HARVEY MUST CHANGE HIS BILL OF FARE

Mr. Harvey Vineyard, that prince of good fellows, was in the city from his farm at Eldridge yesterday and invited the Herald light editor down to see him. Well, it has been some time since we have been down to see Harvey. The last time we went down there it was with Dr. Fitzgerald and we struck Harvey's just about dinner time. He didn't have a thing in the world to eat except corn bread, "chitterling" and black coffee, all of which appeared to the doctor. But we can't go any of them, so if Harvey really wants us to come down to see him he will have to agree to change his menu card.

COUNCIL WILL FORCE AUTOISTS TO OBEY LAW.

Deputy City Marshal Howard Shortt was after a number of autoists last night who were running their cars without lights, but the autos out ran him and he was unable to determine exactly who were driving the cars. The mayor and city council have determined to make the autoists run with lights after sun-down—the law does not say after dark, but from sunset to sunrise—and the mayor and some of the aldermen were discussing last night's episode in the mayor's office this morning when the Headlight reporter dropped in. "We are going to arrange with some of the motorcycleists," said the mayor, "to overtake autoists without lights, for we are going to break it up and the owners of cars might as well obey the laws right now. That isn't all," he continued, "they will have to run their cars not to exceed the speed limit, and they are going to have to show up and look for their corners. If they don't do it, we are going to instruct the officers to arrest them."

AN ARREST FOR RUNNING AUTO WITHOUT LIGHTS.

Deputy City Marshal Howard Shortt arrested John Wright Westmoreland for running his automobile Monday night without lights. Mr. Westmoreland pleaded guilty to the charge and was fined \$18.20. John says it would have been cheaper to have invested in a nickel box of matches, and says he expects to do so in the future as the meter rate for illumination of the moon without headlights on his car, as stipulated by the city council, is a trifle high.

HEALTHY LIVER MAKES BEAUTY

Famous Actress Finds that a Good Healthy Liver is Necessary to Looks and Youthfulness

One of the best known women of the American stage is writing a series of articles on the preservation of beauty. She attaches great importance to keeping the liver active at all times, and she is right. Neither good looks nor happiness will stay with any man or woman who lets the liver get lazy and sluggish.

It is not always safe to take calomel, the old liver remedy. Doctors agree that it is a very uncertain drug. But Calvert's drug store has a remedy that they guarantee to take the place of calomel absolutely, and still be harmless, causing no restriction of habit or diet. This remedy is Dodson's Liver Tonic.

Dodson's Liver Tonic is a pleasant-tasting vegetable liquid, but it starts the liver gently and surely and relieves constipation and biliousness so promptly that it has become a dependable remedy in thousands of homes in the United States. There are scores of families in this vicinity who will not be without it in the house and who would not think of starting on a trip without a bottle of it.

Mr. Calvert has sold so much Dodson's Liver Tonic that they are convinced of its merit and will give any person his 50 cents back, who buys a bottle and does not find that it takes the place of calomel to perfection.—Adv.
