SATURDAY, MAY 6, 1911.

The city has cleaned up and  
hailed off all the tin cans and  
rubbish, the accumulation of  
several years at that dining  
ground near the standpipes,  
which adds a hundred percent to  
the loads of things to say nothing  
of the sanitary condition.

The cleaning up of this eye-sore  
is one of the biggest improve-  
ments for the amount of money  
expended that the city has ever  
made. In order to keep all un-  
fenced and vacant lots from be-  
coming an eye-sore, the city  
council has passed an ordinance  
making it a penalty to the owner  
where such lots are allowed to  
become littered up with trash  
and rubbish.

Among the number who have  
already announced as candidates  
for comptroller at the next elec-  
tion are D. A. Baulus of Halletts-  
ville and Bob Hargler of San An-  
tonio. Bro. Lane, the present  
comptroller, is standing so much  
that the voters will charitably re-  
lieve him of his troubles, responsi-  
bilities and emoluments at the first  
opportunity.—Nordheim View.

Chronic and hungry office seek-  
ers are always ready to take ad-  
vantage of every opportunity to  
further their own cause. But  
if there is to be an improvement  
made over Mr. Lane at the next  
election, that candidate is yet to  
announce.

The Headlight for one year in this district  
expects to eliminate from its columns all eye-  
pleasing, booster and puff for politicians,  
state senators, district judges and district  
attorneys who prove the announcement column  
of the newspapers of their district. What  
say you, brother editors in this district?—Eagle  
Lake Headlight.

Ditto, Amen and Selah.—Nord-  
heim View.

For a long time we have follow-  
ed the practice advocated by the  
HEADLIGHT, one of the reasons  
therefor being that, for three  
of the places spoken of, there  
has been only one candidate run-  
ning for quite a long time; another  
reason is that we do not be-  
lieve in free puffs. In this con-  
nection, however, it is thought  
well to say that the Times makes  
its charges on a descending rather  
than an ascending scale as the

grade of place sought goes up.  
This it has done for six years.  
The reason therefore is obvious.  
—Bellville Times.

Eagle Lake has certainly got  
more tobacco chewers and spit-  
ters than any town we know of.  
This city has the best sidewalks  
of any place of its size in this  
section of the state. In fact we do  
not know of a town around here  
anywhere that has as good uni-  
form concrete sidewalks, and it  
does look like a pity to have them  
at any time covered with tobacco  
juice. It is not known if there

is a city ordinance against  
spitting on the sidewalks or not,  
but if there isn't there should be  
and it should be strictly enforce-  
ed. If every tobacco spitter that  
sprinkles the sidewalks with am-  
ber was arrested and made to  
pay a fine, we would either soon  
be free from this filthy nuisance  
or Eagle Lake would soon have  
the reputation of being the most  
filthy town in the state.

Senator D. A. Baulus of Hallettsville has  
announced for comptroller at the next term  
of office. No doubt Mr. Baulus believes there is  
something in that "early bird" proposition.  
—Eagle Lake Headlight.

Over in Mississippi, and in  
some other states, the people  
were so molested by the early  
bird among the politicians that  
they changed the constitution  
giving all officials a good long  
term and made them ineligible  
to succeed themselves. A man  
who gets settled in his office in  
this state and onto the hang of  
things before he has to get out  
and hustle to hold his job long  
enough to compensate him for  
the loss of time and expenditure  
of money in getting it. Many  
office holders, to be secure from  
the early bird have to organize  
a machine to secure themselves  
in power, and right there is  
where the public service stands  
in need of a good long term.

tern, a good long one, would  
largely eliminate the necessity of  
a machine and would insure the  
office holder's peace of mind.—  
Beville Bee.

It Startled The World

made for Ducken's Eucalypti Salve but  
forty years of wonderful cures have  
proved them true, and everywhere it is

Bruises, Sprains, Swellings, Eczema,  
Chapped hands, Fever Sores and  
Piles. Only 2c at Calvert's Drug

