

Farm Telephone Saved Child's Life

One of the children fell into a water tank and was rescued unconscious and apparently lifeless.

The frantic mother telephoned to the doctor six miles away, and he started at once. In the meantime his assistant telephoned instructions and the mother restored the child to consciousness before the doctor arrived.

The telephone service saved the child's life.

"A Pair of Country Kids"

Mr. O. R. Davis, manager of the opera house, is pleased to announce that he has secured another good attraction for the opera house—"A Pair of Country Kids"—a rip, roaring comedy of one big laugh from beginning to end—which comes on next Monday night, November 4th. Tickets are now on sale at Harris' cream parlor.

Mr. Lyle Stafford of Uvalde is visiting in the city, the guest of his grandparents, Mr. and Mrs. Alex Callison, and other relatives.

Christian Church.

Dr. Stanley, the minister of the Christian church, returned from Bay City, where he preached last Sunday, and he will preach at the Christian church in Eagle Lake next Sunday morning and evening. His subject in the morning service will be, "The Business of Life." At the evening service his subject will be, "A Momentous Question." Good singing at both services, with a special song service as an introduction in the evening.

Sunday school at 9:45 Sunday morning. Both children and adults are invited for this special hour of interesting study of the Book of God.

Midweek service Wednesday evening. There will be a study of the third chapter of the epistle of James. Please read it and then bring your Bible with you. This is the most interesting and helpful service of the entire week.

Choir practice on Friday evening. Those who love to sing should attend this rehearsal. It is under the direction of a life long music teacher and he wishes the attendance of all who like to sing whether they can read music or not.—Contributed.

A Great Building Falls

When its foundation is undermined, and if the foundation of health—good digestion—is attacked, quick collapse follows. On the first signs of indigestion, Dr. King's New Life Pills should be taken to tone the stomach and regulate liver, kidneys and bowels. Pleasant, easy, safe and only 25 cents at Calvert's Drug Store.—Adv.

Our congratulations are extended Mr. and Mrs. T. W. Oliphint of Huntsville on the arrival of a pretty little daughter, born in this city on last Saturday at the home of Mrs. Oliphint's parents, Dr. and Mrs. J. S. Bruce.

Mr. John Pagker, late of Illinois, and Miss Hettie Drescher, the popular daughter of Mr. and Mrs. E. Drescher of this city, were married in Columbus last Saturday, returning to Eagle Lake the same evening, and for the present will continue to make their home here. The bride has been a resident of Eagle Lake only a short time having moved here with her family from Caldwell, and since living here has made many friends. The groom is a painter, and is popular with who know him. The HEADLIGHT joins their friends in extending congratulations and best wishes.

Mr. Theo. Gleek, one of the HEADLIGHT's valued subscribers, has our thanks for a renewal subscription handed in this week.

The opera house opened the season on Monday and Tuesday nights with good bills, the attraction being Mr. Truman DeRoame and company. Monday night's bill was "The American," and Tuesday night, "The Light that Faded." Mr. DeRoame is a fine actor and made a hit with the people of Eagle Lake. If all of the attractions at the opera house are as good as the plays this week the show going people of this city will be well satisfied. Mr. O. R. Davis, the manager of the opera house stated to the HEADLIGHT, that it was his intention to go before the city council and make an effort to have a special officer appointed to corral the "rough element" in the balcony, so at future shows the public may rest assured that there will be no more peanut throwing by the "rough necks." Mr. Davis also states that announcement will be given from the stage that all persons in the opera house will be requested to remain in their seats at each performance until the curtain drops on the last act, so that the entire audience may not be disturbed by the "busy few" who don't object to disturbing every one else in the house in order that they might reach the door about a minute and a half before anyone else. There's another thing that some people might learn, and that is talking in the opera house during the play is very bad taste and this is putting it in a mighty mild form. The next attraction is "A Pair of Country Kids" on Monday night, Nov. 4th. Mr. Davis is going to use his best efforts to give the people of Eagle Lake good shows and to make the opera house a paying undertaking, and he asks the cooperation of the best people of the town in assisting him in retaining the best of order from the "roughs" that seem to think it cute to cut up and disturb the audience during the show. There will be no more of this nuisance at future shows in the opera house. So come out Monday night and the management promises you a good show and promises that you will not be disturbed by the "rough element."
