The Man Who Sells Reliable Goods for Less Money

On Monday evening Miss Annie Margaret Thatcher celebrated her fifteenth birthday with a six o'clock dinner. The guests were Misses Esther Westmoreland, Gene Welford, Bunny Frick, Agnes Chew, Sophie Daily, Mary Maud McCarty, Virginia Guyan and Aline Douglas. Each guest upon her arrival presented the hostess with a little remembrance and "Many happy returns of the day." Miss Bunny Frick was also pleasantly surprised, her birthday being the following day, the girls remembered her and around her plate at the table were arranged many pretty gifts. The young ladies were chaperoned to the Dixie by Mr. and Mrs. J. R. Thatcher.

Mr. and Mrs. Edmund Sledge of Matthews welcomed the arrival of a baby girl at their home last Saturday.

Never in the history of Eagle Lake has the city shown such activity in the building line as at the present time. Buildings, both residence and business types, are now under construction or the contract let, the various buildings aggregating \$50,000.00. This is not a boom of any kind, but a steady, conservative growth. Since the first of January to the present time, including the above amount, at least \$125,000 worth of property has been erected in our city. Come to Eagle Lake.

Call at the Eagle Steam Laundry and see the up-to-date method we use in pressing and cleaning your suits. Once you see it you will always have us call for your work.

Miss Essie Slaughter of Galveston is spending the week in the city, the guest of Mrs. J. S. Bruce.

The Good Roads Institute.

The first session of the Colorado County Good Roads Institute was opened at 9:30 this morning and this afternoon the visiting delegates are being shown the rice harvest and other points of interest. Tonight the Business League will give a luncheon at the New Grand Theatre. Ice cream made by the Eagle Lake Creamery and other refreshments will be served.

The object of this organization is to bring together several times a year the county commissioners, road overseers and others interested in the road improvement for the purpose of studying and discussing the problems, and also at these meetings some authority of note will be present. In the discussion of the subject of "How to Provide Funds for Road Improvement." It is expected that much good will result from the work started here today.

Notice!

Our store will be closed all day Thursday, September 12th on account of a holiday.

G. A. HARRISON, Wharton, Texas.

Notice to the Public.

I have received some criticism with reference to action taken by me in regard to enforcing the stock law, and have been told that the inaction on my part was because I am against the stock law. In reply to which I beg to say that I am not unmindful of the oath that I took when I qualified as Marshal of this town and that I will do my duty.

I was aware of the fact that this election would be contested and did not know that the law would be enforced until this contest was settled, however, since consulting an attorney I know that the law is now effect, therefore beginning Tuesday morning, the 10th of September, will file complaints against the owners of any stock found running at large within the corporate limits of Eagle Lake.

N. W. CALLESON,

City Marshal of Eagle Lake. Home made ICE CREAM at Landa's.

Dr. Roberts of Garwood was a business visitor in the city Monday.

WANTED—Ash logs for export; parties clearing land will do well to communicate with Cheek & Heyman Lumber Co. Houston, Texas.

Mr. J. T. Cruse represented the Eagle Lake Schools at the Conference of Education this week at Columbus, Yorktown and Hallettsville.

Paint-Wise

is to paint when your property needs it. Paint foolishly wait for the price to go down.

But so many are foolish, they'll wait a good while.

The whole rise in the cost of a job is 10 percent. The first year's drop won't be more than half that, more likely a quarter.

Waiting for 5 percent, more likely 24.

The average job (with Devco) is \$50; 5 percent, \$2.50. Put it off for \$2.50? Guess not. You think of that job as \$100. So it is with inferior paint. Paint Devco, do it now, if your property needs it.

DEVOE E. A. TOLIVER sells it.

CONTINUES TO IMPROVE

Eagle Lake Continues to Forge to the Front—Watch Us Grow!

Who said Eagle Lake is not growing and improving? Find that individual and bring him to us. We want to "fricasse" him, and serve him up "hot from the griddle" with tobacco sauce.

During the past week our citizens let contracts for the erection of business houses and dwellings which will cost in the aggregate more than \$50,000.00 which is an evidence of the fact that the people here are indeed "live wires." And they don't make any fuss about it either.

But say, the biggest thing in the way of improvement that we have seen in the past ten years, was the last issue of the HEADLIGHT. Many were the compliments heard on that week's paper, and why not? It was in truth the "King bee" of all previous issues. If the fish in Devil's river will continue to bite for one more week, we will place the HEADLIGHT in a class by itself. Watch us grow.

A good story is going the rounds this week at the expense of one of our business men, prominent in railway circles. His wife and children have been out of the city for some time and the aforesaid b. m., has been living what he described as a "wild cat" life, taking his meals where best he could. The other day while walking down the street he spied an auto in which were seated three ladies. Approaching the machine he said: "Say, have you all got anything to eat up at your house?" Imagine his consternation when the ladies turned and one of them replied: "Why certainly we have." Our prominent business man took another glance at the occupants of the car and saw that he had never set eyes upon any of the ladies before in his life, and like the Arab, "he folded his tent and silently stole away."

