SUNDAY JANUARY 25TH IS GO-TO-CHURCH DAY

Religious People Making Effort to Get Every Person in Town to Attend Church This Day.

The church people and pastors of the city are making a strong effort to make "Everybody-Go-To-Church-Day, in Eagle Lake, Sunday, January 25th, a big success, and a day long to be remembered by the church people of the city. Every man, woman and child in Eagle Lake is urged to attend some church in Eagle Lake on this Sunday. They want you to come on this special Sunday, whether you ever come again, or never attended before or not. The town of Eagle Lake is certainly behind in church attendance, and when people become negligent on church going, the town eventually becomes a drag town. There is no denying this fact. Take the rich black land belt of Texas, considered the most prosperous section of this great state, and every Sunday the church buildings of that section are crowded. When you find a community of church-going people, you will find a community that is prosperous in all other ways. People in Eagle Lake should get in the habit of going to church. The church

is the only place where we can find anything else in the town. Then the people who live here should at least interest themselves enough in that very institution that is building up the country more than any other factor in it, by attending its meetings on Sundays. The object of "Everybody-Go-To-Church-Day" is to get the people of the town to attend some religious service on this one Sunday in the year, whether they attend another Sunday or not. Many people who are not in the habit of attending any church have given their promise that they will be in some house of worship in the city on "Everybody-Go-To-Church-Day". If you are not there, your absence will be noted and regretted by the church people of the town. Every church in the town is endeavoring to have a full attendance of this day, and any church in the city will welcome you on this day, or any other Sunday. On Sunday, January 25th, make an effort to attend some one of the churches.

ANOTHER CANDIDATE IN MAYORALTY RACE

Attorney W. M. Williamson is a Candidate For Mayor's Office; Announces Candidacy.

In our announcement column today will be found the name of Attorney W. M. Williamson, as a candidate for the office of Mayor of Eagle Lake, subject to the action of the white man's party. Mr. Williamson is a fine lawyer, he is familiar with city governmental affairs and will make the city a fine mayor, if elected. Mr. Williamson says his platform, is "a government for all the people." He says another important plank in his platform will be the printing of a quarterly city financial report, so that the people who pay the taxes may know how the money is being expended. Being an able lawyer, Mr. Williamson is qualified to well fill the office to which he aspires, and if elected he promises a fair and impartial city administration, with equal rights to all; special privileges to none. He has formerly held the office of city attorney, and made the city a fine prosecuting attorney. During his period as such officer, he was enabled to get a line on the city's governmental affairs and is in a position to know the city's needs. He promises to use his effort to further the building up and improving the city in every manner possible. "Progressiveness," he says, will be his campaign slogan, though never at any time leaving those conservative policies—those sound, fundamental building blocks only on which any city government should be built, thus keeping down high taxes, and an exorbitant tax rate. Mr. Williamson says if he is elected mayor of Eagle Lake, it will be his policy to make his term of office one of the most progressive in the way of city improvements that the town has ever had. To this end, and for a Greater Eagle Lake, he asks your vote and your influence in his candidacy.

Go to the church that you want to go to, and as a suggestion, if you have no particular choice of church to attend, then go to one church for the morning service and a different church for the evening service.

TAXPAYERS TICKET OUT FOR MUNICIPAL OFFICES

Ticket, Known as Tax Payers' Ticket, For Mayor and Two Aldermen Placed in Field.

With the putting into the political field the Tax Payers' Ticket, composed of some of the strongest and most prominent men in the town, puts a different light on the municipal political situation. With this ticket there are now three candidates in the race for mayor, W. S. Strickland on the Tax Payers' Ticket, and E. L. Mooney and W. M. Williamson. The race will be a "free for all" and it is not going to be any one man's race until every ballot is counted. With the two candidates for aldermen on the Tax Payers' Ticket, John Matthews and W. A. Dallas, there are three candidates, H. E. Carey having previously announced, and but two offices to be filled. The Tax Payers' Ticket has a full ticket in the field with the exception of a candidate for marshal the election of either Mr. Strickland or Mr. Carey, no doubt being acceptable to the citizens being behind this ticket.

From the names noted above running for municipal offices on the Tax Payers' Ticket one will see at a glance that this ticket is an exceptionally strong one. Mr. W. S. Strickland, candidate for mayor, is so well known to the people of Eagle Lake, that he hardly needs comment at this time. For many years he was mayor of this city, up until two years ago, when he did not offer for re-election again. He is a lawyer of ability and with many years of experience. At the request of many staunch friends who have been endeavoring to get him to allow his name to go before the people again for the highest office within the gift of the people of our city, he has consented to again become a candidate for mayor, and if he is elected he will pursue the same lines of governmental affairs that he did in the past. He will base his administration on the building up and improving the city in every way possible, but in a manner that will not work hardships on the tax payers—the very backbone of the community—and the people who invariably pay the freight.

Mr. John Matthews candidate for alderman on the Tax Payers' Ticket, is one of Colorado county's strongest men. With the exception of representing Colorado county in the legislature, Mr. Matthews has never been a candidate for office. He is now a candidate only at the solicitation of many friends. He is one of the largest tax payers and property owners in the county, and should be elected he will make the city an alderman that the town may well feel proud of. He is a enterprising, progressive citizen, but believes in a safe,