## A Reader Cures His Constipation—Try It Free

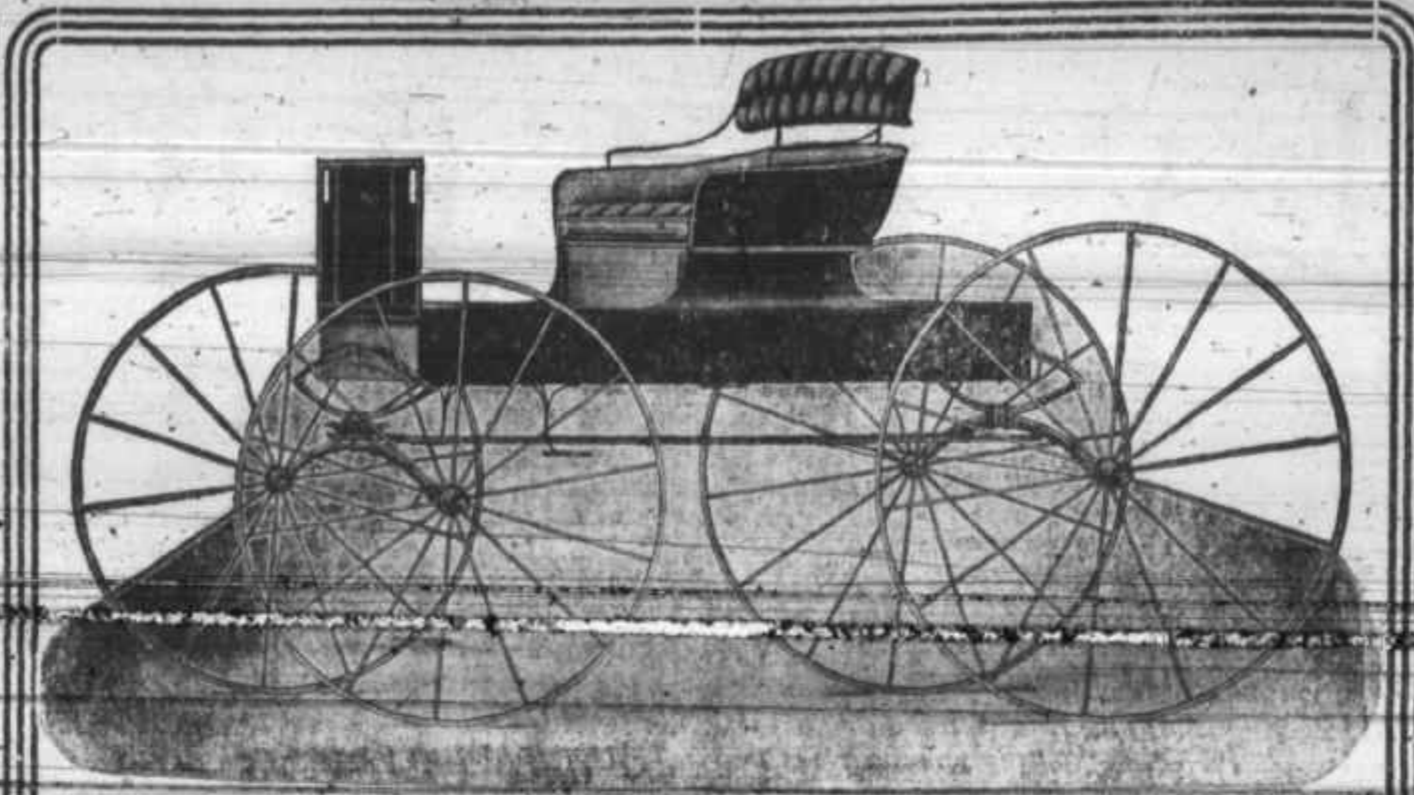

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and  
"Questions and Answers" have one  
question that is put to them more of-  
ten than any other, and which  
strangely enough, they find the most  
difficult to answer. That is "How  
can I cure my constipation?"

Dr. Caldwell, an eminent specialist  
in the treatment of the bowels, has  
covered, has practiced the specialty for  
forty years and is convinced that the  
ingredients contained in what is  
called Dr. Caldwell's Syrup Pepsin  
has the best claim to attention from  
constipated people.

Its success in the cure of stubborn  
constipation has done much to in-  
crease the use of salts, waters, strong  
cathartics and such things. Syrup  
Pepsin, by training the stomach and  
bowel muscles to again do their work  
naturally, and with its tonic ingredi-  
ents strengthening the nerves, brings  
about a lasting cure. Among its  
strongest supporters are Mr. John  
Graveline of 98 Milwaukee Ave., De-  
troit, Mich., and Mr. J. A. Vetter of  
both sexes have written to Dr.  
Caldwell telling of gratifying results  
it has obtained of any druggist at  
fifty cents and one dollar a bottle, or  
if you want to try it first a free sam-  
ple bottle can be obtained by writing  
the doctor.

For the free sample address Dr. W.  
B. Caldwell, 402 Caldwell Building,  
Monticello, Ill.

12. "Cinderella."
13. "Ma Sweet."

### Biliousness and Constipation.

For years I was troubled with bil-  
iousness and constipation, which made  
life miserable for me. My appetite  
failed me. I lost my usual force and  
vitality. Pepsin preparations and  
cathartics only made matters worse.  
I do not know where I should have  
been today had I not tried Chamber-  
lain's Stomach and Liver Tablets.  
The tablets relieve the ill feeling at  
once, strengthen the digestive func-  
tions, purify the stomach, liver and  
blood, helping the system to do its  
work naturally. MRS. ROSA POTTS,  
Birmingham, Ala. These tablets are  
for sale by all Druggists.

### ROCK ISLAND ITEMS.

The school board received bids  
Tuesday on the new two story  
brick school building to be erect-  
ed at this place.

The Rock Island State Bank  
installed a new triple time look  
safe in its vault Tuesday, which  
completes their equipment equal  
to banks in towns much larger  
than Rock Island.

