

Cream Cake

Makes You Hungry to Look at It
By Mrs. Janet McKenzie Hill, Editor of
the Boston Cooking School Magazine

When company arrives unexpectedly, this cream cake often covers an otherwise embarrassing situation, for it answers the place of any other dessert as it can be stirred up quickly.

K.C. Cream Cake
One-half cup butter; 1 cup sugar; yolks of 2 eggs, beaten light; 1/4 cup sifted flour; 2 level teaspoons K.C. Baking Powder; 1/2 cup cold water; whites of 2 eggs, beaten dry.

Cream the butter; add the sugar, yolks of eggs and water; then the flour, sifted three times with the baking powder, lastly the whites of eggs. Bake in two or three layers, put these together with cream filling, and dredge the top with confectioner's sugar.

Cream Filling
One-fourth cup sifted flour; 1/2 teaspoon salt; 1 cup hot milk; 1 egg, beaten light; 1/2 cup sugar; 1 teaspoonful vanilla extract; 1 ounce chocolate.

Mix flour and salt with a very little cold milk; stir into the hot milk and cook ten minutes; add the chocolate and stir until it is melted and evenly blended with the flour mixture, then beat in the egg mixed with the sugar, and lastly the vanilla.

You need the K.C. Cook's Book, containing this and 89 other delicious recipes—sent free upon receipt of the colored certificate packed in every 25-cent can of K.C. Baking Powder. Send to the Jaques Mfg. Co., Chicago.

DO YOU UNDERSTAND ABOUT DRUGS?

THE old style drug store was a place where little attention was paid to the care of stock. Drugs of unknown value came in, were put in stock and kept there until sold, remaining often for years and until they had lost what value they originally had.

Our kind of a drug store is where the finest drugs only are bought. They are inspected on arrival and rejected if not up to our standard. While in stock they are properly protected against deterioration and are discarded if they lose their freshness. You must trust some one as to the quality of drugs. Why not trust us. You want pure fresh drugs—we have them
