The following was received
through the postoffice by the
Headlight:

Editor: I noticed an article in
the last issue of the Headlight
saying that it would be a good
thing if the river pumping plant
could start up and keep water in
the lake. Just want to tell you
that the river plant has been
running and throwing a 20-inch
stream for the last two weeks
and we expect to keep water in
the lake during the season.

W. D. NEWSOM,

Chief Engineer.

In this connection we will say
that we believe ninety-nine per
cent of the people of Eagle Lake
will join us in saying that we
hope they realize their "expecta-
tions" and keep water in the
lake during the season and leave
it full after the season is over—
even though it will be the first
time. If the lake could be kept
full of water all the time and not
pumped dry every summer, as
it has been in the past, it would
soon be the biggest drawing
card that our city has. Many
have been the expressions of the
citizens lately about what a fine
thing it would be for the city if
the lake could be allowed to once
more become the fine fishing and
pleasure resort of old. One gen-
tleman, when probably half a
dozen or more men were talking
on the possibilities of finding
some means to keep the lake
full—like it used to be in days
gone by—last Saturday after-
noon, remarked that the lake, if
left entirely full of water, would
become an excellent fishing place
again in one year's time. Anoth-
er, remarked that when the lake
was always full of water the gen-
eral health of Eagle Lake was a
great deal better than any time
since.

We note from the Lockhart

items in the San Antonio Ex-
press that the handsome home
in Lockhart of L. J. Storey of
Houston, formerly of that place,
has been sold to Mr. A. G. Rey-
nolds, vice president of the First
National Bank of Lockhart. This

home, it is said, is a fine one.

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children
that is without sickness in the house
now and then is rare, and so it is im-
portant that the handsome home
should know what to do in the little
emergencies that arise. A child with
a serious ailment needs a doctor, it is
true, but in the majority of instances,
as any doctor knows, the child suffers
from some intestinal trouble, usually
constipation.

There is no sense in giving it a pill
or a remedy containing an opiate, nor
is flushing of the bowels to be always
recommended. Rather give in a small
dose of a mild, gentle laxative tonic
like Dr. Caldwell's Syrup-Pessin,
which, by cleaning out the bowels and

strengthening the little stomach mus-
cles, will immediately correct the trou-
ble.

This is not alone our opinion but
that of Mrs. N. H. Mead of Freepor,
Kan., whose granddaughter has been
taking it successfully and of Mrs. J.
R. Whiting of Lena, Wis., who gives
it to her children and takes it herself.
It is sold in fifty cent and one dollar
bottles at every drug store, but if you
want to test it in your family before
you buy it send your address to Dr.
Caldwell and he will forward a trial
bottle free of charge.
