CITY MARKET

A Choice Cut of Meat

is better than medicine. Pills and powders are for those who do not know how or what to eat. A man is all right when his stomach is all right. Stomach comfort and satisfaction comes from eating our beef steaks. No food contains more muscle making material. They are better than medicine and cheaper than doctors. They are good for doctors, too.

Billy Baar's Trip to Eagle Lake.

Weimar Correspondent Colorado Citizens.

This correspondent spent about ten days in Eagle Lake the latter part of May assisting H. Nussbaum in a big sale. The citizens of that enterprising little city are go-ahead, wide-awake people each striving to promote the interest of the town. The city administration is in number one hands and the streets are kept clean, and precautionary measures are taken as to sanitary regulations. Fine brick business buildings handsome in appearance, occupy the business portion and the residence district is building up with the prettiest and most modern homes. The city can boast of a fine fire department at whose head is Chief Henry Carey, a former citizen and fireman of Weimar who certainly knows his business as a fireman and is a good all around business man generally. While there we met Henry Thomas, the silent man of the Lake City, Horace McRee who is the head push in the grocery department of the large hardware and grocery firm of Stephens & Co. Also crowded with our friends McCormick,

Little and Wicker of the same firm. Took the supper meal with Chief Carey and his lovely wife who also was a Weimar girl and to say we did justice, well just ask Charlie Lengerke. Crossed bats in a game of talk with Samuel Cohen, of Daily Bros. and little Jim McCarty and must say that we were looked out in the first round. Spent a Sunday-by invitation with the newly married Hon. and Mrs. John Matthews, at Matthews, Texas, and found Mrs. Matthews to be a most attractive, refined and intelligent lady of whom the Hon. John Matthews is exceedingly and justly proud and we will never forget the kindness extended to us by them during our short stay. Had several pleasant chats with "Scott" the witty and new-say correspondent of the Eagle Lake column of the Citizen whom we have known since our boyhood days and find him to be the same old genial, kind and attentive gentleman that he always has been. Will say right here, Doctor, you have reason to be proud of your city and I fully agree with you, when you say you have the most thorough up to date town in this grand old county of ours.

Some of our citizens are talking of getting up a Forth of July barbecue here. If such is to, we should get busy and make our arrangements now. If Eagle Lake does have a barbecue on the Fourth it should be held at the lake where there is plenty of shade, and which is the proper place for picnics to be given.

Douglass Neblett, Herbert Wilson, Oscar Payne and Talbert McCreary was among the visitors to Galveston Sunday.

Mrs. J. M. Duke left Tuesday morning for her home in Glen Pluck. (from a pleasant visit to Mrs. Lott).

Mr. Will McCormick left Monday for San Antonio for a couple of weeks' recreation prior to going to the infirmary in Houston to be operated on for appendicitis.

Mr. B. Leysaht, the popular business man of Alletton, was among the visitors in the city this week.

"THE HOUSE OF BARGAINS"

NUSSBAUM is never disappointed with his sales. Rain or shine he gets the crowd! Why? Because he sells goods as advertised and because he has the stock to back it up with. Nussbaum don't have to cover his name up to catch a few unsuspecting customers once in a while. If I have to "cover up" my name to get trade, and having been in town 12 years, I would "vamos" at 12 o'clock at night. I don't have to cover up my name before the people; I am very proud of my name, and my friends and patrons are proud of my name and my bargains. Our sale is very successful and the last two weeks were record breakers, compare the old times. We have made many more goods than we could sell before.

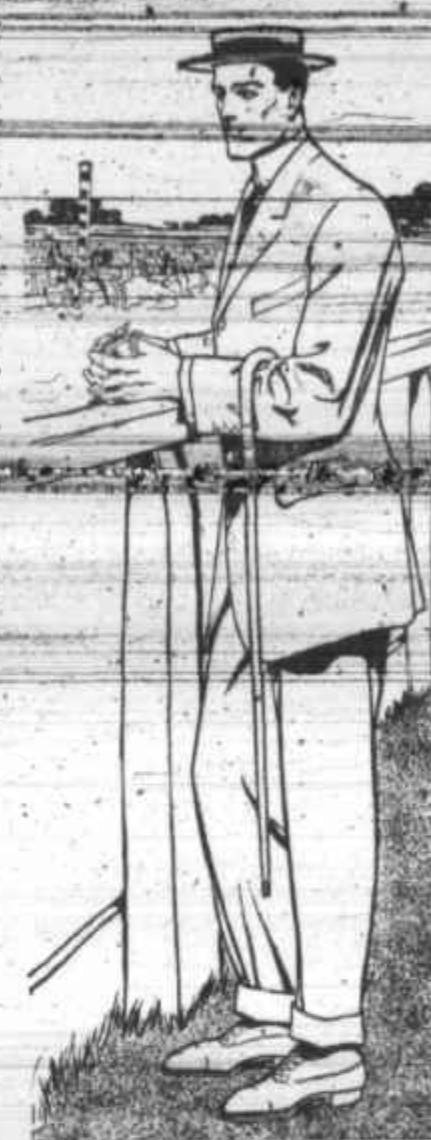

This Sale Will Last One More Week
and we are going to make this a week of mark at our sale, and a remembrance to our friends and patrons. And we will cut the prices still deeper, as my motto is, "goods must go regardless of any price."

