The Kind Judge
A man had been convicted for stealing and was brought before Judge Perkins. The Judge was noted for his kind heart and his light sentences.

"Have you ever been sentenced to imprisonment before?" asked the Judge, not unkindly.

Who reads of this paper will be pleased to learn that there is at least one broad disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: J. C. HENNEY & CO., Toledo, Ohio. Sold by all Druggists. Be careful. Take Hall's Family Pills for constipation.

Have you made any improvements yet about your shade trees or rose bushes? Do not wait too late in the spring to set out your trees. Right now is the best time, for the roots will grow all the winter, and in the spring when the trees leaf out, your trees planted now will have a good start in growth, and will go through a long, hot dry summer much easier than they would had they been planted later in the spring. Plant trees now.

Honor Among Husbands.

It was their first separation, and he promised faithfully, when he started in the morning on a twenty-mile automobile trip to another town, that he would return in time for dinner at seven o'clock.

But seven o'clock found him still absent, and the clock kept steadily on until the hour of ten was registered, and still no husband.

At last the now frantic bride sent telegrams to five of his friends living in towns that he might pass through, asking: "Is John spending the night with you?"

The husband reached home at midnight with a broken automobile trailing behind the wagon that had brought him home.

A few minutes later, one after another, the answers to the five telegrams arrived. Each one said: Yes, John is spending the night with me."

The wife of the late husband passed by.

Course He Wasn't.
A seven-year-old colored boy was before Judge Taylor in juvenile court not long ago for shooting at his playmate with a rifle. As is customary in all such cases the attorney in questioning the boy asked:

"You were in the state of Indiana, Marion county when this happened, were you not?"

The little fellow studied a minute and then answered:

"No, sah. Ah was on th' front porch."

A train slowed up at a busy country station, and a man was seen to put his head excitedly out of the window of a third-class carriage.

"There's a woman in here fainting!" he cried. "Has anyone got any brandy of whisky?"

Someone in the crowd on the platform handed him a bottle. He uncorked it frantically, put it to his lips, and took a noble pull.

"Ah," he sighed, "that's better. It always did upset me to see a woman faint."

Says an exchange: One of our farmers went into his cow stable the other night and by mistake mixed her up a nice mash in a bag full of sawdust instead of bran. The cow merely supposing that the hard times had come and they were all going to economize, meekly ate her supper and the man never discovered his mistake, until the next morning when he milked the cow and she let down a half gallon of turpentine; a quart of shoe pegs and a bundle of lath.

Now, while business is dull, is the very time a business man should advertise. Cutting out advertising to reduce expenses is mighty poor business policy. You can better afford to get out advertising when trade is good. Now is when you need your advertising most. Reduce your expenses in other ways, but this is surely a time when you need to keep your advertising before the public. Give this matter a little reasoning, and if you are a real business man, you'll see the necessity of an energetic advertising campaign just at this time.

Stomach Trouble Cured.
If you have any stomach trouble, you should take Chamberlain's Tablets. Mr. J. C. Kline of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Tablets more beneficial than any other remedy I ever used." For sale by all dealers. -Adv.

Mrs. J. J. Mansfield came down from Columbus Sunday afternoon for a visit to Dr. and Mrs. Bruce, and other relatives.

Mrs. J. P. Anderson of Wharton spent last week here with relatives and friends.

The Random Shot.
'This is swiped from an exchange that swiped it from some other exchange. Anyway, it is clever enough to reproduce: I shot an arrow into the air; it fell in the distance, I know not where, till a neighbor said it killed his calf, and I had to pay him six and a half.

Bought some poison to kill the rats, and a neighbor said it killed his cats; and rather than argue across the fence, I paid four dollars and fifty cents.

One night I set sailing a toy balloon, and hoped it would soar till it reached the moon, but the wind blew it out of a farmer's window, and he paid me for it.
