

NONE SUCH MINCE MEAT

A certain housewife, famed for her cooking, found no trouble in selling her home-made mince meat pies at 25c a pie. But she lost money. The pies you can make with None Such Mince Meat are every bit as good as hers and require only a small fraction of the time and work and cost about one-half as much. Why not make one or two today?

The Headlight is relative to small boys breaking some of the windows in the Christian church building with air guns. Most any day small boys can be seen in almost any of the streets shooting their air guns in all directions. This calls to mind: Is there no law to prevent this reckless shooting of air guns all over the town? And while we are on this subject, complaint has also been made to this paper about the smaller boys damaging the trees that have been set out every time they pass. Especially has this nuisance been prevalent along the streets leading to and from the school building. Parents should speak to their children about these matters, as there is a great deal of complaining being done on both subjects, and some of the boys who persist in doing these things are liable to get into trouble, and then some parents are going to think their "angel" boys have been terribly imposed upon.

All officers and members of the society are especially requested to be present and all ladies of the church are invited to attend. This is an important business meeting. The annual session of the Woman's Missionary Society of the West Texas Conference will meet in Austin April 25-29.

Our desire is that our auxiliary will reach the standard of excellence for the honor roll in our report.

The desire to place our Conference as a banner conference at the annual meeting of the Woman's Missionary Council, which will be held at Birmingham, Ala., April 9-16; makes it important that we fail not to come up to every requirement as officers and members of our Auxiliary to the Woman's Missionary Society. Masons to Meet at Dixie Theatre

On next Tuesday night, the Dixie Theatre will entertain the Masonic fraternity, their families and any who are dependent upon them for support free of charge. There will be special pictures for the occasion, special songs by the Masons and their wives and daughters. It is not the desire of the management for any one to consider the free show an inducement, but let's all join together to make the meeting a success in every way. We would like to see every Mason and their families present on this occasion, and not allow a little bad weather to keep us at home, for we will assure you the house will be made comfortable in every way, and the management will endeavor to have present for the occasion, Judge Marshall of Columbus, Grand Master of the State of Texas, to give us a talk that will be suitable for the occasion. Important Notice.

The HEADLIGHT has this week sent out notices to all who are behind on subscription. The law requires that all these accounts be collected at once or we cannot send the paper to those who are in arrears. We are compelled to make an affidavit to the third assistant postmaster general on this subject, so we request that all who have received these statements and want the paper further to make remittances before the next issue of this paper. All names who have not remitted by that time will be dropped from our mailing list. This is not our way of doing business, but it is the government's way and must be complied with, for we expect to take no chances with the government just because a few are tardy in remitting. If you want the paper, renew before next issue. This is our final and last call.

Miss Mary Middleton was on the sick list the first of the week.
