THIS STORE WON'T GUARANTEE CALOMEL. But We Have A Liver Medicin That We Do Guarantee With Money-Back Offer.

The next time you think you need a dose of calomel, don't take it. Even if you have taken it often before, this might be the very dose that would salivate you. Its use is sometimes followed by dangerous after-effects. If you are constipated or bilious or if your liver has gotten lazy and

Dodson's Liver-Tone, pleasant tasted, vegetable liquid, will "make you feel like new."

We would not recommend Dodson's Liver-Tone in place of calomel if we were not willing to fully guarantee it. So anybody who buys a bottle of Dodson's Liver-Tone at Calvert's Drug Store and does not find it a perfect substitute for calomel may have his or her money back.

It has absolutely no bad after-effects and is harmless for children as well as grown-ups.

The Quality of Distinction

Individual; more often it is conferred by the perfection of style and cut of his garments. This is especially true of clothing made by Geo. Redford. Clothing that is made to measure is the only kind that can claim to be distinctive, because no two suits are exactly alike, but each is made to show the wearer at his best.

A True Pen Picture.

Did you ever hear of a man trying to lift an unfortunate woman when she has fallen from the pedestal of honor and virtue? Nary lift. Too much Adamic blood creeping through our polluted veins. When once a woman trips and falls from her high and honored plane, she lands in hell from which no human will stoop to lift her out. Husband, father, brother and son are sometimes deaf to her cries from that hour. But on the other hand, I have seen men as low as is possible for men to fall. I have seen the wife lift the husband from the gutter and press him to her heart, while tears of sympathy, love and anguish trickled down her pale cheeks. I have seen the wife follow the husband through life in one constant whirl of misery and misfortune and when at last, by the gates of hell they are separated, she would stand and wring her hands because she could go no further. I have seen a mother follow a son through the rough path of education, shame and degradation, through which man has never been known to follow a woman. Why? Let the angels of Heaven be the jury and God Almighty be the judge. —Exchange.
