What A Postal Card Will Bring.

If you want to know about the University of Texas, send a postal card to the Secretary at Austin and receive free:

1. Bulletin 196, which contains the stories of how twenty-five young people worked their way through the University despite great difficulties.

2. Bulletin 212—a book of pictures of University life and much interesting reading matter about the institution.

Bulletin 212 the annual catalogue containing 520 pages. From the catalogue a prospective student may find all necessary information regarding entrance conditions, courses of study, etc., etc. In addition to the college courses and the courses in law, engineering and medicine and pharmacy, the new courses in domestic science, in architecture, and in business training are full.

No Cause for Alarm There.

"I have been reading a very interesting article on coffee," said Mrs. Small, as Mr. Hunker passed up his cup for refilling.

"Being about a beverage, the article couldn't be dry," observed Mr. Hunker, playfully, and then added: "Three lumps of sugar, please."

Something like a frown passed over the landlady's face at her boarder's remark, but she continued:

"The article was one which deserves a large circulation, I think, for the good of the race. It was on the injurious effects of coffee drinking. The author said that we were becoming a nation of coffee tasters. The pernicious effects of too much coffee drinking he set forth in an exceedingly strong light. Among the serious results likely to follow he enumerated a sallow skin, shattered nerves, a weakening of the eyesight, loss of vim and power, and in some cases he thought consumption might be traced to the inordinate use of the beverage. The author said that appalling statistics could be produced of the ravages of the coffee-drinking habit among the American people."

"It was coffee he was talking about, was it?" asked Mr. Hunker, as he rose to go.

"It was, Mr. Hunker."

"Then I don't think we need worry ourselves."

Why He Was Sad.

Graham White, the English aviator, recently told this story of a Frenchman whose sweetheart came to America to visit some friends.

During her absence, of course, the poor Frenchman was very sad, and when she returned to France he seemed even sadder.

"What's the matter with you?" a friend asked.

"I'm worried about my sweetheart," muttered the Frenchman.

"You see, since her return from America she kisses so much better than she used to!"

Brought to Light

Eagle Lake People Receiving the Full Benefit.

There have been many cases like the following in Eagle Lake. Everyone relates the experience of people we know. These plain, straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Osborn Walker, retired farmer, Eagle Lake, Texas, says: "I can strongly recommend Doan's Kidney Pills to sufferers from kidney trouble. It is a fact that this remedy has done me great good and for two years I have been so free from symptoms of kidney trouble that I have not had to resort to it. Disorders of the kidneys, lameness across the small of the back and weakness of my kidneys caused me much suffering. At times it was impossible for me to get up in the morning or to use my back in any way. I finally used three boxes of Doan's Kidney Pills and a cure resulted. At Columbus where I formerly lived I have known of many who have used Doan's Kidney Pills just as successfully as myself."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name--Doan's--and take no other.

DID YOU EVER RIDE IN A NAR-

ROW TREAD BUGGY?

In the North where automobiles were first manufactured, 56 inches is the standard tread for all wagons and buggies, and naturally automobiles were built the same way. There same cars were shipped South; we bought them because we could get no others. However, better times have come, and today the Studebaker Corporation is making their cars in a 60 inch Tread (the same as our wagons and buggies) specially for the Southern trade.

There is the same difference between a 56 inch tread Auto and 60 inch tread, as there is between a Narrow Tread buggy and the regular Standard 60 inch Tread. The wide tread (60 inch) enables the driver to select smoother roads, making the car ride easier, and is of immense advantage in sand, by allowing the wheel to follow in the beaten path, rather than digging out a new path in the sand. The fellow who can't supply these, will tell you that your tires will be ruined by running in the deep ruts. This is true to some extent, but a 60 inch tread is a much better thing than a 56 inch tread.

Demand the 60 inch Tread
When You Buy a Car.

Studebaker Cars are Built That
Way

SMITH AUTO CO.

County Attorney Lester Holt was here from Columbus yesterday on official business. Mr. Holt was nominated for District Attorney of this district without opposition and will be our next prosecuting attorney in the district court. He is a fine lawyer, and a most pleasant young man. He will make the district a fine attorney.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gebhardt, Oriole, Pa. There is nothing better. For sale by all Druggists.

NOTICE--We shall make a trip to the Potato Districts of the North again, this year to buy Seed Potatoes. We shall select the very best to be had and would like to hear from all parties wishing seed potatoes for January delivery.

ENGELHARD BROS.

WANTED--To buy 500 bushels of corn, immediate delivery.

"Bluebell" stands for durability. Let the Pierce Hardware Co. furnish your kitchen with beautiful Bluebell Enamelware.

TEXAS FARM VALUES

GAIN \$1,000,000,000

Population on Farms Increases Nearly Half a Million.

We have on the tax assessors' rolls of Texas 156,946,934 acres of land, leaving approximately 11,000,000 acres of land not on the tax rolls which is owned by the State, exempt from taxation, and assessed at town and city lots. The assessed value of land has increased from \$3,172 per acre in 1900 to \$5.31 per acre in 1910, making a total increase of \$2,138,000,000 in assessed land values and when we consider that land is assessed at probably less than 50 per cent of its true value, we find an actual increase in farm land alone of \$1,100,000,000. The Federal Census reports verify this estimate by crediting us with a net gain of \$1,130,939,000 or 163 per cent during the past decade.

According to the reports of our Railroad Commission we have built 600 miles of railroad during the past decade, and every mile of railroad adds \$64,000 per mile to adjoining property. Railroad construction alone has added \$38,400,000,000 to the value of land.

The facilities on all roads have been increased, enabling the products to reach the market earlier and in better condition, thereby increasing the value of production. The improvement of our public highways has had its effect in increasing values and the immigration agents are entitled to a large share of credit for our development.

Our rural population in 1900 was 2,488,838 and in 1910 the census reports give us 2,958,838, making an increase of 469,992 people on our farms. The wealth per capita of farm lands and buildings of our rural population in 1900 was \$160 and in 1910 it was \$347 per capita, making an increase of \$187 per capita or 117 per cent, which measures, in a way, the prosperity of the Texas farmer. We have opened up during the past decade 64,187 farms and now have a total of 416,477 farms in operation and the average size of our farms shows a decrease from 357 acres in 1900 to 262 acres in 1910, or an average of 95 acres per farm, all of which has undoubtedly had a strong influence in increasing the wealth per capita of the Texas farmer.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, headache and tired listless, worn out feeling. "Electric Bitters have done me a world of good," writes Ella Pool, Depew, Okla., "and I thank you with all my heart, for making such a good medicine." Only 50c. Guaranteed by Calvert's Drug Store.
