We regret very much to see that the Citizen and Eagle Lake Headlight are not on speaking terms. The editors of both papers are fine gentlemen who have many friends in the county and they should not resort to this method of airing their differences in the columns of their journals. Quit it. Both papers would accomplish more by agitating the good roads movement. We should dwell together in harmony and peace, whereby we will always set an example which may tend to make those take notice.

Thanks, Bro. Goeth. It was not the intention of the editor of this paper to be drawn into a newspaper controversy. Such have not been the custom of the better class of newspapers since the days of the Washington hand press. While this paper shall never be involved in questions of county politics, and where political gaps exist this paper is not going to hesitate one moment in telling its readers about them, for that time has not yet come when a citizen of Colorado county must ask "permission" before he can express his opinion, still with the HEADLIGHT the controversy is ended.

About fifty bales of cotton were brought to Eagle Lake and marketed this week, the price paid being about 11-16c.

Mr. Oliver Brown and Miss Mabelle Nail, both of this city, were married in Houston yesterday afternoon at 3:30 o'clock. The ceremony was performed by Rev. Mr. Earl of Houston Heights and took place at the home of the groom's sister, Mrs. C. L. Voss at 928 Hatrey Street. The groom is the enterprising young manager of the Hotel Brown, which hotel he has successfully conducted for the past year. The bride is the youngest daughter of Mrs. Belle Nail, and is very popular with all who know her. Mr. and Mrs. Brown returned to Eagle Lake last night and are now at home at the Hotel Brown where they are receiving the congratulations of their many friends. The HEADLIGHT's very best wishes for a long, happy and prosperous life are extended.

Mr. and Mrs. W. E. Davis of Nottawa were made happy over the arrival of a boy at their home Wednesday.

He Won't Limp Now

A sufficient flow of water was gotten in the new well at the standpipe this week at a depth of 500 feet, and casings are this week being put in. The new electrician, Mr. Fussell, states that when the new plant is completed it will undoubtedly be one of the finest of any town of this size in the State. Mr. Geo. Herder, the owner of Weimar, is expending about \$16,000 in new machinery and improvements. The plant will likely be in operation by the first of March.

D. HARRINGTON.

In our announcement column today will be found the name of Mr. J. M. Callison, who announces for re-election to the office of constable of this precinct. Mr. Callison has made a fine officer and whenever he goes after a law breaker he always lands his man behind the bars. Mr. Callison is a pleasant, accommodating gentleman, one of the best peace officers in Texas. He solicits your vote and your support.

"I could give you an item of news occasionally," said one of our older citizens who is possessed with not much of this world's goods, to the editor this week, "but I didn't know you wanted any items about a poor man like me." Why, bless your soul, old friend, we would receive and print in these columns an item concerning the poorest person in the county just as eagerly as we would about the richest man or woman. This is not a paper for the rich—it is a paper for the people, and you are one of the people. We want news items—it matters not to us whether you be penniless or a millionaire. This paper treats all alike. If you for any reason have been overlooked in its columns, it is only because the editor did not learn of the item and you did not see fit to tell him of it. We make no discrimination in our local and personal mentions as to financial standing. We want all the

person living in this vicinity, so if you have been neglected in the past and you will only tell the editor of any news items in the future that you may know, you will readily see that financial standing cuts no figure with this paper, but of course, if you don't tell us, we may likely never hear it, and the item may never get into print, much as we would like to have had it.

CALOMEL IS DANGEROUS

is a Powerful Chemical Made from Mercury—People Should be Careful.

The only sure way to avoid the danger of calomel is to take no calomel.

Dodson's Liver-Tone, a vegetable liquid of pleasant taste, more than takes its place. Where calomel shakes you up and shocks your liver, Dodson's Liver-Tone, mild but effective, builds up and strengthens. It "lives up the liver."

It may be taken without any restriction of diet or habits. You can give it to your children with fine results. Get a bottle at Calvert's drug store and if it doesn't do all that you think it ought—if it doesn't make bilious spells mere trifles—if it doesn't "live up your liver," your money will be waiting for you.