Mr. M. G. Calvert was a business visitor to Houston Tuesday.

Lissie Happenings

Mrs. Armit Thomas of Houston is the guest of her parents, Mr. and Mrs. C. W. D. Ferrel.

The Woman's Missionary Society met Friday with Miss Clara Cansey. The program consisted of devotional exercises, reading by various members and a solo, "God Takes Care of Walts Like Me" by Mrs. Harvey Graves. Three new members were added, making a total of sixteen. Six visitors were present. Miss Cansey served delightful cake and banana cream at the close of the program.

Mr. Frank Ferrel came up from Houston Sunday to spend some time with his folks.

Mr. and Mrs. W. S. Groden and little son, Wallace, of Garwood, spent Sunday in Lissie, the guests of Mr. and Mrs. L. H. Howard.

School will open on Monday, Sept. 9th. Miss Ruby Durham of Starr county will have charge of the higher grades and will teach in the town hall. Miss Bessie Martin of Burr will teach the primary grades at the school house. Any child six years of age by Sept. 1st may enter school free of charge.

Mr. G. E. Thomas has been appointed sales agent (?) for the Southern Rice Growers' Association. Mr. Thomas is well qualified to fill the position.

Best Treatment for a Burn If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heal the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25c. For sale by all dealers.

Misses Pansy Green and Rebecca Watson left Wednesday for Altair to spend a few days with Mrs. J. W. Walker.

We notice that Mrs. Sue Frazier is treating her pretty cottage on main street, to a fresh coat of paint. "Another improvement."

Nottawa News Notes

Now, you don't say so! Yes, it's the truth. Arthur Caylor came home the other day driving a big Reo car which he purchased in San Antonio. They say that Ray Eignus has decided to move to Colorado and has rented this farm to Mr. Finn. And they tell me Roy German is going to Yachatz for a year and Raymond Yachatz has rented his place. Believe me, if Bro. King moves to Rosenberg we will be out of a good preacher. Had you heard that Mrs. Parsons is visiting at Dickerson's now? Yes, she came one day last week. Did I tell you that the Dickersons, Chet and Ray Eignus, Comp, Boyden, and Ray Eignus, all went to Houston the other Sunday? Well, they did, and Mesdames Comp, Boyden and Darby took dinner with Mrs. Reed. Say, you ought to hear Boyden's Ivers-Pond player piano. It certainly is a dandy. Z. Y. Caylor is putting in an elevator here. Yes, we are all well as common, I believe. Suppose you know that Darby Dean Darby has the mumps. I heard that Mrs. Boyden and Roland went to Eagle Lake on business Tuesday.

WANTED—A few cows to pasture. J. J. PEHOUSHER, Eagle Lake, Tex.

Mr. Richard Eggers is spending the week with friends in Hubbard City.

Studebaker Automobiles Are Best Suited For Use in the Country, Because

FIRST: They are fully guaranteed for one year by a concern which has been noted for its square dealing for more than 60 years. Most other guarantees run 60 or 90 days.

SECOND: A full line of repair parts is carried in Dallas, Houston, San Antonio, Austin, Eagle Lake, and in several other places. Owners of most other cars are forced to send back to Detroit.

THIRD: Repair parts are sold at a reasonable price. Many others hold you up.

FOURTH: The tread of these cars is 60 inches (the same as our wagons and buggies). In the North where automobiles were first made, the standard tread is 56 inches, and 60 per cent of all automobiles are made the same way. The Studebakers are making a special 60 inch tread for use in the South.

FIFTH: Studebaker Cars "stand up." Write Mr. J. R. Wooten, Columbus, who owns one four years old.

THE COST OF PAINTING A HOUSE

includes the cost of the paint, plus the labor of putting it on. The paint that will cover the most surface—that looks the best—that lasts the longest—that satisfies the buyer—that pleases the painter—that does not crack or peel—that wears the smoothest—that holds trade—that wins friends—that has a reputation—that is absolutely pure.

Is Masury's Pure Mixed House Paints.

DON'T PUT OFF BUYING A DE LAVAL ONE DAY LONGER

IF you are selling cream or making butter and have no separator or are using an inferior machine, you are wasting cream every day you delay the purchase of a De Laval.

There can only be two real reasons why you should put off buying a De Laval: either you do not really appreciate how great your loss in dollars and cents actually is or else you do not believe the De Laval Cream Separator will make the saving we claim for it.

To both of these objections we answer: "Let us set up a machine for you on your place and see for yourself what the De Laval will do."

You have nothing to hazard and we know from many similar experiences that you have everything to gain.

When will you be ready to let us "show you"?
