Souvenir From Cool Colorado.

A pretty souvenir card received from Mrs. Mentor Northington in Boulder, Colorado, says the mountains are covered and the trees are bowed down with snow. She says Colorado at this time is a lovely sight and the children are wild with delight.

Fix up the old chair by applying a coat of Campbell's Varnish Stain. You will be surprised and delighted with the effect you can produce. The cost is only a trifle and it is a pleasure to do the work yourself. Ask Calvert's Drug Store for color card.

Answers The Call

Eagle Lake People Have Found That This is True.

A cold, a strain, a sudden wrench.

A little cause may hurt the kidneys.

Spells of backache often follow.

Or some irregularity of the urine.

A splendid remedy for such attacks.

Is Doan's Kidney Pills, a true kidney remedy.

Many Eagle Lake people rely on it.

Here is Eagle Lake proof:

Mrs. W. A. Thatcher, Eagle Lake, Texas, says: "While I have not used Doan's Kidney Pills, this does not prevent me in publicly endorsing the remedy as other members of my family who have suffered from disordered kidneys have taken them. It is a positive fact that Doan's Kidney Pills helped these cases wonderfully. To all kidney sufferers I can recommend this remedy and will be glad at any time to praise it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Jewish Stores Closed Saturday.

Last Saturday being a Jewish holiday all of the stores of the Jewish merchants were closed. Some opened for business after six o'clock in the afternoon, while others remained closed until Monday morning.

Flowers For Santa Fe Grounds.

The grounds at the Santa Fe depot are being sodded with Bermuda grass, and will be beautified with shrubbery and flowers during the fall and spring, thereby adding greatly to the appearance around the station.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

Mr. and Mrs. Cecil Sanford and Mr. and Mrs. Harvey Graves of Lissie were among the visitors in the city Saturday and remained over for the picture show at night.

Mr. Charley White, one of Brady's prominent young citizens, is a visitor in the city this week.

Mr. George Class was attending court in Columbus this week.

Paint?

There are two reasons for painting often enough or even too often. One to look prosperous; two, to be so.

Nothing does one more credit or gives one more credit than paint, supplemented of course by what goes with it; and paint costs nothing.

True, the cost is \$5 or \$6 a gallon put on; but it saves more than that in the property; saves it from slow going down—not at all slow—it drops with a jump when water gets in on wood and iron.

Dry wood and iron cost nothing, kept dry by paint.

Better paint when it needs it. Paint never goes down in the sense of being more profitable next year.

Notice!

There have been all sorts of ridiculous rumors afloat concerning Ford cars, Ford prices and Ford policies for 1913. There is not a particle of truth in any of the reports that have so far come to our notice. We are not going to cut out our good dealers and sub-dealers and sell Ford cars either through mail order or jobbing houses or direct from factory to user.

The Fisherman's View

Miss Eleanor Sears was being congratulated at a tea at Coronado Beach on her wonderful ability as a horsewoman.

"It is just due to practice," she said modestly, "to thorough practice. So few people, you know, are willing to learn anything thoroughly. The fisherman's view is the one that holds everywhere in life.

"It is easier"—so said the fisherman—"it is always far easier to tell a big fish than to catch a little fish!"

Rice Business Flourishing.

The rice industry of the Eagle Lake section is flourishing. The planters are making fine yields. Things around the office of the office of the Southern Rice Growers' Association present a busy appearance these days, and Mr. E. A. Egnus, the association's very able manager, is handling the volume of business in a satisfactory manner to all concerned. Rice at the association's exchange sold here yesterday from \$3.50 to \$3.65. Cotton is also coming to town at a lively rate and our two strong banks are doing a large business. The association has been the salvation to the rice business, and our potato industry needs just such an organization.

Mr. Herman Louwien, who has been employed as one of the three operators at the Bellville yards for the Santa Fe, was notified on Wednesday of this week that he had been promoted to the position of relief agent of that company for the Galveston division. He was at once ordered to go to Eagle Lake for one month and will go from there to Galveston. His headquarters, however, will be here in Bellville. His friends are gratified to hear of the good luck that seems to have come Mr. Louwien's way and wish him well.—Bellville Times.

Will Wed an Austin Girl.

