"BULLET" the ninth car made by the E-M-F COMPANY was sent to the Atlanta Agents to be used as a demonstrator. It was run over 73,000 miles; more than one-half of which was in racing contests. Was then shipped back to the factory at Detroit, for the purpose of finding out what the life of an automobile really is. It is in daily use around the factory now.

The average distance traveled by American Automobiles is 5,000 miles per year. Based on these figures, OLD BULLET has already lasted 15 years. Ask us for a pamphlet describing this wonderful car.

MAY, 1834. SCHOOL NEAR OYSTER CREEK.

Father, while in Harrisburg, engaged a school teacher, a Mr. David Henson. He had just arrived. A schooner from New Orleans with emigrants for Austin's colony had run the blockade at Galveston Island and landed at Harrisburg. I remember the names of some of them: Clinton Harris, son of John R. Harris, deceased; Mr. Mann, wife and two step-sons; Flournoy Hunt; Sam Allen; Mr. Pruitt and two daughters; and Mr. Kokernot and wife, young married people, were among them. Mr. Kokernot was German, his wife French. Mr. Doby brought dry goods and groceries. One of the liams boys came home with father and brother. He stayed a few days. Brother Granville went back with him and brought out the school teacher. He was an Irishman, old, ugly, and red-headed.

The next thing was a schoolhouse. There was a log house halfway between the place where we lived and Mr. Dyer's. It had been used for a blacksmith shop. The floor was made of heavy hewed logs, called puncheons, and there were no windows nor any shutter to the door. Father and Mr. Henson canvassed the neighborhood to make up the school. Mr. Dyer's three children, William, Foster, and Harvey, and Mr. A-'s three went. Mr. M— would not subscribe. We three children, with four young men, Leo Roark and his brother Jackson, Mr. Calder and Harvey Stafford made up the school. Mrs. Roark did not send her daughters. She said she would send them in the fall, as the boys would then have to gather the crops. Brother and I were the only children that could read and write. The young men and brother could cipher.

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.

"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.

"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."
