The San Antonio Express last week issued its annual industrial edition, which contained one hundred and forty-four pages, filled with half-tone cuts and interesting industrial news of the entire southwest portion of the State. A person looking over an edition of this magnitude can

scarcely conceive the amount of work required to produce it. It would take the average reader one solid week to read through hurriedly at that, the edition. When it comes to newspaper enterprise in Texas, the old reliable Express usually sets a pace for others to follow. The indus-

trial edition of the Express was just about as much as a man could carry comfortably under his arm. It was some paper, and probably the largest that has ever been issued in Texas.

Mr. J. W. Walker was over from Altair on business Tuesday.

The special industrial edition of the Colorado Citizen of yesterday is a dandy. The paper is sixteen pages filled with interesting reading matter concerning Colorado county and cuts of the various business industries of the county. The edition was gotten up by Mr. J. A. Jones, an able special edition and newspaper man. Unlike some special edition men we have known, Mr. Jones is quiet and retiring, but thoroughly understands his business and goes about it in a business-like way. The Citizen printed a large number of extra copies of this edition which will be mailed to all sections of the country telling of the wonderful resources of old Colorado county. The edition contains a page devoted to Eagle Lake, a page to Rock Island, one to Garwood and one to Weimar.

The Stafford will case is set for hearing in the courts at San Antonio next Monday. This is the case where Mr. R. W. Walker et al are suing for an annulment of the will of the late Mrs. Stafford of San Antonio. Mr. and Mrs. R. E. Walker, Mr. and Mrs. W. D. Walker, Mr. and Mrs. R. S. Simmons and Miss Bell Zouckes will leave Sunday for San Antonio to be present at the trial. Mrs. Chas. White of Brady, formerly Miss Myra Walker of this city, will join them in San Antonio.

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all druggists. -Adv.

Mr. George Herder, Jr., was here from Weimar Wednesday en route in his Overland for a business visit to Bonus.

Mr. T. J. Balhorn was a visitor to Columbus yesterday.

In this issue will be found printed two new ordinances just adopted by the city council of Eagle Lake. One is an ordinance making it against the law to spit upon the sidewalks of the city or on the floors or walls of any of the public buildings. The other makes it against the laws of the city to ride a bicycle etc., on the sidewalks or to skate with roller skates on the sidewalks. Both are first-class laws. People should not spit all over the floors of any building or upon the sidewalks without having to be made hot to, and the riding of bicycles and skating on the sidewalks reached that point that in many parts of the city pedestrians had to take to the middle of the road.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by all druggists. -Adv.

Read The Headlight, Only \$1.50

Pressing Engagements however urgent do not prevent us from doing the finest work in cleaning and pressing ladies' and gentlemen's clothing.

Special attention given to ladies' gowns, coats and gloves. We give quick service and guarantee satisfaction. We call for and deliver.

J. W. Schneider, Eagle Lake, Texas.

All next week we will place on sale a big lot of ladies' high grade white canvas slippers at

98c per Pair

B.H.DAILY

The Quality Store

NOTICE—Owing to the fact that so many people send to our office on Friday evening for a paper before they have been mailed in the postoffice, we often run short of papers in making up our regular mail. For this

reason no papers will be sold or given out from the Headlight office on Friday evening until after the entire edition has been mailed in the postoffice. The Headlight will be placed on sale every Friday evening at least

thirty minutes before they are mailed in the postoffice, at Calvert's drug store.

FOR SALE—A good gentle milk cow, splendid milker. For particulars see J. C. WESTMORELAND.

The Memory of Fish
It has long been an open question whether fish are capable of associating ideas after the manner of some of the higher animals. Oxner has recently given to the Paris Academy of Sciences material that may throw light on the subject. Edinger denied that fish were able to associate ideas, since they allowed themselves to be hooked repeatedly; Oxner, also, made observations from this standpoint. He drew up the same fish from a pond in an aquarium again and again, day after day; but he thought this did no prove anything—that the fish could not distinguish it from its ordinary, unbaited, food. In another series of experiments he also hid the hook, but put on the cord a little square paper about five centimeters from the bait. In each pond in which the fish were different kinds of fish, most of them recently caught with the net. For several days the fish rejected the bait, and it was not until the square paper that they bit. Oxner, after unhooking those caught, put them back into the water. Three days after they again bit the bait, were caught, and returned to the water, but after this had gone on some days longer, the sign of the paper on the cord began to take effect. Then the paper was taken off, and the fish bit the bait as before. On the paper being replaced, the fish were chary for a considerable number of days, even if very hungry. On the fourth day, the paper was replaced, and the fish gnawed about it without actually biting into it. This continued for quite some time. The experiment was repeated many times with vari-

ous kinds of fish, always with the same results. Oxner concluded, therefore, that there is some association of ideas between the pain produced by the hooking and the paper on the cord; so much so that the fish rejected food when the sign of danger appeared—preferring the pangs of hunger to the risk of being caught. —Harper's Weekly.

Mr. H. F. Clifford has rented the McCarty building formerly occupied by the Gem Restaurant and will reopen the restaurant in the same building. Mr. Clifford went to Houston Wednesday afternoon to secure some first-class restaurant help and in a few days will be open for business in the new building. He is a number one restaurant man and we believe he will make a success of the restaurant business.

A large 17 oz. Hoffman House goblet only 65c a set at Eagle Lake Racket Store.

Presiding Elder V. A. Gogby delivered a splendid sermon at the 10:30 A.M. church service morning. The sermon was especially beneficial to church members showing them the necessity of giving to church work in a more substantial way. Mr. Gogby is a fine talker and a very interesting and instructive speaker. Miss Lucie Mae Tom of Runge sang beautifully a solo at the morning service.

Mr. and Mrs. Lorin Abbe were visitors to San Antonio this week.

Car Load of Cow Peas
We offer 400 bushels of strict Fancy Whippervill peas at \$2.00 per bushel. Car to arrive Monday, May 26th.

Faber Mercantile Co., Eldridge, Texas.
