Men of Eagle Lake.

Let me beg you not to mortgage your children, which you will surely do, if you vote for the public roads soon to be presented by your oppressors and some innocent, misinformed people. I know that the opposition will try to discredit me personally so as to kill the effect of the reason I offer you. I am of no consequence to you, but your public and private debts of the future and the welfare of the family is. Do not, I pray you, be misled against your own interest on account of any individual.

As your public debts increase it will make it harder for you to pay your private debts and the poorer you are the harder still it will be for you to live. A part of the public debt is yours to pay.

Look at the definition of the word "Bond" in any dictionary and ask your intelligent self if you favor such a condition for your community and for your family. The only difference be-

tween a bond and a mortgage is the mortgage takes the chattels, the live stock, and the bond takes you and family.

I know you want good roads and you should have them, but there is a better way. Direct taxation and non-interest bearing bonds will save you thousands of dollars in interest for yourself and family, keep you out of debt and give you good roads. The trust organized money lending people do not like this and they dislike any one bitterly who does not.

I live in this county and feel an interest in it, and the capturing of your precinct is an effort to divide and conquer until the whole county is in bondage; peoned like Mexico. The borrower is servant to the lender, is a scriptural injunction that the loan sharks know and want.

The interest on your bonded indebtedness will last for genera-

poor and be greater than your broken wagons, the value of your team and delayed travel. The specious plea your tyrants offer you for your slavery. They, your oppressors, have time, money and power to scheme and subdue you; you have little or either for defense and they know that your poverty will make you better slaves and give them more luxury, pleasure and power.

This is the third time they have wanted to offer you the yoke of bondage, which a vote for bonds mean, and it will not be their last, for they are organized to enslave you and they have to back the idle millions of money and a sufficient number of idle men to use continuous efforts at your subjugation. They want interest more than roads, for they always connect a necessity of the people with a plan for their subjugation, and you can seldom get an article in the interest of the people in the kept press.

Look for the word "Bond" in your dictionary and a true fatherly spirit look your child squarely in the eyes before you bind them for life to an oligarchy of concentrated wealth—the trust interest. The accumulated interest alone would build your roads.

MRS. WM. ARCHER

Tells Mothers What To Do For Delicate Children.

"My fourteen-year-old daughter was very thin and delicate. She had a bad cough so that I became very much alarmed about her health. She was nervous and did not sleep well, had very little appetite and doctors did not help her. Having heard so much about Vinol, I decided to give it a trial. It has helped her wonderfully. She can sleep all night now without coughing once. In fact, her cough is gone. Her appetite is greatly improved and she has gained in weight. Vinol is a wonderful medicine, and I will always keep it in the house. I wish every mother knew what Vinol will do for delicate children." Mrs. Wm. Archer, 223 Broadway, Long Branch, N. J.

This delicious cod liver and iron preparation without oil is a wonderful body-builder and strength-giver for both young and old. We promise to give back your money in every such case where Vinol does not benefit. This shows our faith in Vinol.