REMEMBER! This Sale
Closes Saturday,
June 17th, at 11 p. m.

Dr. Gordon Topped the Market.

The potato market yesterday opened at \$1.25 and closed at \$1.30. Dr. P. T. Gordon topped the market among local growers, having yesterday sold a car of fancy Triumphs to the J. T. Crews Commission Company of Denver, Colorado, for \$1.30, being the highest price paid for potatoes here this season.

It would be a good thing for Eagle Lake, especially for all the citizens living in that vicinity, if the Sunset stock pens were moved further out of town. These pens were built many years ago, when there were few, if any, people living in that neighborhood, and now that the town has grown and many nice homes have been built in that neighborhood, the people are beginning to realize what a relief it would be to have the stock pens moved to some other location. We learn that some of the citizens will take the matter up with the railroad and see what can be done along this line.

Little Miss Gladys Brosig left Sunday afternoon for a week's visit to relatives in Sealy.

W. C. Sanders
Altair, Texas.

A "drummer" carrying, printing samples as a side line, from a country printing office less than fifty miles from Eagle Lake, was soliciting printing orders here yesterday, and we are sorry to say was given several orders. Examine the work when you receive it, compare the quality of paper to our own, and if the HEADLIGHT'S printing isn't neater and our price as cheap or cheaper then we'll make you a present of the price of the job. Does that little country paper in — boost Eagle Lake? Does it boost your individual business? "Consistency thou art a jewel!"

We learn from the Glen Flora correspondent in the El Campo Citizen that Mrs. Walker Lowrey of this city is very ill at the home of her mother, Mrs. W. S. Davidson, at that place. Physicians find that she is attending her and we hope for a speedy recovery.

Mr. Ben Prause, one of the prominent citizens of the Bernard section, was here yesterday and assisted the band in the concert at the park last night.

Miss Irene Brown of Eagle Lake came over Sunday to witness the ball game between El Campo and the former place. — El Campo Farmer.

Mr. Emil Kretschmar of near Ramsey was in town Monday with some fine watermelons, the first of the season.

Mrs. Robert Coley and Mrs. Cecil Sanford of Lissie were visitors in the city yesterday.

Mr. Mentor Northington of Bonus was among the visitors in the city Saturday.

Mr. I. A. Harris of Altair was over on business Wednesday.

Twins, two fine boys, were born to Mr. and Mrs. J. H. Wilkins at their home on Dr. Gordon's plantation this morning. Mr. Wilkins will now be able to increase his potato acreage.

Mr. Franz Meyncke, who has been in the drug business at Chesterville, has moved to Altair where he is engaged in the same business.

Mr. R. B. Allen of Hallettsville was in the city Saturday and was the guest of Mesdames Brown and Schleicher to whom he is related.

Mrs. W. D. Newsom and W. D. Newsom, Jr., are visiting relatives in Lockhart.

Mr. Joe Frazar of Houston was the guest of relatives and friends here the first of the week.

Mr. Leland Montgomery of Columbus was here yesterday to see his best girl.

Miss Nora Barrow departed this week for Huntsville to attend the Sam Houston normal.

Miss Mollie Hamburger visited relatives in Columbus the first of the week.

Mrs. E. P. Newsom was a visitor to Columbus this week.

Mr. Charley White of Brady is visiting friends in the city.

Mr. and Mrs. J. Nathan returned Sunday night from a visit to Palestine and Marshall.

Sheriff E. H. Mayes was here from Columbus on business last Saturday afternoon.

Road Building

"Road building is a science," said O. L. Cooley, representing the good roads department of the Federal government at the Dallas Fair last fall. "There is no more reason why a man should work out his road tax than that he should teach out his school tax. We lose millions of dollars annually by lack of intelligent application of road funds."

Would Cater to Women.
The local English trains have very poor cars, the seats being uncomfortable and otherwise unfit for women, so that many of them, who can afford it, are traveling by automobile. Because of this there is a movement on the part of the railroads in England to make the train service more attractive for women.

Prunes and Brains.
"It is reported that prunes make good brain food."
"We might even go further than that and say that prunes would make a good substitute for the brains some people have."

Back to the Soil
There is too much money going for the luxuries of city life and not enough for country improvements.

The cry of "back to the soil" should apply to money as well as to men. It takes the coin of the realm to improve farms, build public highways and make farm life comfortable and attractive.

An Industrious Queen.
"Only when I have my secretary come and read the new plays and the critics of new books. During that time I make fine needlework, mostly for our churches. I work first in silk and embroiders that in gold with precious stones, as queens used to do in the middle ages. I am always at home and I like to see everybody hard at work about me." — New Idea Woman's Magazine.

Seems Possible.
Editor (looking over new reporter's manuscript)—You say here, "It was so cold that the air fairly cracked." How can the air be made to crack?

New Reporter—Well, it might be done with a wind-break.
