DE LAVAL CREAM SEPARATOR

More Than 1,375,000 in Use

The Machine By Which All Others Are Judged

For more than thirty years the De Laval cream separator has been acknowledged as the World's Standard.

You may hear it said of some separator that "It's as good as a De Laval," or if some competing salesman wants to make his argument particularly strong, he'll say "It's better than a De Laval."

The concern with a cheaply and poorly constructed machine says "Just as good as a De Laval and costs less."

But everywhere the De Laval is recognized by experienced creamerymen and dairymen and even by makers of would-be competing machines as the World's Standard.

The cream separator is more frequently used than any other machine on the farm, and for that reason, if for no other, only the very best should be purchased, and that's the De Laval.

SOONER OR LATER YOU WILL BUY A DE LAVAL

To the Voters:

Now that the campaign is nearing a close, I want to say that I have no doubt but that I will be elected at the primaries on May 4th, but I want all of my friends to come out to the polls on that day and cast their votes. Your own vote may mean my election, and your negligence in voting may mean my defeat, so I hope you all will take an interest in my candidacy on election day. In advance I thank you for any favors that you will show me, and I promise, if I am elected, that I will discharge the duties of the office to the very best of my ability, without fear or favor to any one.

Yours very truly,
HARVEY VINEYARD.

It is not hard to see that sentiment is changing in Texas against murder. The killer would do well to stop and think. Juries are getting down to business and as soon as the legislature gets technical difficulties out of the way it is going to be hard to escape punishment for murder. Human life is likely to become as highly prized as is a yearling steer or Spanish pony, even in Texas—Abilene Reporter.

The Eagle Lake Water & Light Company is working on its new deep well at the plant in order to give the water patrons of the city a better water. The first two waters of the well have been screened off, making the first water of the well now at a depth of three hundred feet. The well is now being blown out and in a few days the owners are hopeful of furnishing the people of the city with a much better grade of water.

THIS STORE WON'T GUARANTEE CALOMEL

But We Have a Liver Medicine That We Do Guarantee With Money-Back Offer.

The next time you think you need a dose of calomel, don't take it. Even if you have taken it often before, this might be the very dose that would salivate you. Its use is sometimes followed by dangerous after-effects. If you are constipated or bilious or if your liver has gotten lazy and inactive two or three doses of Dodson's Liver-Tone, pleasant tasted vegetable liquid, will make you feel like new.

We would not recommend Dodson's Liver-Tone in place of calomel if we were not willing to fully guarantee it. So anybody who buys a bottle of Dodson's Liver-Tone at Calvert's drug store and does not find it a perfect substitute for calomel may come into the store any day and get his or her money back.

It has absolutely no bad after-effects and is harmless for children as well as grown-ups.

Clean Up Notice!

To the Citizens of Eagle Lake:

I kindly request that you clean up your premises and put same in a sanitary condition. Complaints have been made to the city council on account of the unsanitary conditions of premises that obtain in certain parts of our town, and I deem it my duty to notify all citizens before any action is taken to enforce the ordinance with reference to same.

It Looks Like a Crime

To separate a boy from a box of Rockwell's Arnica Salve. His pimples, boils, scratches, knocks, sprains and bruises demand it, and its quick relief for burns, scalds, or cuts is his right. Keep it handy for boys, also girls. Heals everything healable and does it quick. Unequalled for piles. Only 25 cents at Calvert's drug store.

A vote for the school tax does not increase your taxes.

Look Up Your Taxes

To tell you to get a parts price list before you buy a car is like telling you to look into your taxes before you buy land. Parts prices are like taxes. They both come after you buy. Any good business man knows about his taxes before he invests his money. But if more automobile owners gave attention to parts prices, some cars would rarely be seen on the streets. Right here is where Studebaker SQUARE DEALING gets your confidence. Compared with the list prices of the cars, Studebaker parts are sold at lower cost than parts of any other car whatsoever.

Enough parts to build three complete cars of every model kept in stock in Dallas, every part kept in Houston and in San Antonio and carry here 90 per cent of the parts needed. No other car so well protected.

Too Talkative.

It was a beautiful evening and Ole, who had screwed up courage to take Mary for a ride, was carried away by the magic of the night.

"Mary," he asked, "will you marry me?"

"Yes, Ole," she answered softly.

Ole lapsed into a silence that at last became painful to his fiancée.

"Ole," she said desperately, "why don't you say something?"

"Ay tank," Ole replied, "they bane too much said already."

A bill is before congress seeking to compel newspapers to print the names of the owners in full, including the names of the holders of stock. We have not seen a copy of the bill, but imagine it does not go far enough. It should be made to include the names of the holder of the mortgage, the oldest subscriber, the biggest and best paying advertiser, and the man who has a pull with the editor. With detailed information of that sort it might be easy to ascertain what constitutes the power of the press.—Marshall Messenger.

Paint Now

If your property needs it, don't wait for the price to come down.

There are two parts of a job: the paint and the work; the work is more than the paint; and it never comes down.

The cost of paint is about two-fifths; the work three-fifths.

Paint is up \$5 an average job, and won't come down in a hurry; too many jobs put off.

Men are waiting for \$2 or \$3; they don't know it; they think they are waiting for \$20 or \$25.
