

CALUMET

BAKING POWDER

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

Use CALUMET—the Modern Baking Powder. At all Grocers.

Received Highest Award World's Pure Food Exposition

Wharton, Texas, March 18.—During the past week Dr. J. M. [Name] has been called into consultation with physicians attending cases of [Name] a negro about ten miles in the country, attended by Dr. G. L. Davidson, who was not called in until the case was too far gone; the other two cases are at East Bernard in one family. The first patient died in a short time and the other is not expected to recover. So far these are the only cases that have occurred in the county and physicians say there is very little danger of an epidemic occurring so late in the season.

The Nation's Eyes Are Turned Toward the Farm

Life on the farm is no hardship in these days, when conveniences of the city brother may be enjoyed, and the greatest of these is the

Southwestern Telephone

In his spare time the farmer may construct his own rural line. His natural knack is all that is needed; his time the only cost. The earlier begun, the earlier the benefits.

The Christian Aid Society met Thursday with Mrs. Clem Mersfelder, sixteen being present. Mrs. Rather opened with prayer; Mrs. Simmons read 9th Chapter of Matthew and Mrs. Eggers dismissed. Mrs. Mersfelder served a beautiful, dainty and elegant menu—marshmallow pudding, peach, pecan and angel cake. Collection amounted to \$2.05. Next meeting will be with Mrs. J. W. McCarty.—Contributed.

Miss Katie Miller spent Saturday and Sunday at her home in Sublime. She was accompanied by Mrs. W. T. Chester and little Miss Lenore Chester.

Potato Crop Not Injured.

The potato men were on "peedies and pins," to use the expression, yesterday evening and last night, and "thermometer watch parties" were held all over the potato growing section. The thermometer went to 44 in the potato fields yesterday evening, but fell only one degree lower from 6 o'clock to 10 o'clock p.m. No damage has been done to the potatoes, and while the rain was not needed to the crop, it will really be a benefit. The potato crop of this section is the most promising at this time that has ever been grown here.

Revival Meeting Subjects.

Evangelist C. B. Knight, who is conducting the revival at the Christian church, will preach on the subject "Future Recognition" at the church tonight. His subjects for Saturday night and 11 o'clock Sunday morning have not been announced. The Evangelist will give the sermon at the church at 3 o'clock Sunday afternoon especially to the young people of the church.

Old Well. The theme for Sunday night will be "Home, Sweet Home." Special music at both Sunday morning and night services. A cordial invitation is extended to all to attend the services each evening, and the Christians of all denominations are especially invited to attend the meetings and work with us for the saving of souls and a great spiritual revival in Eagle Lake.

Mr. and Mrs. C. H. Selhaver of St. Cloud, Minn., arrived this week and will make their home here. They are at present at the Drummers' Home but will go to housekeeping as soon as they can secure a suitable rent house. Mr. Selhaver will open the new picture theatre in Lee Hughes' building now under construction as soon as same is completed. Interested with him in the business will be Mr. J. W. Shute, who, with his wife will reach here shortly from their home in Wilmer, Minn. The new picture theatre will be known as the New Grand. The new building will very likely be completed about April 20th if good weather prevails in the meantime.

At Dixie Theatre Tonight.

"Scenes from Our Navy"—something extra.
"The Reporter."
"Baseball Star from Bingville"—comic.
"Rescued in Time."

You can see the entire second show after attending church. There have been fine preachers in Eagle Lake, but none better than he who is now holding a meeting in the Christian church. The audiences as yet have not been large. Those who are not there are missing a great treat spiritually and intellectually. Evangelist C. B. Knight is a strong man, a man of culture and spiritual power. Three have taken membership during the week. Mrs. Knight arrived Wednesday and will be with him during the remainder of the meeting. Mr. Bailey left for Ganado Thursday, but expects to return in a few days. The meeting will continue several weeks.

The negro girl, Victoria Dawson, who was stricken with meningitis on the I. V. Duncan farm, an account of which appeared in this paper last week is now up and practically well. Dr. H. Fitzgerald who treated the case used the new serum treatment, having administered four doses or injections of the serum with telling effect.

DE LAVAL CREAM SEPARATORS

The World's Standard

Used Exclusively by 98% of World's Creameries

Ten years ago there were a dozen different makes of creamery or factory separators in use. To-day over 98 per cent of the world's creameries use De Laval separators exclusively.

When it comes to buying a separator why not profit by the experience of the creameryman, which qualifies him to advise you correctly.

He knows which separator will give you the best service and for the least cost. That's why 98 per cent of the world's creameries use the De Laval exclusively.

There can be no better recommendation for the De Laval than the fact that the men who make the separation of milk a business use the De Laval to the practical exclusion of all other makes. They know.

Ensign to turn, easiest to wash, skims the cleanest, lasts the longest.

SOONER OR LATER YOU WILL BUY A DE LAVAL
