

CONCERNING OUR SCHOOL

Important Matters That Should Have Attention of Citizens.

Elsewhere in today's paper will be found an article from the school board on the necessity of carrying the school tax election. As explained in the article this is not an election for another school tax nor is it an election for an additional tax of any kind, but merely an election to continue the school taxes just as they are now. There is also another article on the front page of today's paper from "A Patron" concerning school matters that should have your interest and attention. The writer is urging the re-election of the three retiring school trustees, Dr. P. T. Gordon, S. O. McCarty and J. F. Fordyce, whose terms of office expire next month. These gentlemen, working in harmony with the other members of our city school that is so

pride of every citizen of the town. If these gentlemen offer for re-election, which we understand they will do, then we agree with the writer, they should be re-elected, and that without opposition. If the citizens appreciate the board's efforts to give Eagle Lake the best school the town has ever had, then it is the duty of every citizen and interested school patron to urge their re-election.

Miss Gladys Welford entertained the Philathea class of the Baptist Sunday School Tuesday afternoon in its regular weekly meeting. After the regular business, the hostess served fruit salad, devil cake and angel cake. The next meeting will be with Mrs. R. E. Walker.—Contributed.

When Spring Has Come.

A well-known farmer, who is also a close observer of the weather, tells us there is nothing in the old story about the ground hog and its influence upon the weather. In truth there are no ground hogs in this country, and of course Texas weather is not subject to the observations of the ground hog away-back in Kentucky or Virginia. But Texas has a reliable weather indicator among the lower animals, and it is the lizard—the old-fashioned fence lizard. Our informant says any person may ascertain when winter has closed its season and spring has come to stay by consulting the lizard. First find the lizard, then look at its mouth. If the lizard's mouth is tightly closed you may know that winter is not over, but if the lizard's mouth is open you may rest assured that spring has come to stay.—Honey Grove Sign.

by robbers, who went through the pockets of the luckless passengers. One of them happened to be a traveling salesman from New York, who when his time came fished out \$200, but rapidly took \$4 from the pile and placed it in his vest pocket. "What do you mean by that?" asked the robber as he toyed with his revolver. "Miné frent, you surely would not refuse me two per cent discount on a strictly cash transaction like dis?"

NEGRO KILLED AT FABER

Taylor Flowers Died From Knife Wounds Tuesday Night.

In a difficulty which occurred at Savilla Howard's house early last Tuesday night between two negroes, Taylor Flowers and Jerry Warner, the former received a stab from a knife in the right shoulder from the effects of which he died in about twenty minutes after the affray. Warner was arrested by Sergeant Geo. Chappel and brought to Eagle Lake Wednesday and turned over to Deputy Sheriff N. W. Callison. The prisoner was lodged in the calaboose and a charge of murder sworn out against him. He was given examining trial in the justice court here yesterday and his bond fixed by Judge Davidson at \$750, which, up to last night, he had not given.

An inspector was examining the subject of "imaginary" lines of the earth, like the equator, lines of latitude and longitude, etc.

"Now, my boy," he said, pointing to one scholar, "what is the axis of the earth?"

"An imaginary line," answered the lad, "which passes through the middle of the earth from one pole to another."

"Right," said the gentleman; and then, trying to catch or puzzle the little fellow, he continued:

"And now, my lad, tell me could your mother hang clothes on this line?"

"Yes, sir,"

"Oh, indeed?" said the gentleman; "what kind of clothes, pray?"

"Imaginary clothes, sir," answered the lad.—Sheffield Telegraph.

Columbus, Texas, April 3.—Justice of the Peace A. A. Gregory today concluded his findings in the inquest of the deaths of six negroes, murdered at Glidden last Wednesday. He found that each came to their death from wounds inflicted by an ax in the hands of a certain negro. District Judge M. Kennon came to Columbus from Hallettsville and has called a special session of the district court for this county, to be convened May 13, for the purpose of trying the person, who may be indicted, for the murder of the six negroes mentioned.

Timid gentleman—But why the delay? Applicant—Well—er—you see, sir, he's in the hospital at present.
