco spitter that sprinkles the sidewalks with amber was arrested and made to pay a fine, we would either soon be free from this filthy nuisance or Eagle Lake would soon have enough money in the treasury to build an interurban line from there to Hobston.

Senator D. A. Paulus of Hallettsville has announced his intention that he will not be a candidate for commissioner at the next year. No doubt Mr. Paulus believes there is something in that "early bird" proposition.—Eagle Lake Headlight.

Over in Mississippi, and in some other states, the people were so molested by the early bird among the politicians that they changed the constitution giving all officials a good long term and made them ineligible to succeed themselves. A man hardly gets settled in his office in this state and onto the hang of things before he has to get out and hustle to hold his job long enough to compensate him for the loss of time and expenditure of money in getting it. Many office holders, to be secure from the early bird have to organize a machine to secure themselves in power, and right there is where the public service stands

term, a good long one, would largely eliminate the necessity of a machine and would insure the office holder's peace of mind.—Beville Bee.

**It Started The World** when the astounding claims were first made for Bueaden's Africa Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Bolls, Scalds, Sores Cuts, Bruises, Sprains, Swellings, Eczema, Chapped hands, Fever Sores and Piles. Only 25c at Calvert's Drug Store.

The handsome cottage home of Mr. T. J. Bahron, in the Griffin Addition, near Mr. T. L. Smith's home, is nearing completion, and will be quite an addition to that part of the city.

### Lissie School Concert.

Friday, May 12th the pupils of the Lissie school will give a free entertainment at the Lissie Hall. Every one invited. The following program will be given.

1. "Friday Evening at Gay's Corner," recitation...Olaf Balko.
2. Japanese Drill.
3. "Nigger Night School."
4. "The Cat" song.

### Billousness and Constipation.

For years I was troubled with billousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by all Druggists.

### A delightful dance was given by Miss Sarah Kussmann at the home of her parents, Mr. and Mrs. W. H. Kussmann, on Friday

evening's Point last Friday night, the occasion being a farewell party, the family having moved since to Allegton. A large crowd was present and the dancing continued until a late hour. Delightful refreshments of ice cream and cake were served.

For soreness of the muscles whether induced by violent exercise or injury, this liniment is also highly recommended for the relief it affords in cases of rheumatism. Sold by all Druggists.

### ROCK ISLAND ITEMS.

The school board received bids Tuesday on the new two story brick school building to be erected at this place.

The Rock Island State Bank installed a new triple-time lock safe in its vault Tuesday, which completes their equipment equal to banks in towns much larger than Rock Island.

Dr. Cross of Eagle Lake was over to see Leslie Townsend this week. Leslie's trip to San Antonio seems to be serving him in a good way.

The truck growers of Rock Island loaded and shipped out a car of the cabbage this week.

Jim Swank and Tom Powell captured a large diamond rattlesnake in Mr. P. D. Swank's cake patch. The snake measures nearly six feet, and is of pretty good size.

Mr. C. F. Bell is visiting in Kingsville.

Little Julia May Robertson left this week to join her mother who lives at Mextor, Texas. We are indeed glad to know Mrs. Tompkins has regained her health.

Mr. Dick Cole and mother of Kansas City are here on business. Dick still wears that pleasant face and Mrs. Cole is looking very well for one of her age. We are indeed glad to see the old timers.

Dr. Bell is here in the practice of medicine once more. He is one whom we know and can cheerfully recommend, both as a man and a skilled physician.

Rock Island crossed bats in a game of baseball with Hallettsville here Saturday. The score was 11 to 7 in favor of Rock Island. Boys, you're doing well. Keep the good work up.

O. E. Gaudin and family are

ing their car for Arkansas, where they expect to feast on the good fruits of the hills. Rock Island has no people to lose, but there is no country so good that all can be pleased.

Messrs. D. B. Hayner and W. F. C. Priestmeyer were in Markham this week getting their eyes full of oil. They report the well progressing nicely and the showing for oil fine. Miss Campbell the oil magnet, is in Rock Island this week. She also reports the indications good in the new well at Markham.

W. F. C. Priestmeyer left on Tuesday night for Fort Wayne, Indiana, on business.

Hon. J. Watt Tinkler of Houston is a visitor in Rock Island this week.

Our old land mark and an honorable citizen, J. C. Oakes, is very low, and the doctors say he cannot survive. Mr. Oakes settled near this place before the war and has made this his home to the present time. We are very sorry to know of the illness of our fellow man. But once more we are reminded of the fact that the time is near at hand when we must answer the call, and give an account for the deeds done in the body.

Rock Island has had good rains and crops are looking fine.

### A Burglar's Awful Deed

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. They gave me wonderful benefits in constipation and nerve troubles. I am now well. C. Knap, of Leadville, Tenn. If all going try them. 25c at Calvert's Drug Store.

CORN—I have 500 bushels of good corn for sale at 55c at the farm. P. T. GORDON.

### Rain Saves Nottawa's Defeat.

Lissie, Texas, May 3.—The second game of the season between Nottawa and Lissie was to be played last Sunday at Lissie, but was rained out in the fifth inning with the score of 5-2 in Nottawa's favor. It seems as if the Lissie bunch was paralyzed at the start, but awoke in the second inning and put two over the pan, which seemed to get the Wallis star pitcher's goat. The boys think they would have won in the fifth, tho' they were up against the stars of Wallis, Nottawa and Nottawa.

Another disadvantage the boys had, was that their pitcher, Engdard, catcher Wilson and 3rd baseman Terrell were all absent, and they needed them badly at the bat as well as at their positions on the field. And worst of all the umpire was badly in need of a pair of leather glasses in wooden frames, as he kept looking at the stars for stars. And even gave them decisions they were not entitled to, if it had been a close score. I wanted to write a few lines on the game, so as to let people know that Nottawa didn't deserve any credit, playing stars of three towns. And if the Lissie boys had been all together, the three teams called Nottawa wouldn't have been 1-2-3. Mr. Editor, please print and we will find you a correspondent in our town to let you know of each future game.

Respectfully  
A BYSTANDER.

Judging by the score at the time the rain broke up the game, to a disinterested person it appears the writer of the above might possibly have gotten the names of towns slightly confused in his heading.—EDITOR.

### Do Ghosts Haunt Swamps?

Do Ghosts Haunt Swamps? No, Nottawa, its foolish to fear a

deadly peril to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever; weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters' destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucumb, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Calvert's Drug Store.

### For School Trustees.

We, the undersigned, having been requested by a number of citizens of the Eagle Lake School District to announce for the office of School Trustee, do hereby respectfully ask the support of the qualified voters and we promise to give our best efforts to the upbuilding of the school.
