To Present Mr. Woodward With
Buggy and Horse.

There's not a man in the whole
community who does so much for
it in visiting and administer-
ing to the sick, the needy and
those in distress than Mr. Chas.
Woodward. Many are the times
he has to walk far out into the
country in the baking hot sun on
these missions of goodness. With
a buggy and horse to carry on
this work, he can do it so much
more successfully. It has been
suggested to the Headlight by
one of the good women of Eagle
Lake that the paper start a free
will subscription list to a horse
and buggy fund for Mr. Wood-
ward, that same may be present-
ed to him as his own personal
property, that he may continue
to carry on his charitable work,
and as a gift from the community
for which he does so much good
work, and as a token of our ap-
preciation for his services to the
whole community. It is far bet-
ter to show him, in this manner,
now while he lives that we ap-
preciate the work he is doing,
than to wait until after he has
crossed over the river of Death
and then say, "Charlie Wood-
ward was a good man and did a

good work in this community."
By your subscription to this
fund, let's tell him now. There
will be no subscription list cir-
culated. If you do not think Mr.
Woodward's services along the
lines stated above are worthy of
a donation from you to this fund,
all right and good. If you do
think his services are worthy of
a donation to a horse and buggy
fund, that the sick and needy of
the community may be properly
looked after and attended to,
then mail your check for what-
ever amount you wish to give to
Mrs. J. S. Bruce or to the Head-
light. All amounts donated, and
the names of the donors will be
properly printed in this paper.

Mr. Light Roberts of Orange
is spending a few days in the
city on business.

Mr. J. E. Roberts is arranging
to build a new home on the former
J. T. McCarty lots on State

street. The plans for the new
home have about been decided
upon and the new Roberts home
will be the finest in the county.
Mr. Roberts recently sold his
former home on State Street to
Mr. Horace McKee.

Mrs. J. W. McCarty is having
an iron fence erected in front of
her home place, from Bruce Mc-
Carty's corner to the Christian
church. As soon as the fence is
completed work will be begun on
a cement side walk along the
same distance.

Miss Nannie Jennings, domes-
tic science teacher in the Eagle
Lake High School, left Tuesday
morning for her home in Marti-
dale.

Most Children Have Worms

Many mothers think their children
are suffering from indigestion, head-
ache, nervousness, weakness, costive-
ness, when they are victims of that
most common of all children's ail-
ments—worms. Pevish, ill-tempered,
fretful children, who toss and grind
their teeth, with bad breath and col-
icky pains, have all the symptoms of
having worms, and should be given
Kickapoo Worm Killer, which expels
worms, regulates the bowels, tones
up the system, and makes children
well and happy. Kickapoo Worm
Killer is guaranteed. All druggists,
or by mail. Price 25 cents. Kickapoo

VASELINE A CURE FOR DEADLY CONSUMPTION

San Angelo Physician Says Use
Vaseline for the Great White
Plague.

Dr. Stanley Sevier Warren, the
San Angelo physician who main-
tains that phenol-petrolatum or
common commercial vaseline is a powerful therapeutic
agent in the treatment of pulmo-
nary tuberculosis, issued the fol-
lowing statement to the pub-
lic:

"In view of the numerous in-
quiries I am receiving from the
general public and the medical
profession I desire to say the following:
"First, it is not necessary to
come here for treatment. Any
competent physician can admin-
ister the treatment and the pa-
tients should place themselves
under the family physician's care."
"Second, the cure is not mirac-
ulous, and it takes several

months to get an arrestation of
the disease so that nature can re-
store tissues and physiological
functions to their normal condi-
tions. The disease known as
phthisis is a chronic one and is
the result of months and, in many
instances, years, of a wasting
disease process. A remedy can
check this condition, but nature
alone can reproduce a healthy
structure.

"I desire especially to caution
patients not to attempt to use the
treatment hypodermatically, but
I do suggest and advise them to
begin the inunctions immedi-
ately because while this is a slow
mode of treatment yet it is of
great benefit, and the manner in
which I have for some time treated
my patients, and even now I
use it a great deal in conjunction
with the hypodermic treatment.
This will be a great aid to the
physician who can begin the
treatment as soon as he can ob-
tain the solution for hypodermat-
ic treatment.

"Anyone can procure for a
small sum at any pharmacy a
vial of rich yellow vaseline contain-
ing from one and one-half to two
per cent of carbolic acid which is suf-
ficient for three or four treat-
ments. It should be gently rub-
bed over the front, back and
sides of the chest daily, at that
time of day when the tempera-
ture is highest.

"Let me caution tubercular
patients and indeed beg of them
not to relax from the sanitary
and hygienic precautions under
which they are living. This they
owe to themselves, their families
and the general public.

"Discontinue any nostrum or
patent medicine that one might
be taking. Do not be misled by
any quack advertisements—num-
bers of whom will soon come out
with the statement that they are
familiar with the statement or
perhaps that I have given them
especial instructions.

"Stick to honest, earnest, med-
ical men who are well known to
you and to the community. They
will give both you and me fair
treatment, and will not hesitate
to tell you within a reasonable
time whether they find it of any
value."

When your child has whooping
cough be careful to keep the cough
tissue and expectoration easy by giv-
ing Chamberlain's Cough Remedy as
may be required. This remedy will
also liquify the tongue mucus and
make it easier to expectorate. It has
been used successfully in many epi-
demics and is safe and sure. For sale
by all dealers.—Adv.

Jackass Statistics.

In the spring of 1910 the
enumerators of the Federal Cen-
sus Department visited every
farm house in Colorado County
and made inquiries pertaining to
the various phases of our agricul-
ture. The result of the canvases
have just been published and
reveal some unique, as interest-
ing, information. According to
the reports there are 70 jackasses
on the farms and ranges of this
county and their total valuation
is given at \$5,982.

The jackass population of Tex-
as is 20,408, which have a total
value of \$1,720,074. Only two
farms out of one hundred re-
ported jackasses at the last cen-
sus and the total number of Tex-
as farms reporting was 8,151.
The average value per head is
\$84.28 or \$12.47 more than that
of the Texas horse.—Commercial

"Cured"

Mrs. Jay McGee, of Steph-
enville, Texas, writes: "For
nine (9) years, I suffered with
womanly trouble. I had ter-
rible headaches, and pains in
my back, etc. It seemed as if
I would die, I suffered so. At
last, I decided to try Cardui,
the woman's tonic, and it
helped me right away. The
full treatment not only helped
me, but it cured me."

TAKE

Cardui

The Woman's Tonic

Cardui helps women in time
of greatest need, because it
contains ingredients which act
specifically, yet gently, on the
weakened womanly organs.
So, if you feel discouraged,
blue, out-of-sorts, unable to
do your household work, on
account of your condition, stop
worrying and give Cardui a
trial. It has helped thousands
of women—why not you?

Larger Families and Happier Fam- ilies.

The average size of a Texas
family is 4.9 compared with 5.4
ten years ago. The average fam-
ily in Colorado County contains
4.9 persons and we have 4,078 fam-
ilies residing in this county ac-
cording to a census report which
has just been issued. The fam-
ilies in Colorado County are
smaller than the state's average
size and it is up to us to keep up
our end. Let us have larger
families and happier families.

The Texas story has lost its
reputation. Uncle Sam has given
it the blue ribbon for the past
quarter of a century and now
places it third on the list of
states. We have lost on an
average of one person to two
families during the past decade.