Dr. Cross of Eagle Lake was  
over to see Leslie Townsend this  
week. Leslie's trip to San Anto-  
nio was to be serving him in  
the city.

The truck growers of Rock Is-  
land loaded and shipped out a  
car of fine cabbage this week.

Jim Swank and Tom Powell  
captured a large diamond rattle  
snake in Mr. P. D. Swank's cuce  
patch. The snake measures  
nearly six feet, and is of pretty  
good size.

Mr. C. E. Mack is visiting in  
Kingsville.

Little Julia May Robertson left  
this week to join her mother  
who lives at Meritor, Texas. We  
are indeed glad to know Mrs.  
Tompkins has regained her  
health.

Mr. Dick Cole and mother of  
Kansas City are here on busi-  
ness. Dick still wears that pleas-  
ant face and Mrs. Cole is looking  
very well for one of her age. We  
are indeed glad to see the old  
timers.

Dr. Bell is here in the practice  
of medicine once more. He is  
one whom we know and can  
cheerfully recommend, both as a  
man and a skilled physician.

Rock Island crossed bats in a  
game of baseball with Halletts-  
ville here Saturday. The score  
was 11 to 7 in favor of Rock Is-  
land. Boys, you're doing well.  
Keep the good work up.

O. E. Gaudin and family and  
Mrs. Gaudin are expected to  
leave for Arkansas, where they  
expect to feast on the good  
fruits of the hills. Rock Island  
has no people to lose, but there  
is no country so good that all  
can be pleased.

Messrs. D. B. Hayner and W.  
F. C. Priestmeyer were in Mark-  
ham this week getting their eyes  
filled with oil. They report the well  
progressing nicely and the show-  
ing for oil fine. Miss Campbell  
the oil magnet, is in Rock Island  
this week. She also reports the  
indications good in the new well  
at Markham.

W. F. C. Priestmeyer left on  
Tuesday night for Fort Wayne,  
Indiana, on business.

Hon. J. Watt Tinkler of Hous-  
ton is a visitor in Rock Island  
this week.

Our old land mark and an hon-  
orable citizen, J. C. Oakes, is  
very low, and the doctors say he  
cannot survive. Mr. Oakes set-  
tled near this place before the  
war and has made this his home  
to the present time. We are very  
sorry to know of the illness of  
our fellow man. But once more  
we are reminded of the fact that  
we must answer the toll call and  
give an account for the deeds  
done in the body.

Rock Island has had good rains  
and crops are looking fine.

A Burglar's Awful Deed  
may not paralyze a home so complete-  
ly as a mother's long illness. But  
Dr. King's New Life Pills are a splen-  
did remedy for women. "They gave  
me a new lease of life in constipation  
and many troubles," wrote Mrs. C.  
C. Knapp, of Leadville, Penn. If alling,  
try them. 2c at Calvert's Drug Store.

### Rain Saves Nottawa's Defeat.

To the Headlight:  
Lissie, Texas, May 3.—The sec-  
ond game of the season between  
Nottawa and Lissie was to be  
played last Sunday at Lissie, but  
was rained out in the fifth inning  
with the score of 5-2 in Notta-  
wa's favor. It seems as if the  
Lissie bunch was paralyzed at  
the start, but awoke in the sec-  
ond inning and put two over the  
pan, which seemed to get the  
Wallis star pitcher's goat. The  
boys think they would have won  
in the ninth, but they were up  
against the stars of Wallis, who  
were in the clubhouse, so they  
Nottawa. Another disadvantage  
the boys had, was that their  
pitcher, Engelhard, catcher Wil-  
son and 3rd baseman Terrell  
were all absent, and they needed  
them badly at the bat as well as  
at their positions on the field.  
And worst of all the umpire was  
badly in need of a pair of leather  
glasses in order to see the hit-  
ting stars. And even gave them  
decisions they were not entitled  
to, if it had been a close score. I  
wanted to write a few lines on  
the game, so as to let people  
know that Nottawa didn't de-  
serve any credit, playing stars of  
three towns. And if the Lissie  
boys had been all together, the  
three teams called Nottawa  
wouldn't have been 1-2-3. Mr.  
Editor, please print and we will  
find you a correspondent in our  
town to let you know of each  
future game.

Respectfully  
A BYSTANDER.

Judging by the score at the  
time the rain broke up the game,  
to a disinterested person it ap-  
pears the writer of the above  
might possibly have gotten the  
names of towns slightly confused  
in his heading.—Editor.

Do Ghosts Haunt Swamps?  
No Ghosts. It is foolish to fear a  
deadly perils to guard against in  
swamps and marshes, bays, and  
lowlands. These are the malarial  
spots that cause ague, chills and fe-  
ver, weakness, aches in the bones and  
muscles and may induce dantly ty-  
phoid. But Electric Bitters destroys  
and casts out these vicious germs  
from the blood. "Three bottles drove  
all the malaria from my system,"  
wrote Wm. Fretwell, of Lucama, N. C.,  
"and I've had fine health ever  
since." Use this safe, sure remedy  
only 50c at Calvert's Drug Store.