Mr. Allen B. Conner, a former Eagle Lake boy, who is now traveling for a lumber company, making his headquarters in San Antonio, will be married in Austin to a young lady of that city on Wednesday, October 2nd. We did not learn the name of the bride-to-be in time for this issue. Allen is one of the finest young men of our acquaintance. We have known him from early childhood, and he is a most exemplary young man. The Headlight extends in advance its heartiest congratulations.

We are informed that the two convicts that escaped from the State farm and burglarized a store at Garwood pleaded guilty to the charge in the district court at Columbus this week and were each given an additional sentence of two years in the penitentiary.

Those who expect to plant trees and shrubbery on their lawns and in their gardens should lose no time in preparing the land for the planting. Dig space twice as large as you think required, mix soil with rich earth or well rotted manure, being careful to break clods and leave no lumps of earth. Fill earth back in space dug, if no rain, and convenient, moisten with water, but never allow crust to form and bake on top, but stir surface soil frequently until time to plant. Eagle Lake lawns and streets present untold possibilities for beautifying and improving home surroundings at small expense. Select trees and plants from nearest nurseries as such plants are most likely to live and thrive.

Mrs. Paul Cawthon of Trinity, formerly Miss Christine Davis of this city, is expected here next week for a visit to her parents, Mr. and Mrs. W. E. Davis.

Mr. S. D. Harbert of Temple was the guest of Mr. and Mrs. E. A. Toliver yesterday while en route to Columbus.

Mr. Tom Lee of Victoria was in the city on business this week. Mr. Lee was formerly a citizen of Lissie.

An Automobile Hose Cart.

In order to entouse interest in the Fire Department and at the same time furnish the citizens of Eagle Lake with better fire protection, the fire boys have agreed to donate \$300 of their money for the purchase of a \$500 automobile hose cart, which will carry five hundred feet of hose and six men. The city has agreed to install an alarm system and divide the town into wards, so that when an alarm is turned in, it will enable the firemen to know exactly in what part of town the fire is located. The city has also agreed to maintain and keep in order the automobile hose carts. The fire boys will try by public subscriptions to raise the remaining three hundred dollars.

Laying or Lying.

The ready wit of the late Eugene Ware, lawyer and versemaker, is shown in this story, taken from Lippincott's Magazine:

When he resigned the office of commissioner of pensions, his friends gave him a dinner at his home in Kansas City. The guests were equally divided between Kansans and Missourians from the Missouri city of the same name. Much good-natured chaffing took place.

"You Kansans," said a Missourian, "always have your brass bands going and your flags flying. We in Missouri get tired of your cocksureness. Tell me, what have you decided about the hen, for instance: does she 'sit' or does she 'set'?"

"We don't bother about things like that," retorted Ware. "What concerns us is, when she cackles has she laid or has she lied?"

We learn that Joshua Garrett pleaded guilty in the district court at Columbus this week to a charge of theft of a cow and was given two years. Garrett was charged with having sold a steer to Mr. Henry Hahn that belonged to Mr. Dick Obenhaus of Bonus.

No Salvation For Him

A country minister, who was out walking one afternoon was surprised upon coming to a turn in the road, to hear someone who was approaching him swearing violently.

As he rounded the bend he was horrified to meet a small barefooted driving a yoke of oxen and alternately lashing them with his whip and strings of profanity. The minister accosted the lad and began to lecture him upon the outcome of such vices. Finally, the domaine paused, and the boy broke in, saying:

"Gol dern it, parson, yer only waitin' yer time, fer yuh see it's like this—mom's religious, and ever since sis's bin agoin' with the schoolteacher she's got religion, too; then pap, he got it a spell ago at one of yer revival meetin's. Now ef I go and get it, who in blazes is gonna drive these here oxen?"—Chicago Examiner.

Gave Up The Job.

The Hatfield brothers who came to San Angelo from California some weeks ago and entered into a contract with the business men's league of San Angelo to furnish ten inches of rain by September have given up the job and left for their home. They had however guaranteed their work and did not receive any pay for what they did. These Californians have gone back wiser as they have learned that scientists can do nothing with this Texas weather. Of course any native could have told them that it was useless to attempt such a move, but these men, like the Missourians have to be shown.—Whitney Messenger.
