RICE FARMERS! The Cushman Binder Engine

4 Horse Power Saves The Use of 3 Mules

and After Harvest Serves For All Power Purposes on The Farm.

Mr. F. C. Boyden, Nottawa, says:

"Mr. C. O. Brown is giving the best of satisfaction, 8 mules pulling binder where it took six before, and an extra driver. It is the only practical binder engine I have yet seen."

Mr. C. O. Brown says:

"It is giving perfect satisfaction. I could not ask for an engine to work any better. Three mules pull the binder without any trouble. It makes rice cutting easy, and because of the uniform speed of the cycle does better work than with the mule driven machine."

Mr. C. L. Comp, Nottawa, says:

"The Cushman is undoubtedly a perfect success."
