Albert Taylor and company will be the attraction at Frazar's opera house tonight in "Our Attorney," a laugh from start to finish, and on tomorrow (Saturday) night, "The Game," will be presented by the same company. "The Game," like most of London's works, is a transcript from real life; it runs the gamut of human emotions, for it shows life as it is—not as it should be—and in so doing necessarily shows all phases, ignobles as well as noble. It is a queer mixture of comedy and pathos, laughter and tears—but so is life. In each of the three scenes there is a strong climax a little pathos, lots of love, and enough laughs to actually delay the progress of the play.

Ladies' Work A Specialty
Cleaning clothes is our hobby. Dirt is alright in the right place, but it is not in the right place when worn by women.

Cleanliness Is A Duty
and then, too, it is economical to keep one's clothes cleaned, pressed and repaired. They not only last longer, but they look better and greatly enhance the beauty of the wearer. Let us clean your clothes. Our prices are moderate.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. This is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Adv.
