Card from Mr. Woodward

To the Editor:
The Headlight has been so kind, in using its columns in my behalf that it is my duty, as well as privilege, to include it as one of my best friends among so many others who contributed to the "horse and buggy fund," all of whom I now desire to thank for their generous kindness.

I desire to express my gratitude, especially to the Headlight, for following the suggestion of one of our good women of Eagle Lake in starting the fund. I also appreciate the kindness of those who took special interest in the matter. It is impossible for me to thank every one personally or by letter, so I must content myself with this means of expressing my gratitude and appreciation of the kindness the people of Eagle Lake have shown me.

By their thoughtful act they show they appreciate me as a member of the community, which shows I have not lived for naught. Their act also gives me encouragement to press onward in God's work. Secondly, they show they appreciate my work in following the Scriptural injunction: "As often as you have done it to the least of these, my brethren, you have done it unto me." Thirdly, the gift shows that they see the necessity of the work, and last, but not least, it shows the people of Eagle Lake are behind me in the work I am trying to perform, and it gives me comfort to know there are so many assisting me.

"A friend in need is a friend indeed"—but the many friends I have here I would rather have than great worldly wealth. "Give to the world the best and the best will be returned." I have given my best but often thought it insufficient and inadequate to the task, but what I have done I am proud to know was so well appreciated.

You have given me a rose now. This is a favorite motto of mine, to "give a rose to the living"—that they may enjoy its fragrance. May the blessings of God rest and abide with you all, now and forever is my prayer.
Respectfully,
C. E. WOODWARD.

To Whom It May Concern:
We the undersigned, after having examined the water rate sheets of several other towns of our size and larger, find that the rates as charged by the Eagle Lake Water & Light Co., of one dollar for the first two thousand gallons, and twenty-five cents for each one thousand in excess of the minimum, is lower than any of the rate sheets examined by us, including the following towns, Cameron, Taylor, Temple, El Campo, Corpus Christi, and Bay City.

Signed: H. E. Carey, Wm. W. McCormick, E. W. Hanly, W. E. Wilson, E. L. Mooney, Mont. G. Calvert, W. A. Moore, W. E. Lenthart, M. E. Gynn.

Suggestions for Water Consumers:
When a meter is installed, examine your pipes, faucets, etc., for leaks; one leaky faucet will waste enough water for household uses in a month's time.

Never leave a faucet either in the yard or house running, forgetfulness is expensive.

Do not allow children or others to willfully waste water.

Give your servants positive instructions in regard to these matters.

If you sprinkle or irrigate, bear in mind that it costs this company money to pump water and maintain its lines, and that it should receive pay for water in proportion as it is used. To those who use water economically, the meter will be a saving proposition. If you sprinkle or irrigate you must expect your water rent to be higher in proportion. It is practically impossible for a water meter to register more than the amount used, and our meter readings are subject to your investigation.
