While The HEADLIGHT has al-
ways tried to give its readers the
very best local paper possible,
after the plant is moved into its
new quarters, new machinery
added and other improvements
made, we expect to issue a paper
which will be considerably im-
proved over the present. We ex-
pect to make the HEADLIGHT
plant second to no printing plant
in this part of the state outside
of the larger cities, and we will
be in a position to take care of
the printing business in an up-to-
date and business like way. Our
plant will be so constructed that

when the time is ripe for the es-
tablishing of a daily paper in Eagle
Lake, we will be able to start
a daily. Just at the present
time we do not believe a daily
will be a paying venture here,
for yet, in our opinion, the town
is a little small for a daily. The
businessmen; those to whom we
look for our advertising patron-
age, are of the opinion that the
town will not yet support a daily
paper, and to establish one now
would be only an additional ex-
pense to them. However, we ex-
pect to so arrange the mechanical
department of our office in our
new quarters that we will be fully
equipped to put out a daily
when we think the town is ready
for one, and when we do, we ex-
pect to use every effort to make
it go and to make it stick.

In the HEADLIGHT today will
be found a communication from
Mr. J. E. Roberts pertaining to
the cemetery. The cemetery has
been allowed to grow into a deplorable
condition, for the one reason that
everybody's business is nobody's
business, and consequently no
one has taken the responsibility
of improving the looks of the
cemetery. Mr. Roberts has
hired an experienced man to take
charge of the cemetery work,
fix it up and make it look like
something. He has personally
guaranteed this man his salary
for the first month. We believe
every person in Eagle Lake who
has loved ones sleeping in the
Masonic cemetery will co-operate
with Mr. Roberts in this most
worthy undertaking and come to

his assistance in every way pos-
sible and that sufficient subscrip-
tions will be made to insure this
man his salary for a sufficient
time anyway for the putting of
the cemetery grounds in excel-
lent condition. We heartily com-
mend Mr. Roberts for the in-
terest he has shown in the mat-
ter, and assure him of this pa-
per's support, financially and
otherwise, and we believe every
citizen of Eagle Lake will do the
same thing.

Children are much more likely
to contract the contagious diseases when
they have colds. Whooping cough,
diphtheria, scarlet fever and consump-
tion are diseases that are often con-
tracted when the child has a cold.
That is why all medical authorities
say beware of colds. For the quick
cure of colds you will find nothing
better than Chamberlain's Cough
Remedy. It can always be depended
upon and is pleasant and safe to take.

Cough, Cold Sore Throat

Sloan's Liniment gives
quick relief for cough, cold,
hoarseness, sore throat,
croup, asthma, hay fever
and bronchitis.

HERE'S PROOF.
Mr. Albert W. Price, of Paducah,
Ky., writes: "We use Sloan's Lin-
iment in the family and find it an
excellent relief for colds and hay fever
attacks. It stops coughing and sneez-
ing almost instantly."

SLOAN'S LINIMENT

RELIEVED SORE THROAT.
Mrs. L. Brewer, of Modesto, Pa.,
writes: "I bought one bottle of your
Liniment and held it in my mouth
for a few minutes. My throat was very sore,
and it cured me of my trouble."

GOOD FOR COLD AND CROUP.
Mr. W. H. Strawn, of Elmwood
Avenue, Chicago, Ill., writes: "A lit-
tle boy next door had croup. I gave
him Sloan's Liniment and he was
cured
