

The Tyrant of Fashion.

A contributor to the Brown-wood News over an anonymous signature admits that he is a bachelor of mature years and justifies his celibacy in the foolishness of fashions, the silliness of woman, and especially the lack of substantiality in the fair sex—their disregard of the call of the kitchen and their unwillingness to be "bound down" to the routine of rearing children, which he believes to be their mission. *That is correct when he assumes that women come high; they are an expensive luxury; but they don't mean to let them be the victim of designers' style.* Woman is naturally dependent; she has little initiative; she is susceptible along the lines of personal adornment and all the philosophy of the ages couldn't keep her from sticking her nose into her head and surrounding with a stockade of grapes if fashion ordered her to do it. There isn't the least doubt in the world that three-fourths of the girls would put on their dresses six feet below the neck if fashion decreed it. The hirelings of this tyrant sit in the brownstone mansions luxuriously appointed and coin their millions in the administration of this, the greatest, the most exacting trust that was ever conceived; every year twice does the despot direct that ladies' coats first be worn short and then to prevent the same garment serving a whole year, to then be worn long, and for fear poor man—that pitiable side issue of woman—may have a few dollars left, a codicil is annexed to the amended decree that the cloak is altogether abominable unless it be trimmed in costly furs. This season green is the color effect; next season it is to be brown. Every year and all the fine hats are to be made of abounding expanses of "shapes," each worth a week's wages naked, and worth a month's earnings when arrayed in ostrich tails and silk worm spittle and fortified with innumerable gewgaws and contraptions. And yet, we must have her—this woman slave of fashion—though she stipulates in her marriage agreement that we must pay tribute to her master. We submit,

sentiment comes bounding along in the first radiant, effervescent years and suddenly receives a jolt when it bumps up unexpected against a wardrobe of rats and rouge and stuffed fortifications, and counterfeits of sundry kinds. But, with all her eccentricities and costliness, woman is, next to a chubby faced baby, the very best thing on the earth today; if the baby will excuse our haste in including it in the front ranks, so well will draw the remark and give woman preference over all other things. There are exceptions to the rule of servitude to fashion and these exceptions are your wife and mine. *Comanche Chief.*

I wish to thank most of my patrons for the prompt response to my advertisement about paying when laundry is delivered. There are a few who continue to send me money and I am sorry to say that I will positively refuse them after this notice is printed. My laundry company demands its money every week, and I must have it to keep on cash on delivery.

El Campo Wins From Eagle Lake.

The El Campo baseball team was here for three games this week, playing Tuesday, Wednesday and Thursday, winning two out of the three games. Tuesday's game resulted in a victory for Eagle Lake by a score of 5 to 4. The game was won by "Mack" Flowers, who got three three-baggers in succession.

El Campo won Wednesday's game in a rotten exhibition of ball playing by both teams. Errors by both sides were the features of the game; score 7 to 4 in El Campo's favor.

Thursday's game was also won by El Campo in a score of 3 to 2, and was the best game of the three, though it too was full of errors. The locals, at several times during the game, used a little team work and done a little sacrificing when every batter was trying to swat a home run, Eagle Lake could easily have won.

A Correction.

In giving the county election returns on the first page, several errors are made. In the Columbus vote the figures should be 219 instead of 210; in the Brushy box the vote should read 85 against instead of 84, and the Eagle Lake box it should be 205 instead of 200. This article accidentally got into the forms before passing the proof reader, therefore the errors. As the Headlight is generally accurate in giving figures and statements, we are sure our readers will overlook this error of the proof reader.

Escaped With His Life.
Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrellson, S. C. "Doctors said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything, I could hear of for my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds, and all bronchial affections. 50c & \$1.00 Trial bottle free at Calvert's Drug Store.

Help for Those Who Have Stomach Trouble.

After searching for almost twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before. —SAMUEL BOYER, Folsom, Iowa. This medicine is for sale by all Druggists. Samples free.
