

Starve the Fly.

Notwithstanding flies are not so bad at this season as during warmer weather, now is the time to do effective work to exterminate the pests. By keeping the premises clean during the winter there will not be so many flies hatched in the spring. The old adage: "An ounce of prevention is better than a pound of cure" applies with great force to the extermination of the fly.

At the recent meeting in Baltimore of the American Civic Association, the chairman of the convention, Edward Hatch, Jr., declared that the slogan, "Swat the Fly," should be changed to "Starve the Fly," and this slogan deserves more consideration than the average person is likely to give it. By keeping premises, streets and alleys free from such things as constitute the food of

flies, they will be starved out and there will not be so many flies to swat when the weather grows warm again.

Trash is allowed to accumulate in places during the winter months which are kept clean in hot weather, because the danger from flies is the more greatly appreciated when they are swarming on every hand, and as a result breeding places of this character produce millions of flies which should never exist. In Texas, particularly in South Texas, flies live during the entire winter, and if they are supplied with breeding places and food they will produce their kind regularly and when spring comes the work of swatting will be much more difficult than if precautionary measures were taken in time.—San Antonio Express.

For a Dull Feeling After Eating
I have used Chamberlain's Tablets and have done me good. I feel like a new man.

DO YOU ENJOY EATING

Or Does Everything You Eat Distress You?

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions also usually go together.

John Lind, of Oneonta, N. Y., says: "I have been troubled with a bad stomach trouble for fifteen years, and became so weak that I could hardly walk or do any work. My appetite was very poor, and it seemed impossible to get any relief. Since taking two bottles of Vinol I find that it has already made a remarkable improvement in my health; my digestion is much stronger, and I have gained in weight."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. M. G. Calvert, Eagle Lake, Tex.

Here is one case of it: E. P. Newsom, Eagle Lake, Texas, says: "I can vouch for the merit of Doan's Kidney Pills. I was run down in health from kidney complaint when I took Doan's Kidney Pills, procured at the Eagle Lake Drug Co. A pain centered across the small of my back and clung to me constantly. If I had to use my back in any way, sharp darting pains resulted and to sit in a chair for a short time caused lameness and stiffness which necessitated my placing my hands on my sides in order to rise. I found Doan's Kidney Pills to be just what I needed and a few boxes brought me entire relief. I still use them and good results never fail to follow."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
